BIBLICAL TIMES

- Jewish history began about 4,000 years ago (c. 17th century BCE) with the patriarchs - Abraham, his son Isaac, and grandson Jacob.
- King David (c.1004-965 BCE) established his kingdom as a major power in the region by successful military expeditions, including the final defeat of the Philistines.
- David was succeeded by his son Solomon (c.965-930 BCE) who further strengthened the kingdom.

HISTORICAL PERSPECTIVE OF JEWS

- Historically, the ancient Jews from Biblical times called their land Israel, Canaan, Judea, Samaria, Galilee and other long-ago names.
- Even today, modern Jews, believe that in the days of the Bible and the Torah, God gave this land to the ancient Jews (also known as Hebrews), led by men such as Abraham, Moses, David, and others.
- Around 2,000 years ago, the Roman Empire ruled this area.
- It suppressed several Jewish rebellions.
- The Romans also destroyed the Jewish temple in the city of Jerusalem, killed large numbers of Jews, and forced many others to leave their homeland in an exodus, which is known as the Diaspora.

Hence, Jews spread across the world subsequently.

JUDAISM

- Judaism is the world's oldest Abrahamic religion.
- There are about 15 million followers who are called Jews.
- It is one of the oldest monotheistic religions, teaching the belief in one God.
- Both Christianity and Islam have similarities with Judaism.

THE SPREAD OF CHRISTIANITY

- Christianity was intent on replacing Judaism and it made its own particular message universal.
- The New Testament was seen as fulfilling the Old Testament (the Hebrew Bible).
- The God of justice had been replaced by the God of Love.

HOW THE RIVALRY BETWEEN CHRISTIANITY AND JEWS DEVELOPED?

- Christianity is rooted in the Jewish teachings of monotheism.
- Judaism and Christianity became rivals soon after Jesus was crucified.
- Religious rivalry was theological initially.
- It became political subsequently.
- The Roman destruction of the Temple of Jerusalem in the year 70 CE is considered to be the break between Judaism and Christianity.
- Subsequently, it resulted in the exile of Jews.
- Jews were depicted as killers of the Son of God.

WHAT IS ZIONISM?

- Zionism is Israel's national ideology.
- They believe Judaism is the nationality as well as the religion.
- There is also belief that Jews deserve their own state in their ancestral homeland, just like France for French people and China for Chinese people.
- Jews often trace their nationhood back to the biblical kingdoms of David and Solomon, circa 950 BC.

STATUS OF JEWS SUBSEQUENT TO FIRST CENTURY

Adolf Hitler

- 1 Because of rivalry between Christianity and Judaism, Jews were seen as alien people.
- 2 Christianity spread and most Jews continued to reject that religion in the first century to fourth century.
- 3 Subsequently, they were forced to the margins of European Society. In the later years they became traders, money lenders.
- 4 Most of them shifted to Germany, Turkey, Poland, Russia.

Religious animosity gave rise to anti-Semitism.

WHAT IS ANTI-SEMITISM?

- It is hostility, prejudice, or discrimination directed against Jews as a group.

- 4 It finally decided to eliminate all the Jews men, women and children from the human race. Subsequently, 6 million Jews were exterminated in various death camps.

ISRAEL-PALESTINE CONFLICT

RETURN TO ZION MOVEMENT

Theodor Herzl

- It all began in the late 19th century.

LET US LOOK AT THE HISTORY OF PRESENT DAY ISRAEL/ PALESTINE

- 1** As already stated, during the past 2,000 years most of the Jewish population were either killed or forced to leave.
- 2** Meanwhile, Arab speaking Muslims became the dominant ethnic group in this area.
- 3** Palestine came under Ottoman Empire for several centuries. In the year 1900, the population of Palestine was 6 lakh, out of which 94% were Arabs.
- 4** The movement called Zionism which began in late 1800s influenced many Jews from around the world to move to Palestine to reclaim their ancient homeland of Israel.
- 5** Palestine came under the British mandate since 1920. Prior to that Balfour Declaration was given by British in 1917, which facilitated settlement of Jews here.
- 6** The number of Jews has risen to a point by 1930s that alarmed many Palestinian Arab leaders. Great Arab Revolt took place against the British.

