2 The completed projects with India's support include

- Zaranj – Delaram Highway
- Restoration of Stor Palace

4 Pakistan (Wagah border) is the major hurdle for seamless transportation of goods from Afghanistan

6 Initially, Govt. policy was to supply Non-lethal weapons to Afghanistan but recently in 2015, Govt. has given 3 multi role Cheetal Helicopters and 3 Mi 25 Attack Helicopters

INDIA – AFGHANISTAN ... DURING THE PAST 5 YEARS

- 1 Ashraf Ghani became President in September 2014
- 2 He tilted towards Pakistan and the relations with India strained during the past 2 years
- 3 Hectic diplomacy started in 2014 between Pakistan, Afghanistan & Taliban. But, Taliban made advances in occupying further territories in Afghanistan
- 4 Now, it appears that Afghanistan abandoned Pakistan (with little hope of bringing Taliban to the negotiating table), and moving once again to embrace India
- 5 India has got Strategic Partnership with Afghanistan since 2011
- 6 Nine internationally recognised terrorist groups are operating in Afghanistan

WHAT HAPPENED TO APTTA?

- This is Afghanistan Pakistan Transit Trade Agreement (APTTA)
- Under this, no Indian goods could be imported
- Afghan trucks have to drive back empty
- Afghanistan can export dry fruits, fruits to India, if the access is unhindered
- Under these circumstances, three issues assumed significance as far as trade is concerned
