Strategy for

New India@75

STRATEGY FOR NEW INDIA @ 75

MODULE - 13

13

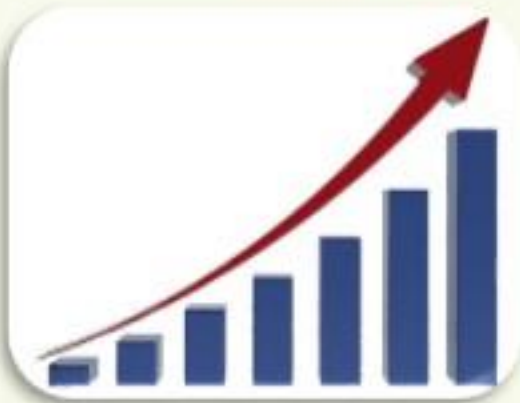

SURFACE TRANSPORT

OBJECTIVES

- Achieve Bharatmala Phase-I target by completing 24,800 km by 2021-22, including 2,000 km of coastal and port connectivity roads.
- Complete Phase I of Pradhan Mantri Gram Sadak Yojana.
- Double the length of National Highways to 2 lakh km by 2022-23 from the existing 1.22 lakh km.
- Reduce the road accidents and fatalities by 50% by 2020, because India is signatory to Brasilia Declaration.

PRESENT SCENARIO

- Road sector accounts for the largest share in the movement of both passengers and freight.
- The total number of registered vehicles in India increased from 58.9 million in 2001-02 to 182.4 million in 2012-13, and this is CAGR of almost 11%.
- In urban areas, increasing use of personal vehicular transport led to road congestion, longer journey times and higher levels of air and noise pollution.

13

SURFACE TRANSPORT

CONSTRAINTS

6 The average cost of land escalated from Rs. 0.80 Cr per hectare during 2012-13 to Rs. 3.20 Cr per hectare during 2017-18.

5 In 2013, India had an accident death rate of 19 for every 100,000 people, this is higher than Bangladesh @ 11.6, Mauritius @ 12.2 and Sri Lanka @ 13.7.

NATIONAL
HIGHWAYS
OVER CROWDED!

1 The existing NH is 1.22 lakh km, which is just 2.2% of total road network.

2 Existing NH with 4-lane and above NH standards is 27,658 km (23%).

3 National and State highways carry more than 65% of road traffic and national highways carry 40% of India's total road traffic.

4 Nearly 400 road-related deaths takes place daily.

13

SURFACE TRANSPORT

WAY FORWARD

7 Introduce vocational training courses on road construction in ITIs.

6 Ensure MORTHS Bhoomi Rashi web portal (to fully digitize and automate the entire process of land acquisition) to be integrated with the Ministry of Finance's PFMS, by March 2019.

5 Eliminate 789 black spots identified by the Ministry of Road Transport by March 2020.

भूमि राशि
Bhoomi RashiHOW TO COME
OUT OF THIS
CRISIS?

1 Complete Bharatmala Pariyojana Phase-I of 24,800 km by 2021-22.

2 Complete NorthEast related projects and Chardham Mahamarg Vikas Pariyojana.

3 A dedicated Metropolitan Urban Transport Authority in each city with a population of more than 1 million by 2022-23.

4 Earmark funds from Central Road and Infrastructure Fund for maintenance activities.

13

SURFACE TRANSPORT

WAY FORWARD

13 Identify and develop multi-modal logistics parks to ensure seamless movement of freight.

12 Urban mobility must move towards multi-modal solutions by ensuring seamless movement between different modes.

11 ETC should be interoperable across toll plazas on all national and state highways.

HOW TO COME OUT OF THIS CRISIS?

8

Develop new materials for construction.

9

Central Government should work with States to develop bus ports and provide support on technologies/software, such as VAHAN for vehicle registration and Saarthi for driving license.

10

Complete the setup of FASTag, which employs radio-frequency identification, for Electronic Toll Collection in all the lanes with the NHAI by March, 31.