LET US LOOK AT THE HISTORY OF PRESENT DAY ISRAEL/ PALESTINE

Palestinian & Jewish Land 1946

UN Partition Plan 1947

- 7 The British put down the revolt with the help of Jewish militias and subsequently the hostility increased between Jews and Arabs.
- 8 As a consequence, Jews and Palestinians formed militias and other military units to fight each other.
- 9 The Arabs' opposition developed into the 1936–1939 Arab revolt in Palestine. The Jewish resistance developed into the Jewish insurgency in Palestine (1944–1947).

Ultimately it resulted in civil war in 1947.

LET US LOOK AT THE HISTORY OF PRESENT DAY ISRAEL/ PALESTINE

10

Subsequently, plan of partition by United Nations was announced on 29 November 1947, which planned to divide Palestine into three areas: **an Arab state, a Jewish state and the Special International Regime for the cities of Jerusalem and Bethlehem.**

11

On 15 May 1948 the ongoing civil war transformed into an inter-state conflict between Israel and the Arab states, following the Israeli Declaration of Independence the previous day.

12

Israel forces defeated the Palestinian militias and Arab armies. This turned 7 lakh Palestinian civilians into refugees.

SIX-DAY ARAB-ISRAELI WAR OF 1967

- 1 Six-day war between Israel and the neighbouring states of Egypt, Jordan & Syria took place from June 05-10 in 1967.
- 2 In the 6-day war, Israel captured the old city of Jerusalem and holy site of Western Wall. At the same time, it also captured Sinai Peninsula from Egypt.
- 3 It took over West Bank as well as most of the Golan Heights from Syria.

PRESENT SCENARIO

- *There are around 13 to 15 million Jewish people in the world.*
- *Mostly, reside in the USA and Israel.*

- 1 During June 1967, Israel annexed East Jerusalem and various parts of West Bank.
- 2 The move was never recognised by the international community.
- 3 West Bank is under the Israeli military control under the pretext of security.
- 4 Around 5 million Palestinians live in both West Bank and Gaza Strip.
- 5 The lives of Palestinians in West Bank are dictated by hundreds of military check posts, a colour coated permit system and a separation wall.

