STATE BY STATE ... DELHI

2

BOUNDARIES

- Delhi is the UT and National capital of India and bordered by :
 - ✓ Haryana to the North, West, South
 - ✓ Uttar Pradesh to the East

HARYANA

DELHI

UTTAR PRADESH

STATE BOUNDARY

- National Capital Region (NCR) is an extension of metropolitan region beyond Delhi UT in order to divert the escalating pressure of population from Delhi.
- Includes Delhi region plus the surrounding urban areas in the neighboring states of Haryana, Uttar Pradesh and Rajasthan.

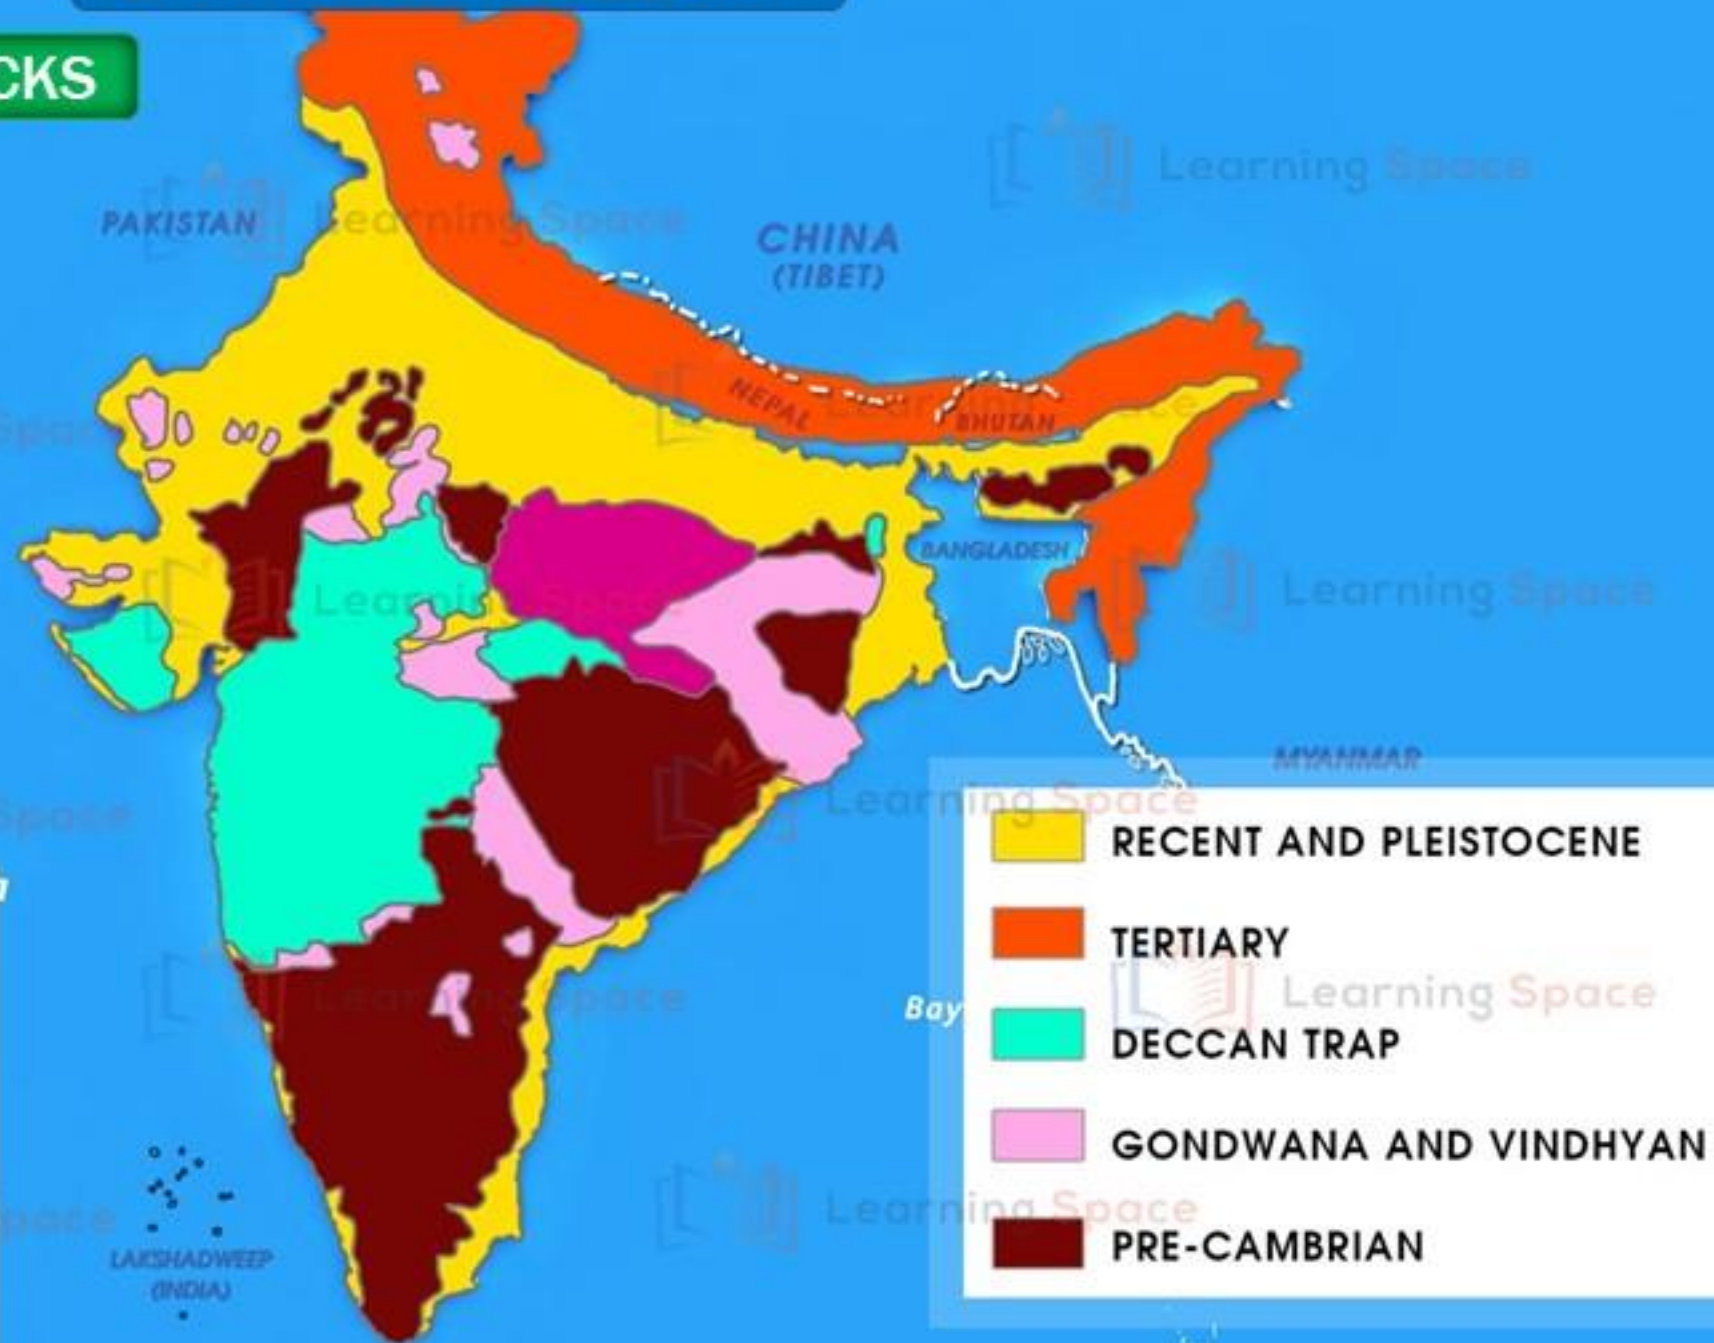

Two Geographical regions of Delhi:

