YANAM

Bay of Bengal

VISAKHAPATNAM

AMARAVATI

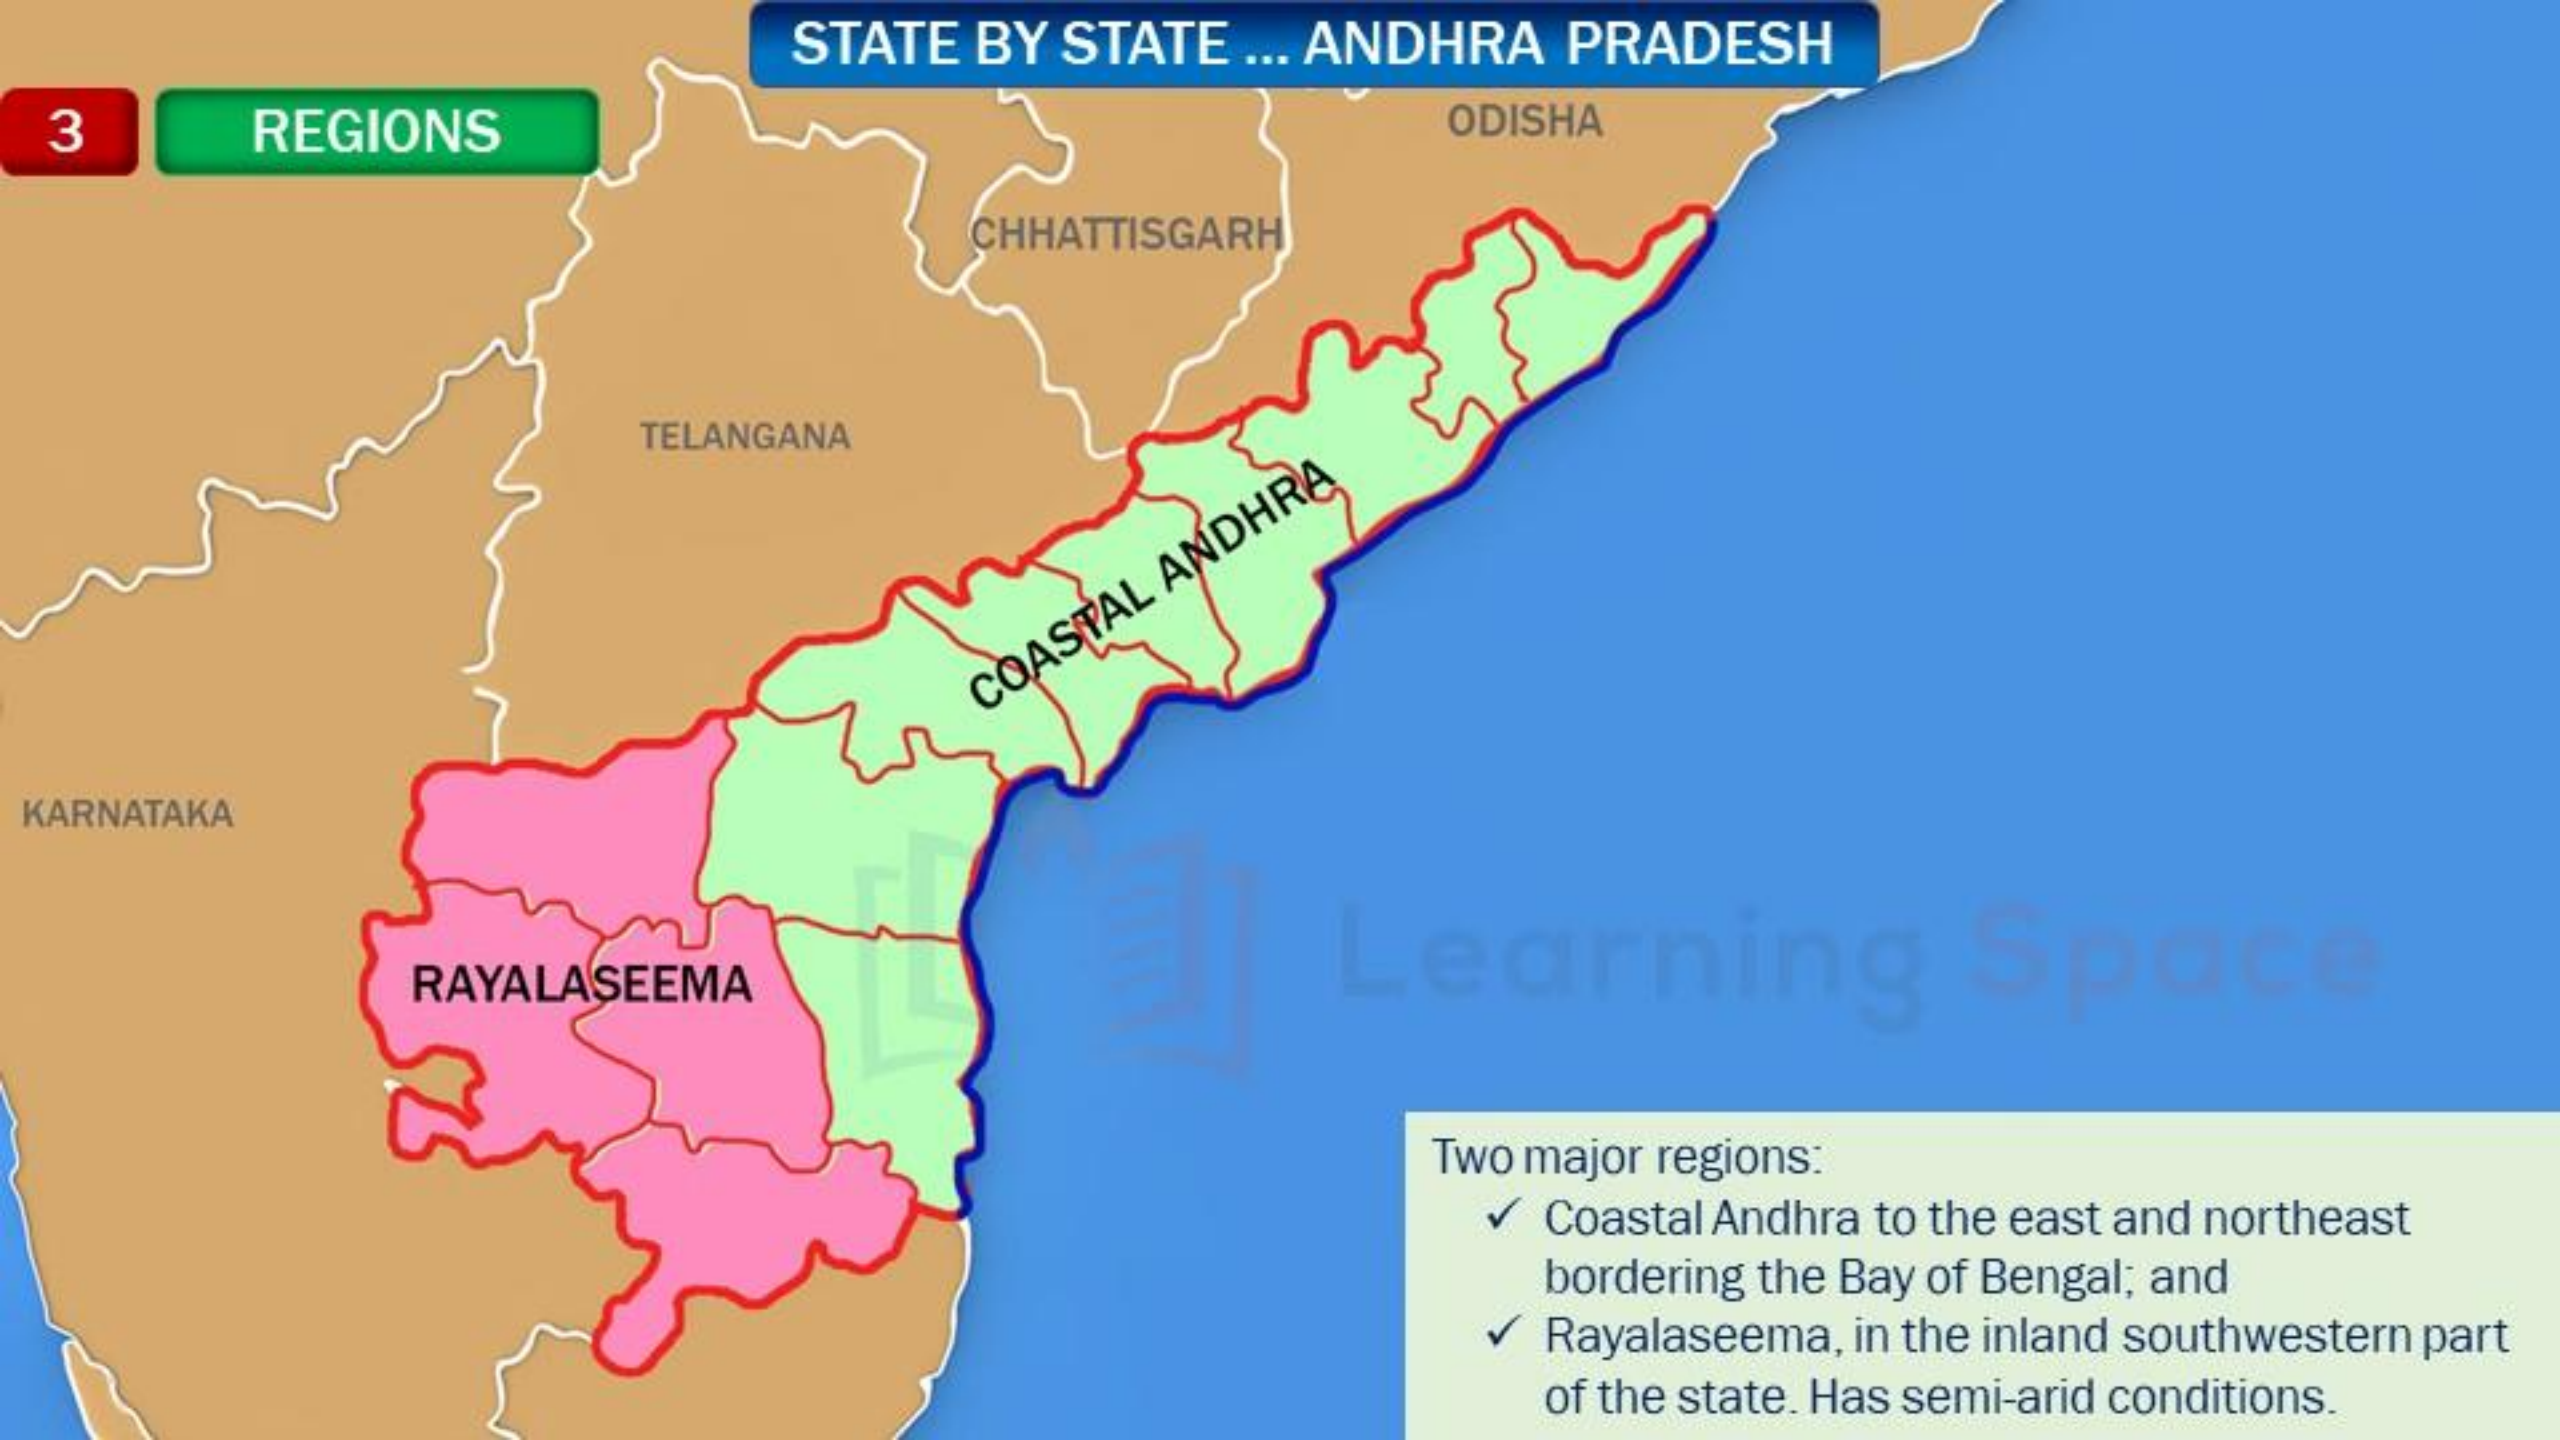

TAMIL NADU

- Bordered by Telangana in the north-west, Chhattisgarh and Odisha in the north-east, Karnataka in the west, Tamil Nadu in the south, and Bay of Bengal to the east.
- Small enclave of Yanam, a district of Puducherry, lies to the south of Kakinada in the Godavari delta on the eastern side of the state.