PRESENT SCENARIO

6 Gaza Strip was almost barricaded by the Israeli forces.

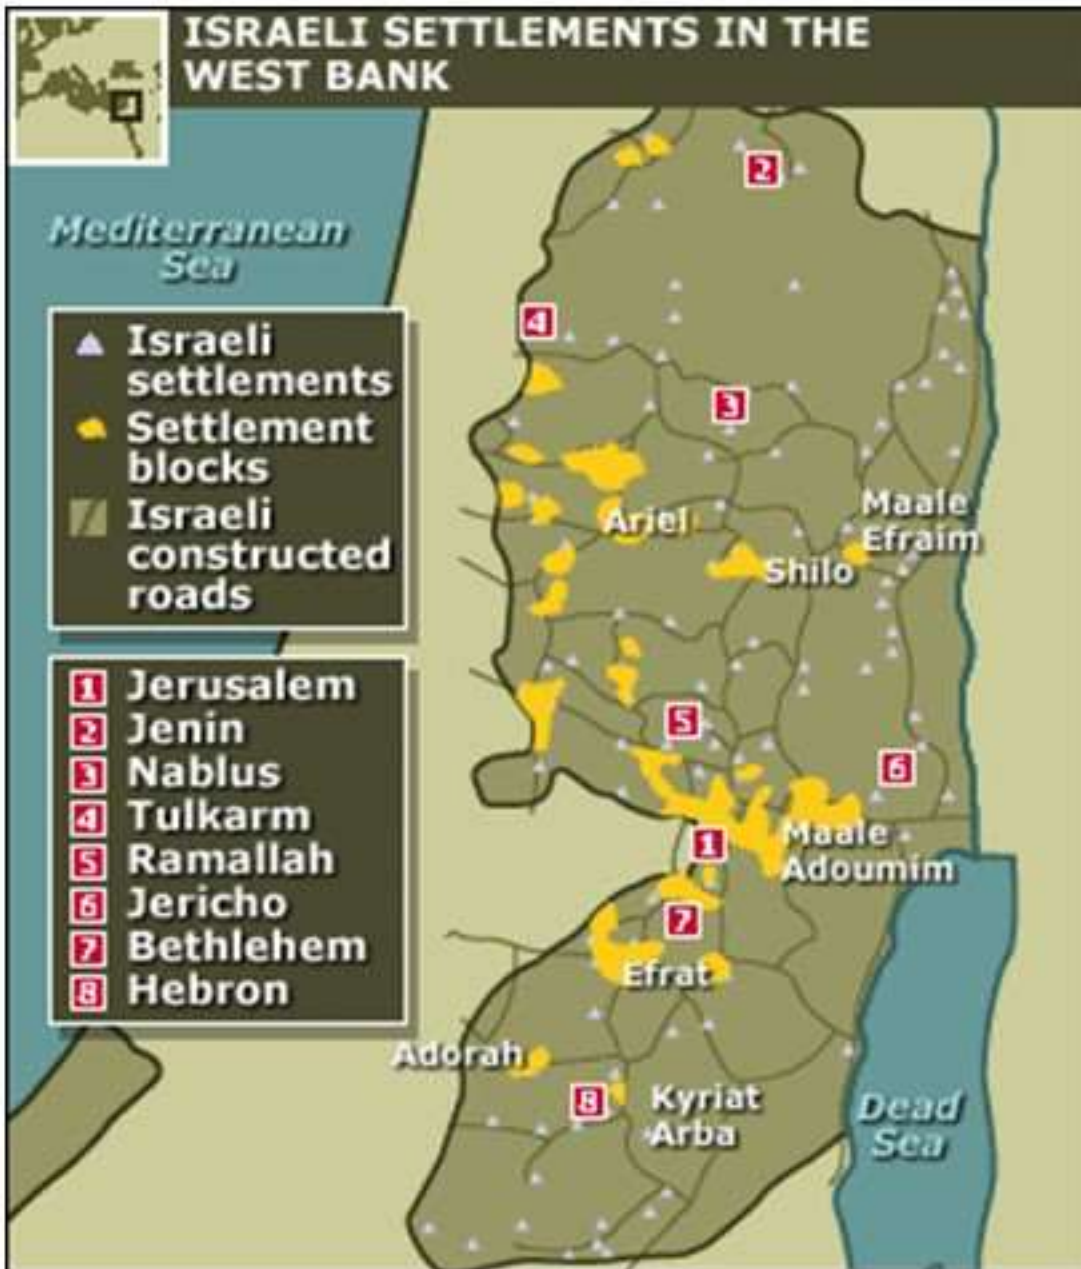

7 Israel has started building homes and transferring Jewish citizens into the West Bank and East Jerusalem.

8 At least, 6 lakh Israelis live in Jewish only settlements scattered across the West Bank and East Jerusalem.

9 Settlements are accompanied by roads and infrastructure built especially for the settlers, now control 40% of the West Bank's surface area.

10 There are several privileges given to Jews over non-Jews.

11 There are two separate systems for Israelis and Palestinians.

TWO-STATE SOLUTION

Two-State solution is recommended by the world community but, it is becoming increasingly difficult. The prime reason is there are several Jewish settlements in the Occupied Territories as well as East Jerusalem making the things much more complex. Whatever the reason, Israel is supported by the United States of America and solution appears to be much more difficult!