- Yamuna Flood plains
- Delhi Ridge

DELHI RIDGE

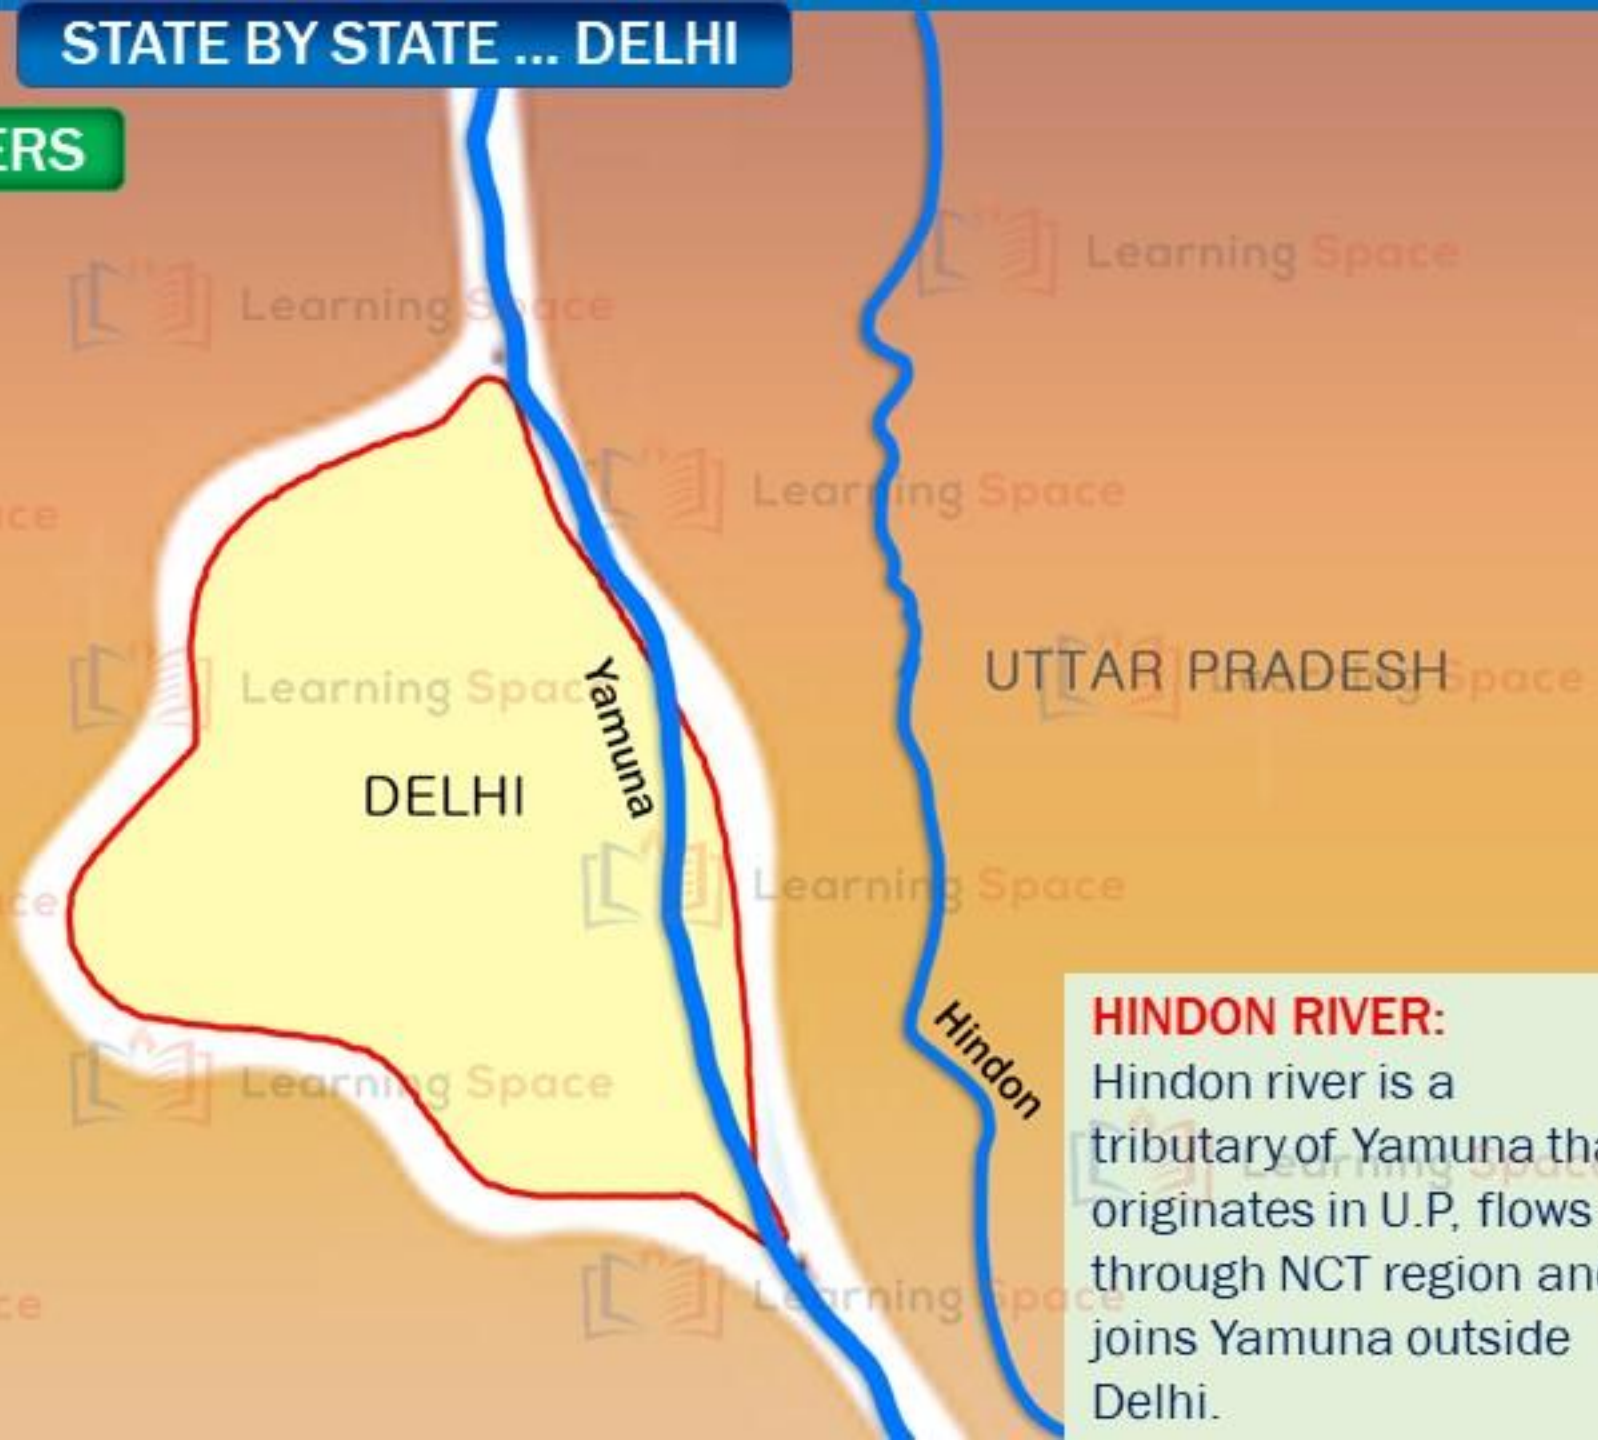

- Northern extension of Aravalli range.
- Green lungs for the city.
- Ridge is divided into 4 separate zones:
 - ✓ Old Delhi/Northern Ridge
 - ✓ New Delhi/Central Ridge
 - ✓ Mehrauli/South-central Ridge
 - ✓ Tughlaqabad or Southern Ridge

4 RELIEF FEATURES - ROCKS

- Rock system in Delhi belongs to Pleistocene era.
- Rocks of Delhi ridge region belong to pre-Cambrian era.
- Granite and Sandstone are the major type of rocks found in Delhi Ridge.

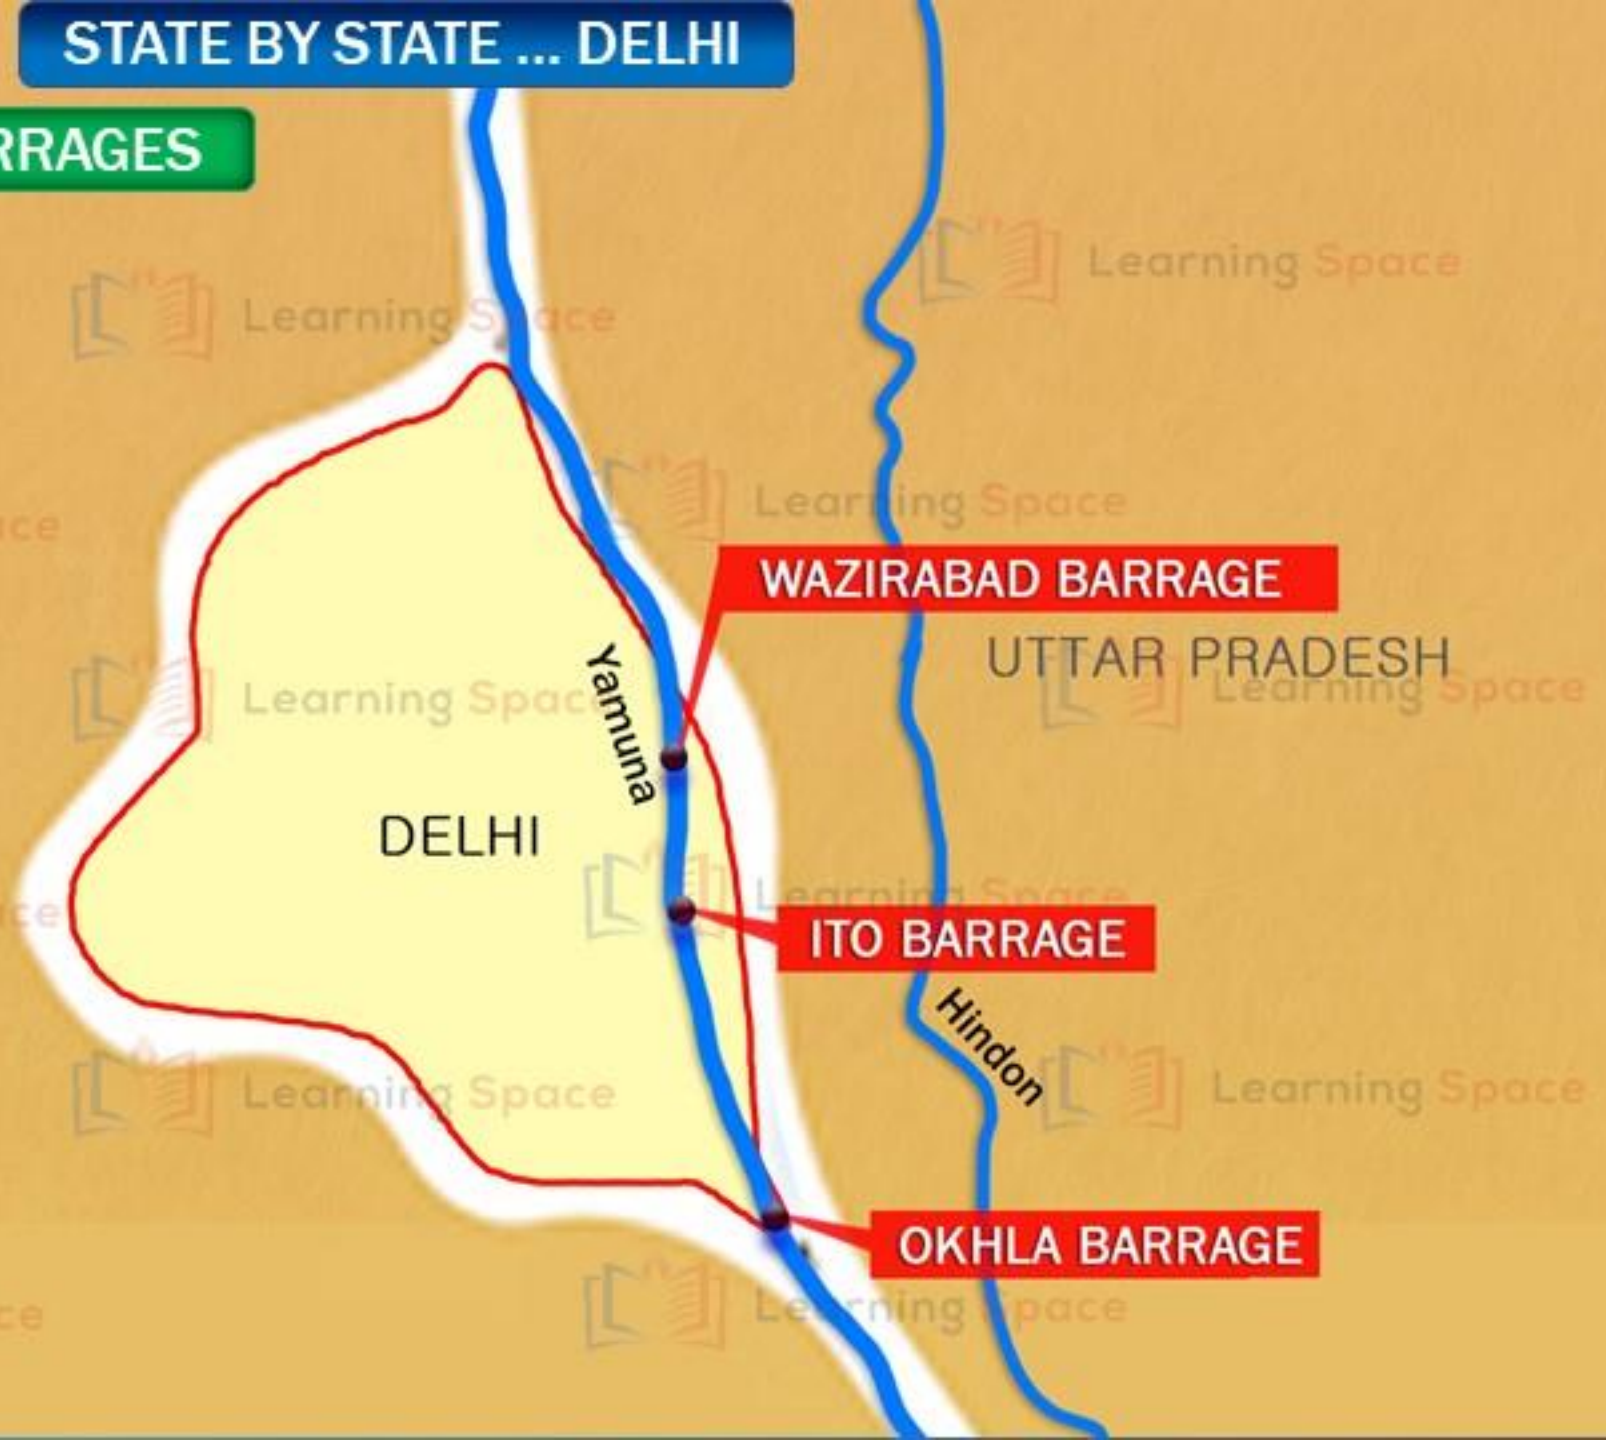

YAMUNA RIVER:

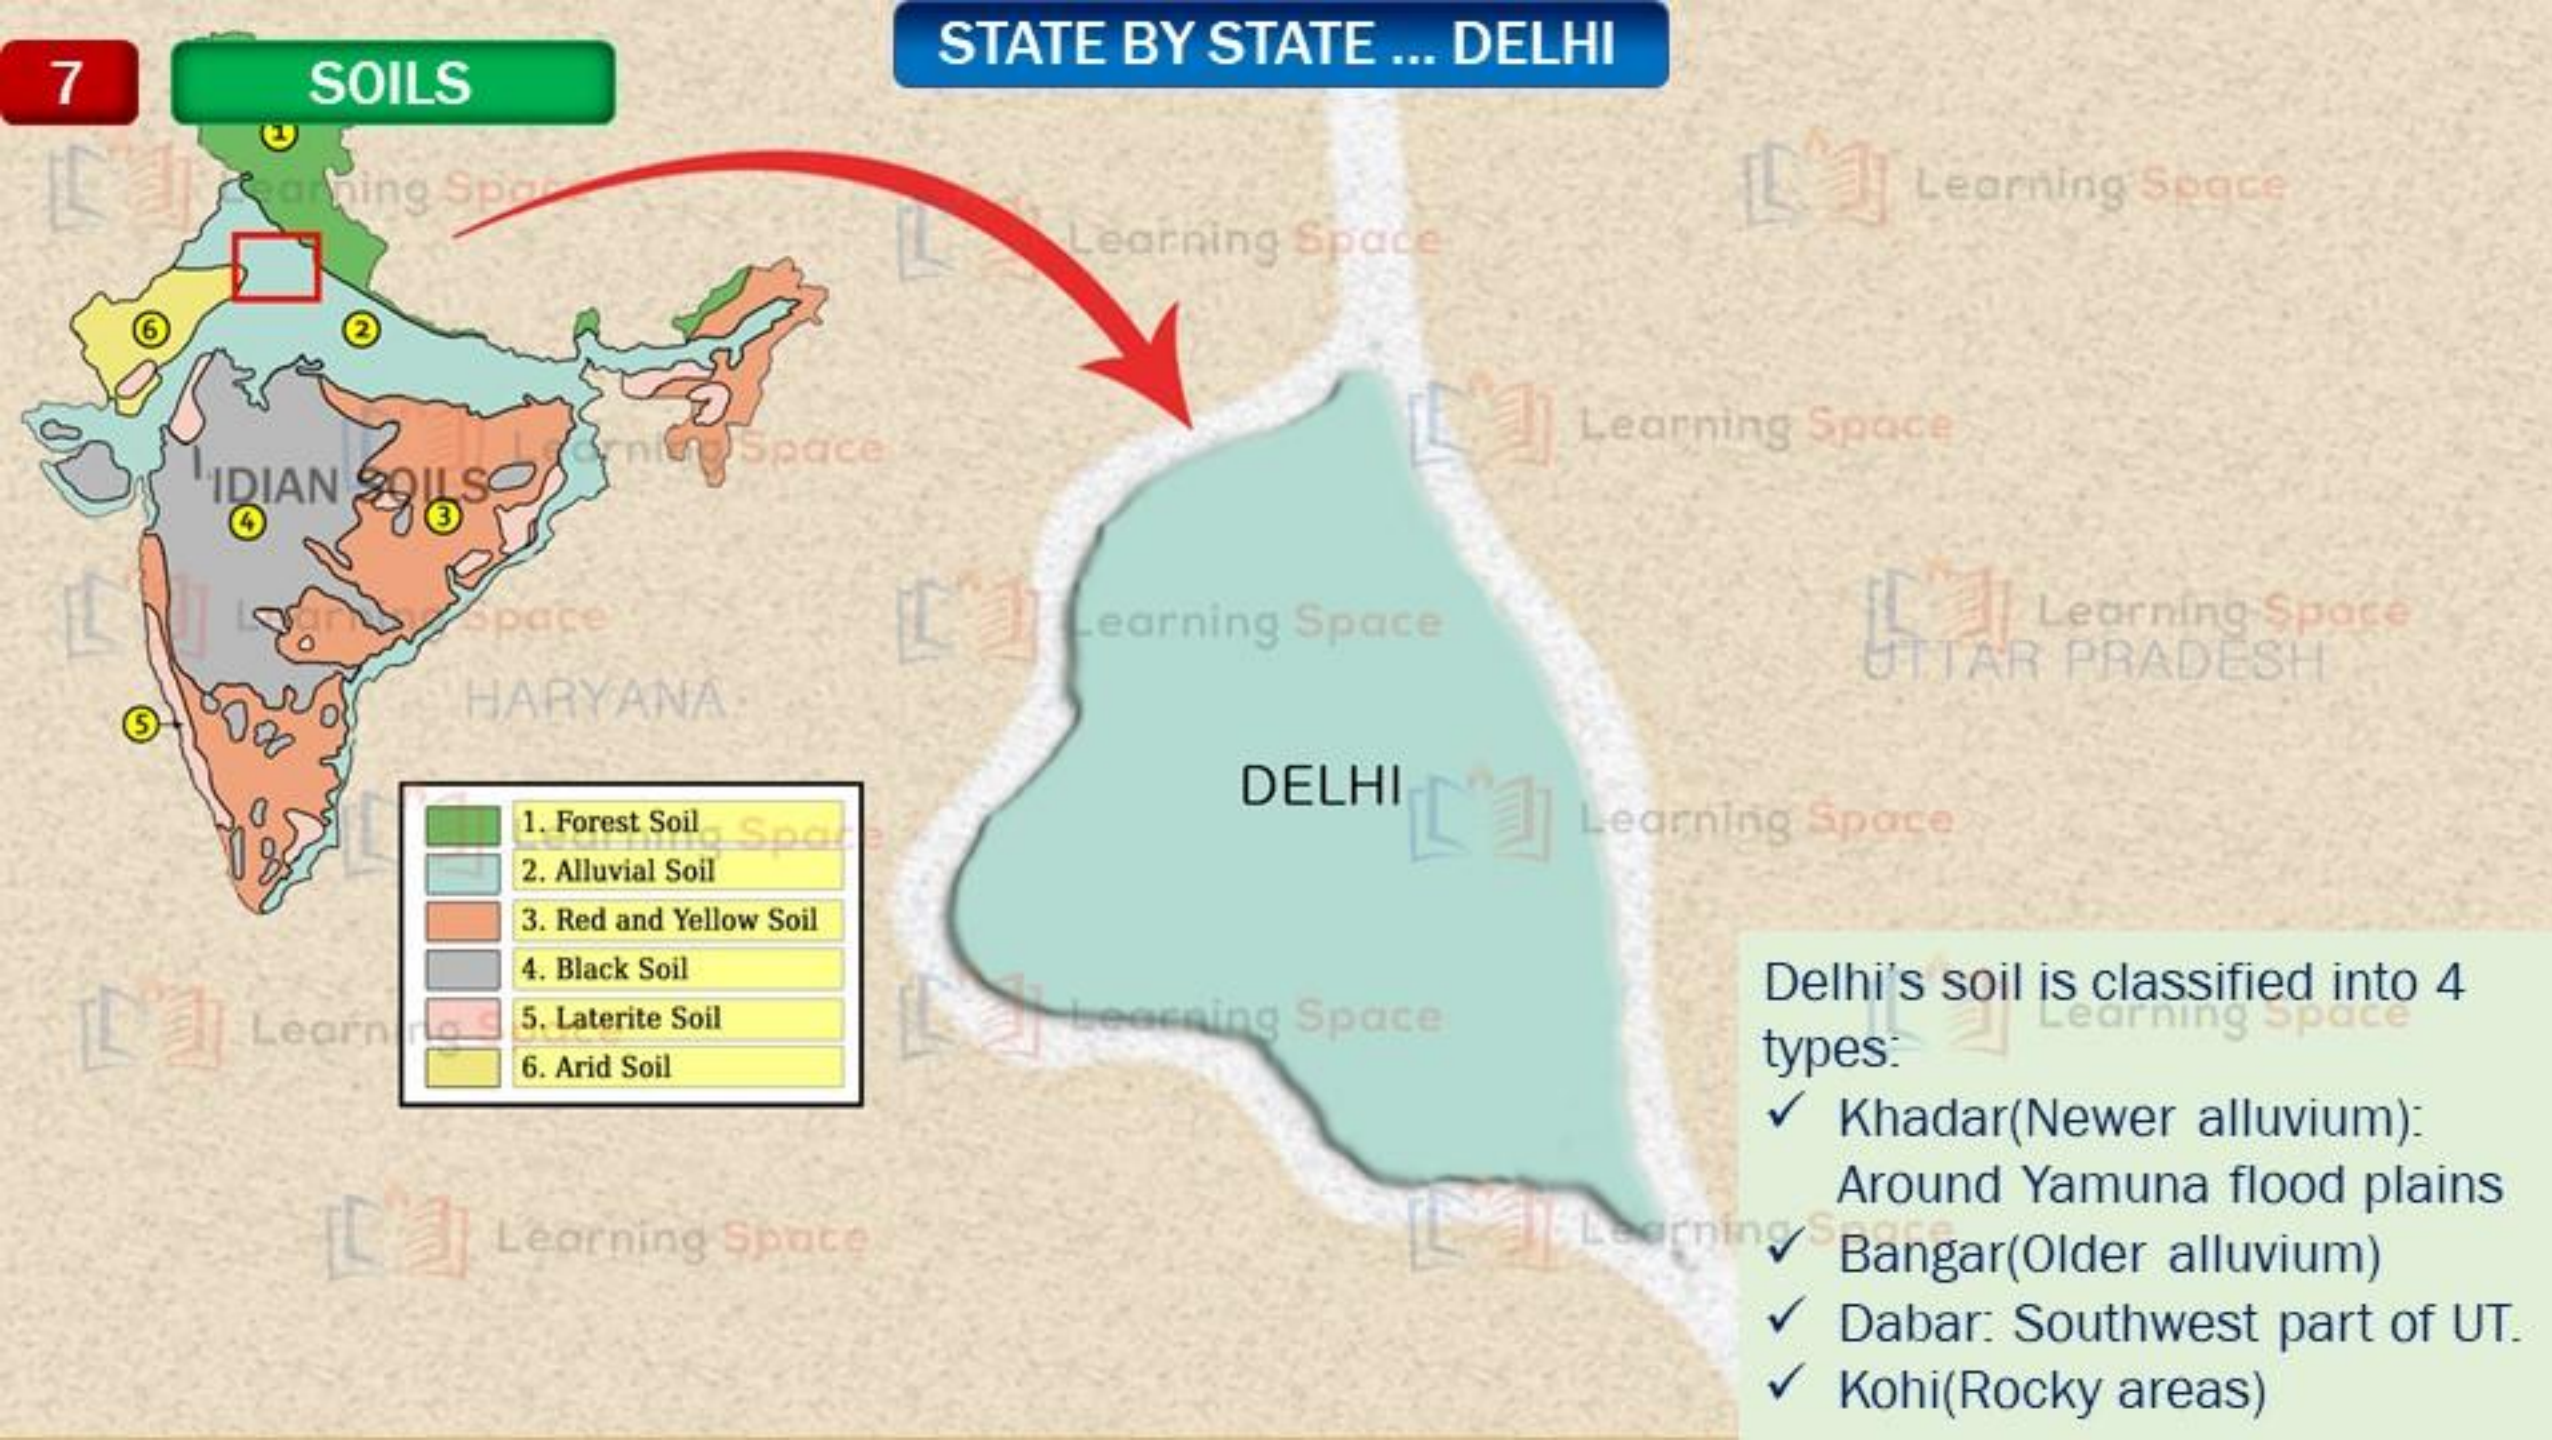

- Longest Tributary of Ganges.
- Originates from Yamunotri Glacier on Banderpoonch peak in Uttarkhand.
- Wazirabad Barrage and Okhla Barrage are on the river in Delhi.
- River's stretch downstream of Wazirabad Barrage is noted for severe pollution.
- From Yamunotri to Okhla Barrage, Yamuna is called Upper Yamuna.

**HINDON RIVER:**

Hindon river is a tributary of Yamuna that originates in U.P, flows through NCT region and joins Yamuna outside Delhi.

- Wazirabad Barrage is maintained by Delhi Government, ITO barrage by Haryana Government, Okhla Barrage by U.P Government.
- All these barrages come under NW 110.
- Recently Delhi Government has proposed a plan to store flood water in Yamuna flood plain through construction of Palla barrage between Palla and Wazirabad.

WESTERN DISTURBANCES

NORTHEAST MONSOON

- Climate of Delhi is of semi-arid type.
- 80% of rainfall comes from Southwest monsoon.
- Most of the rainfall is concentrated in three months – July, August, September.
- Western disturbances also bring rain to Delhi in Winter season.

UTTAR PRADESH

WHEAT

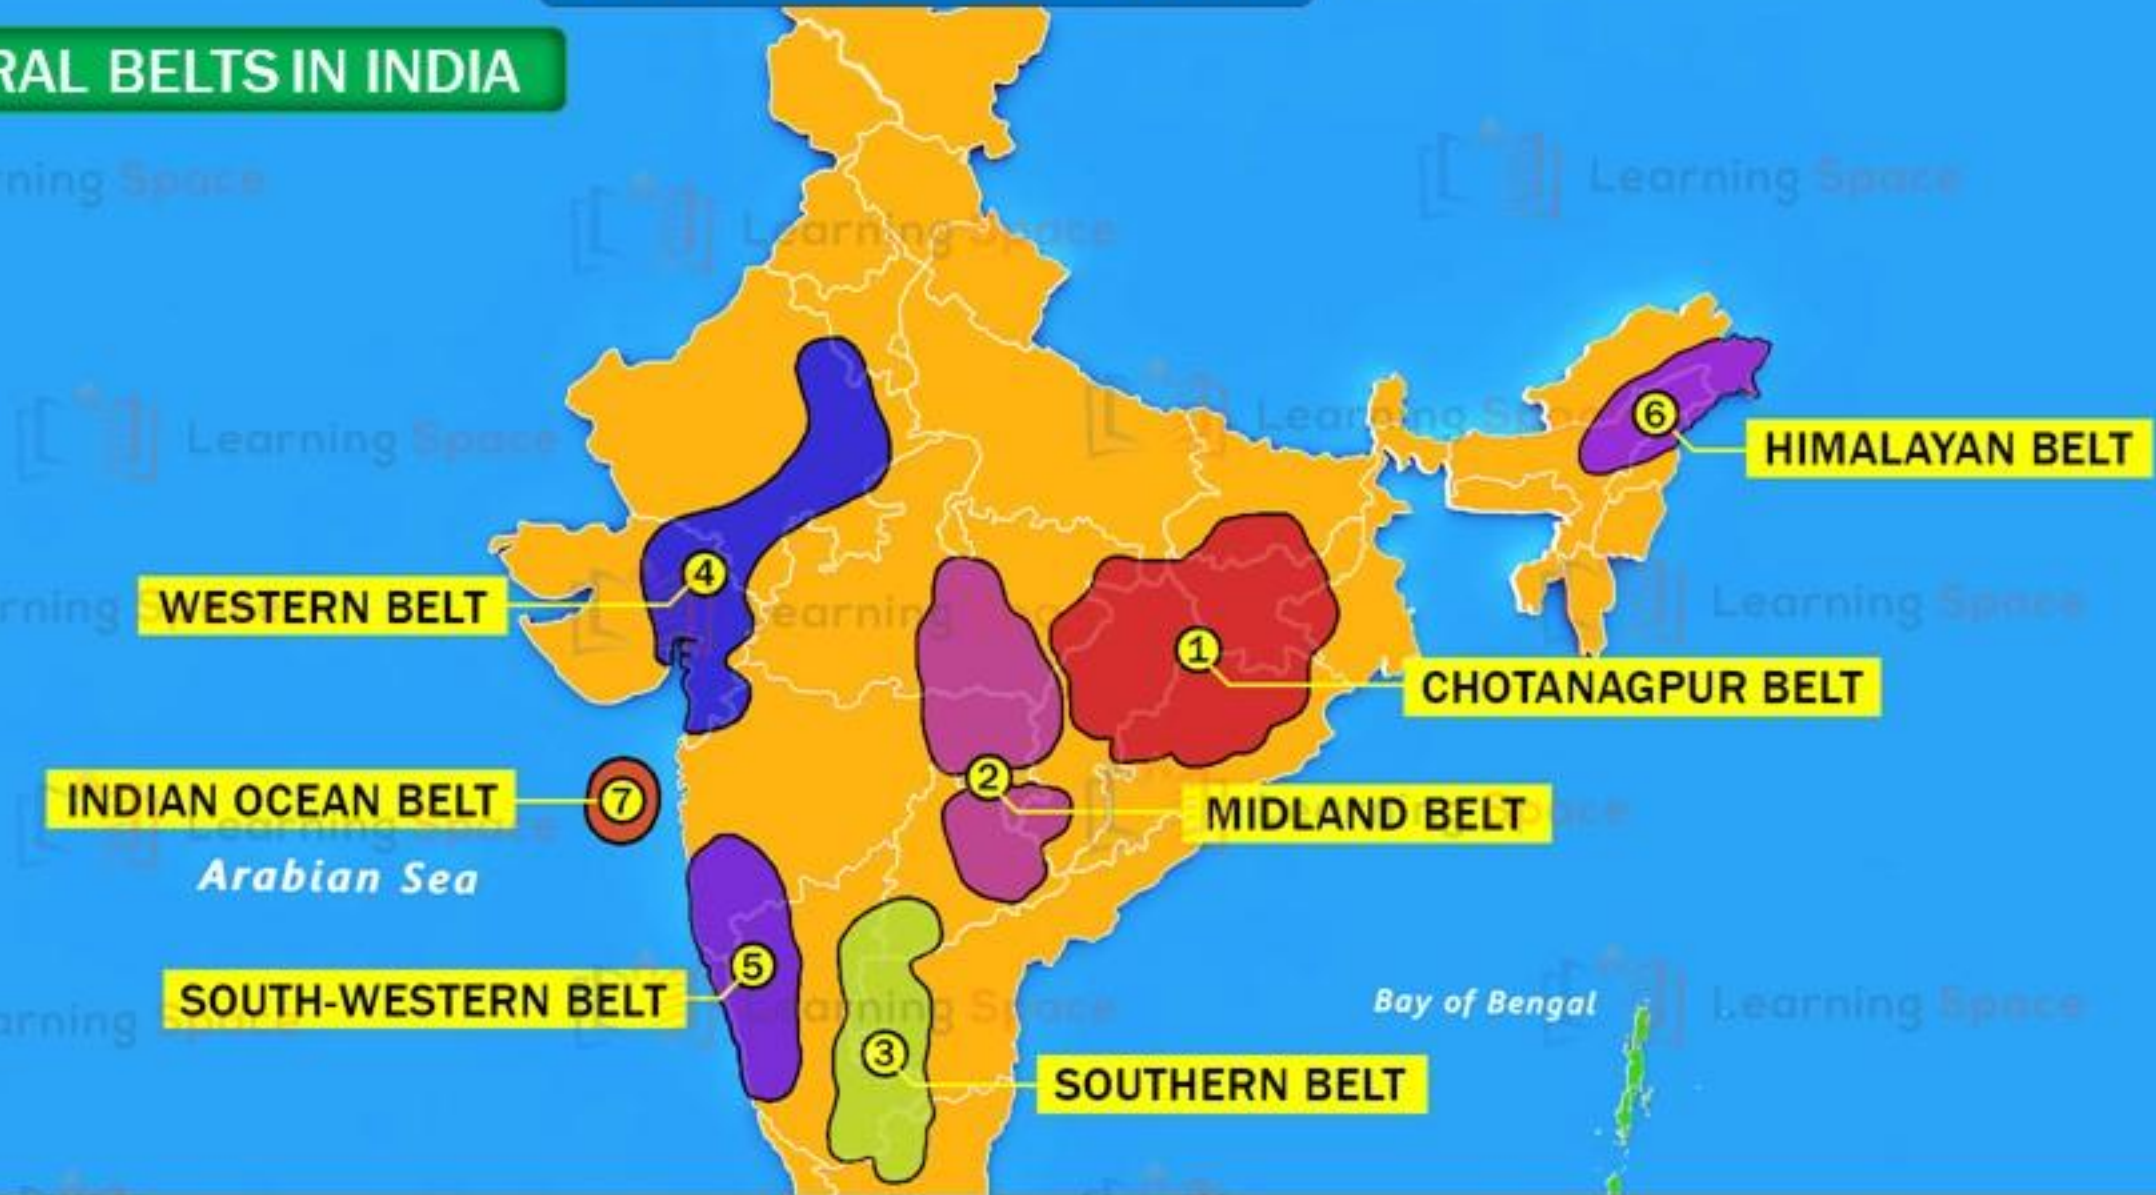

BAJRA

PADDY

MUSTARD

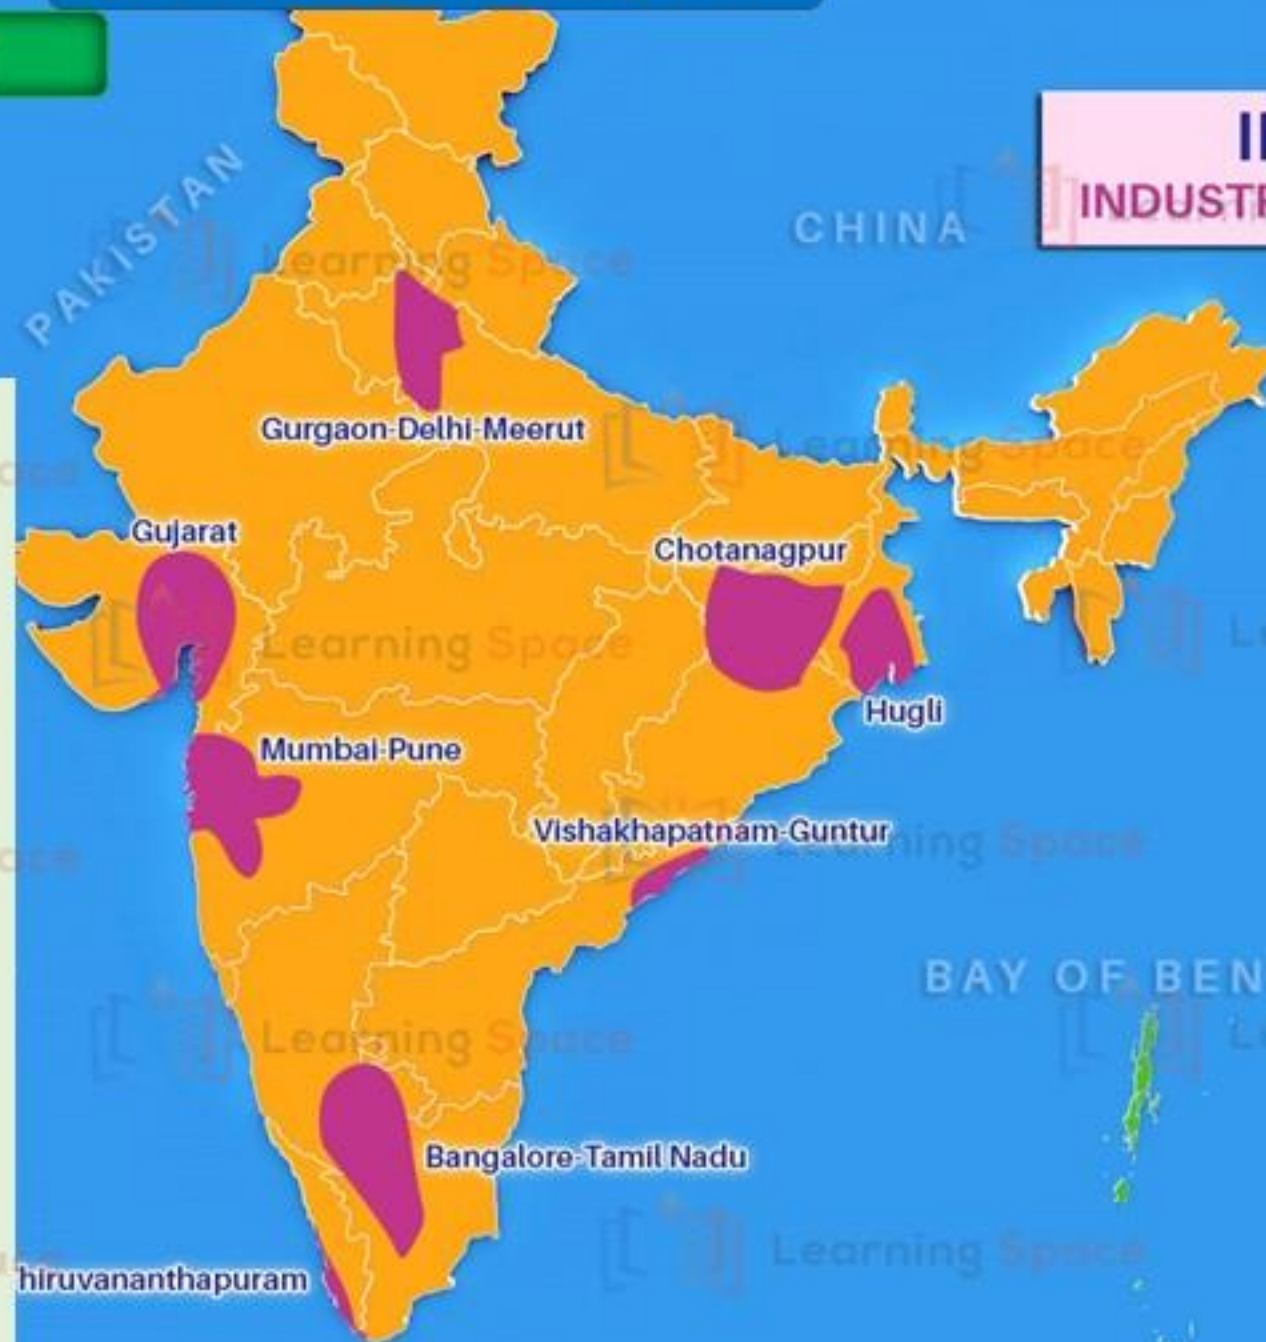

JOWAR