STATE BY STATE ... ANDHRA PRADESH

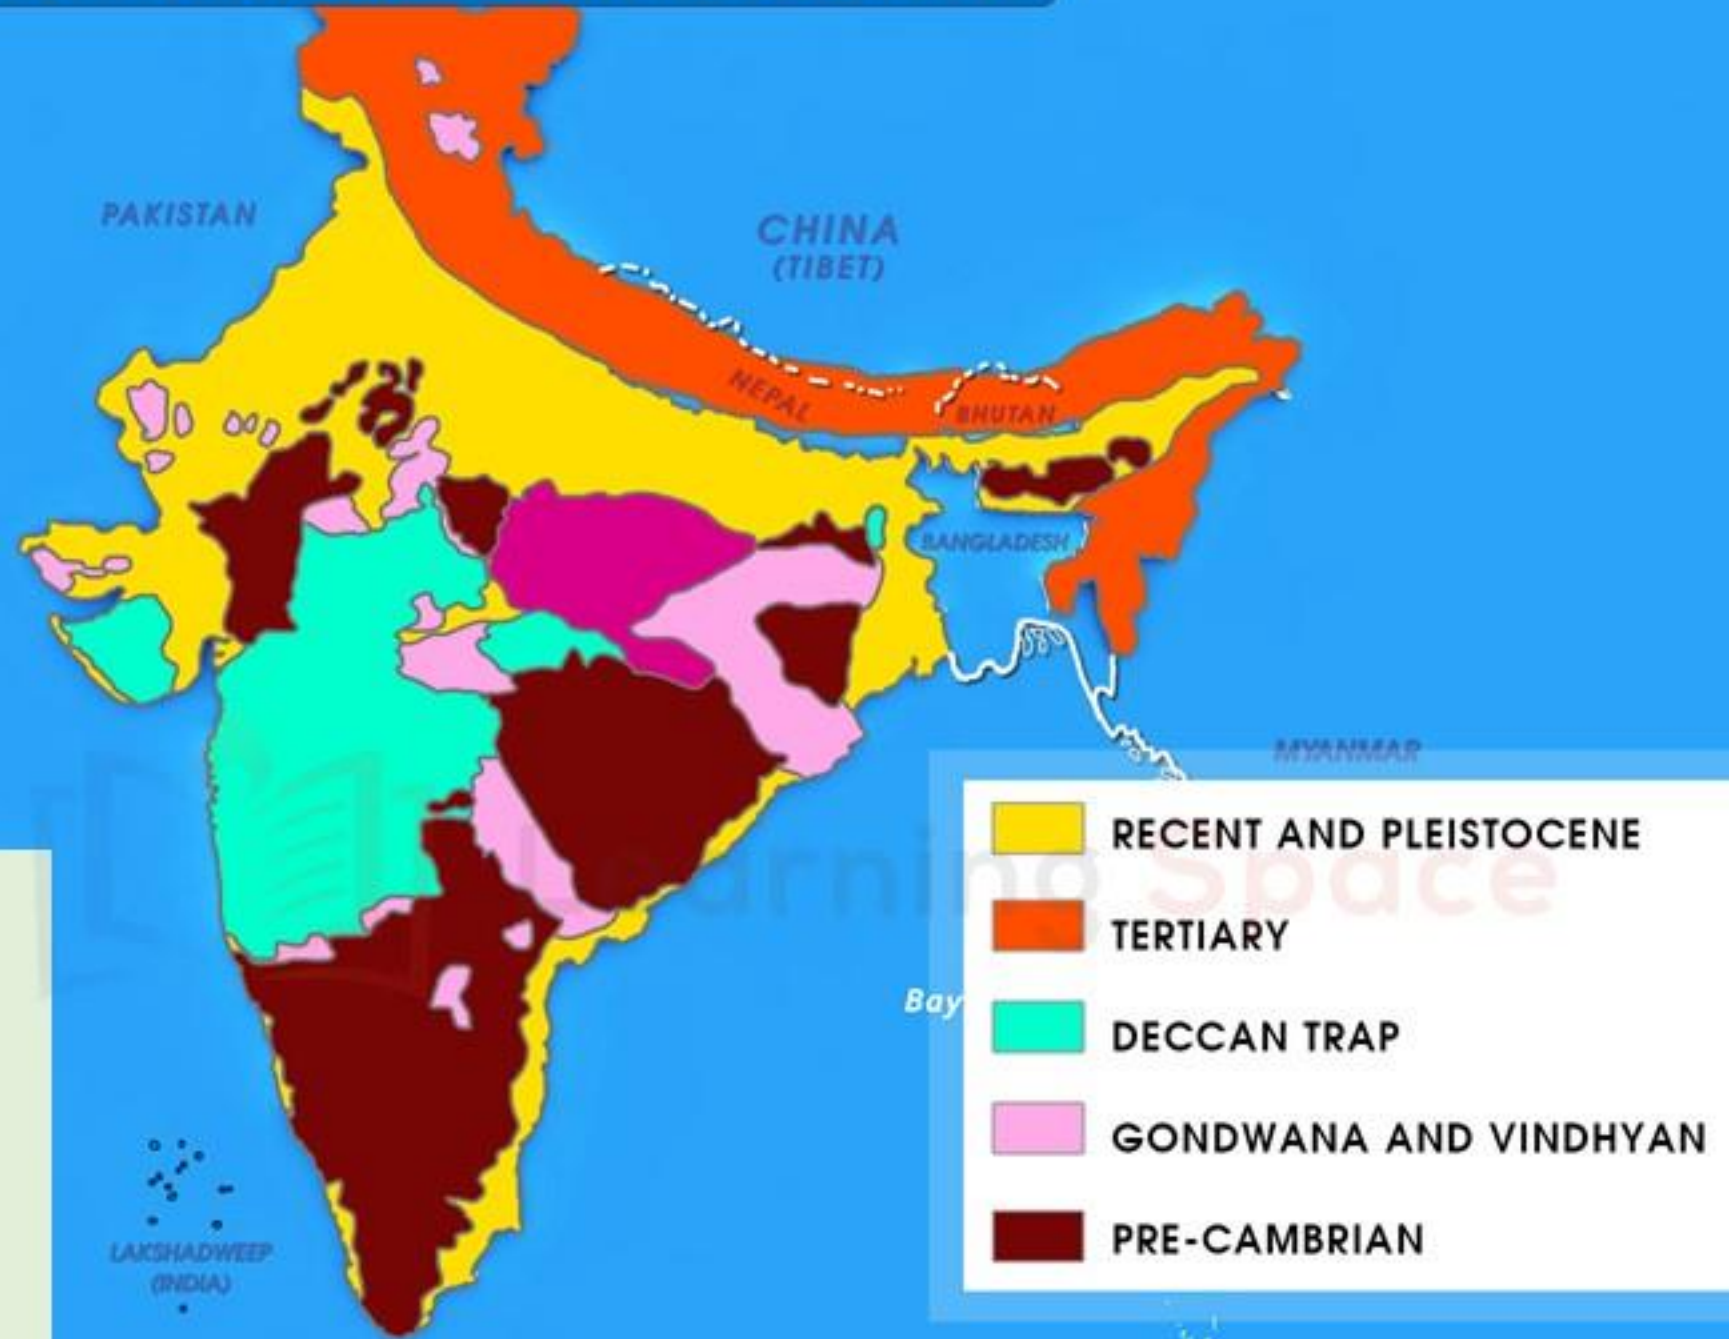

3

REGIONS

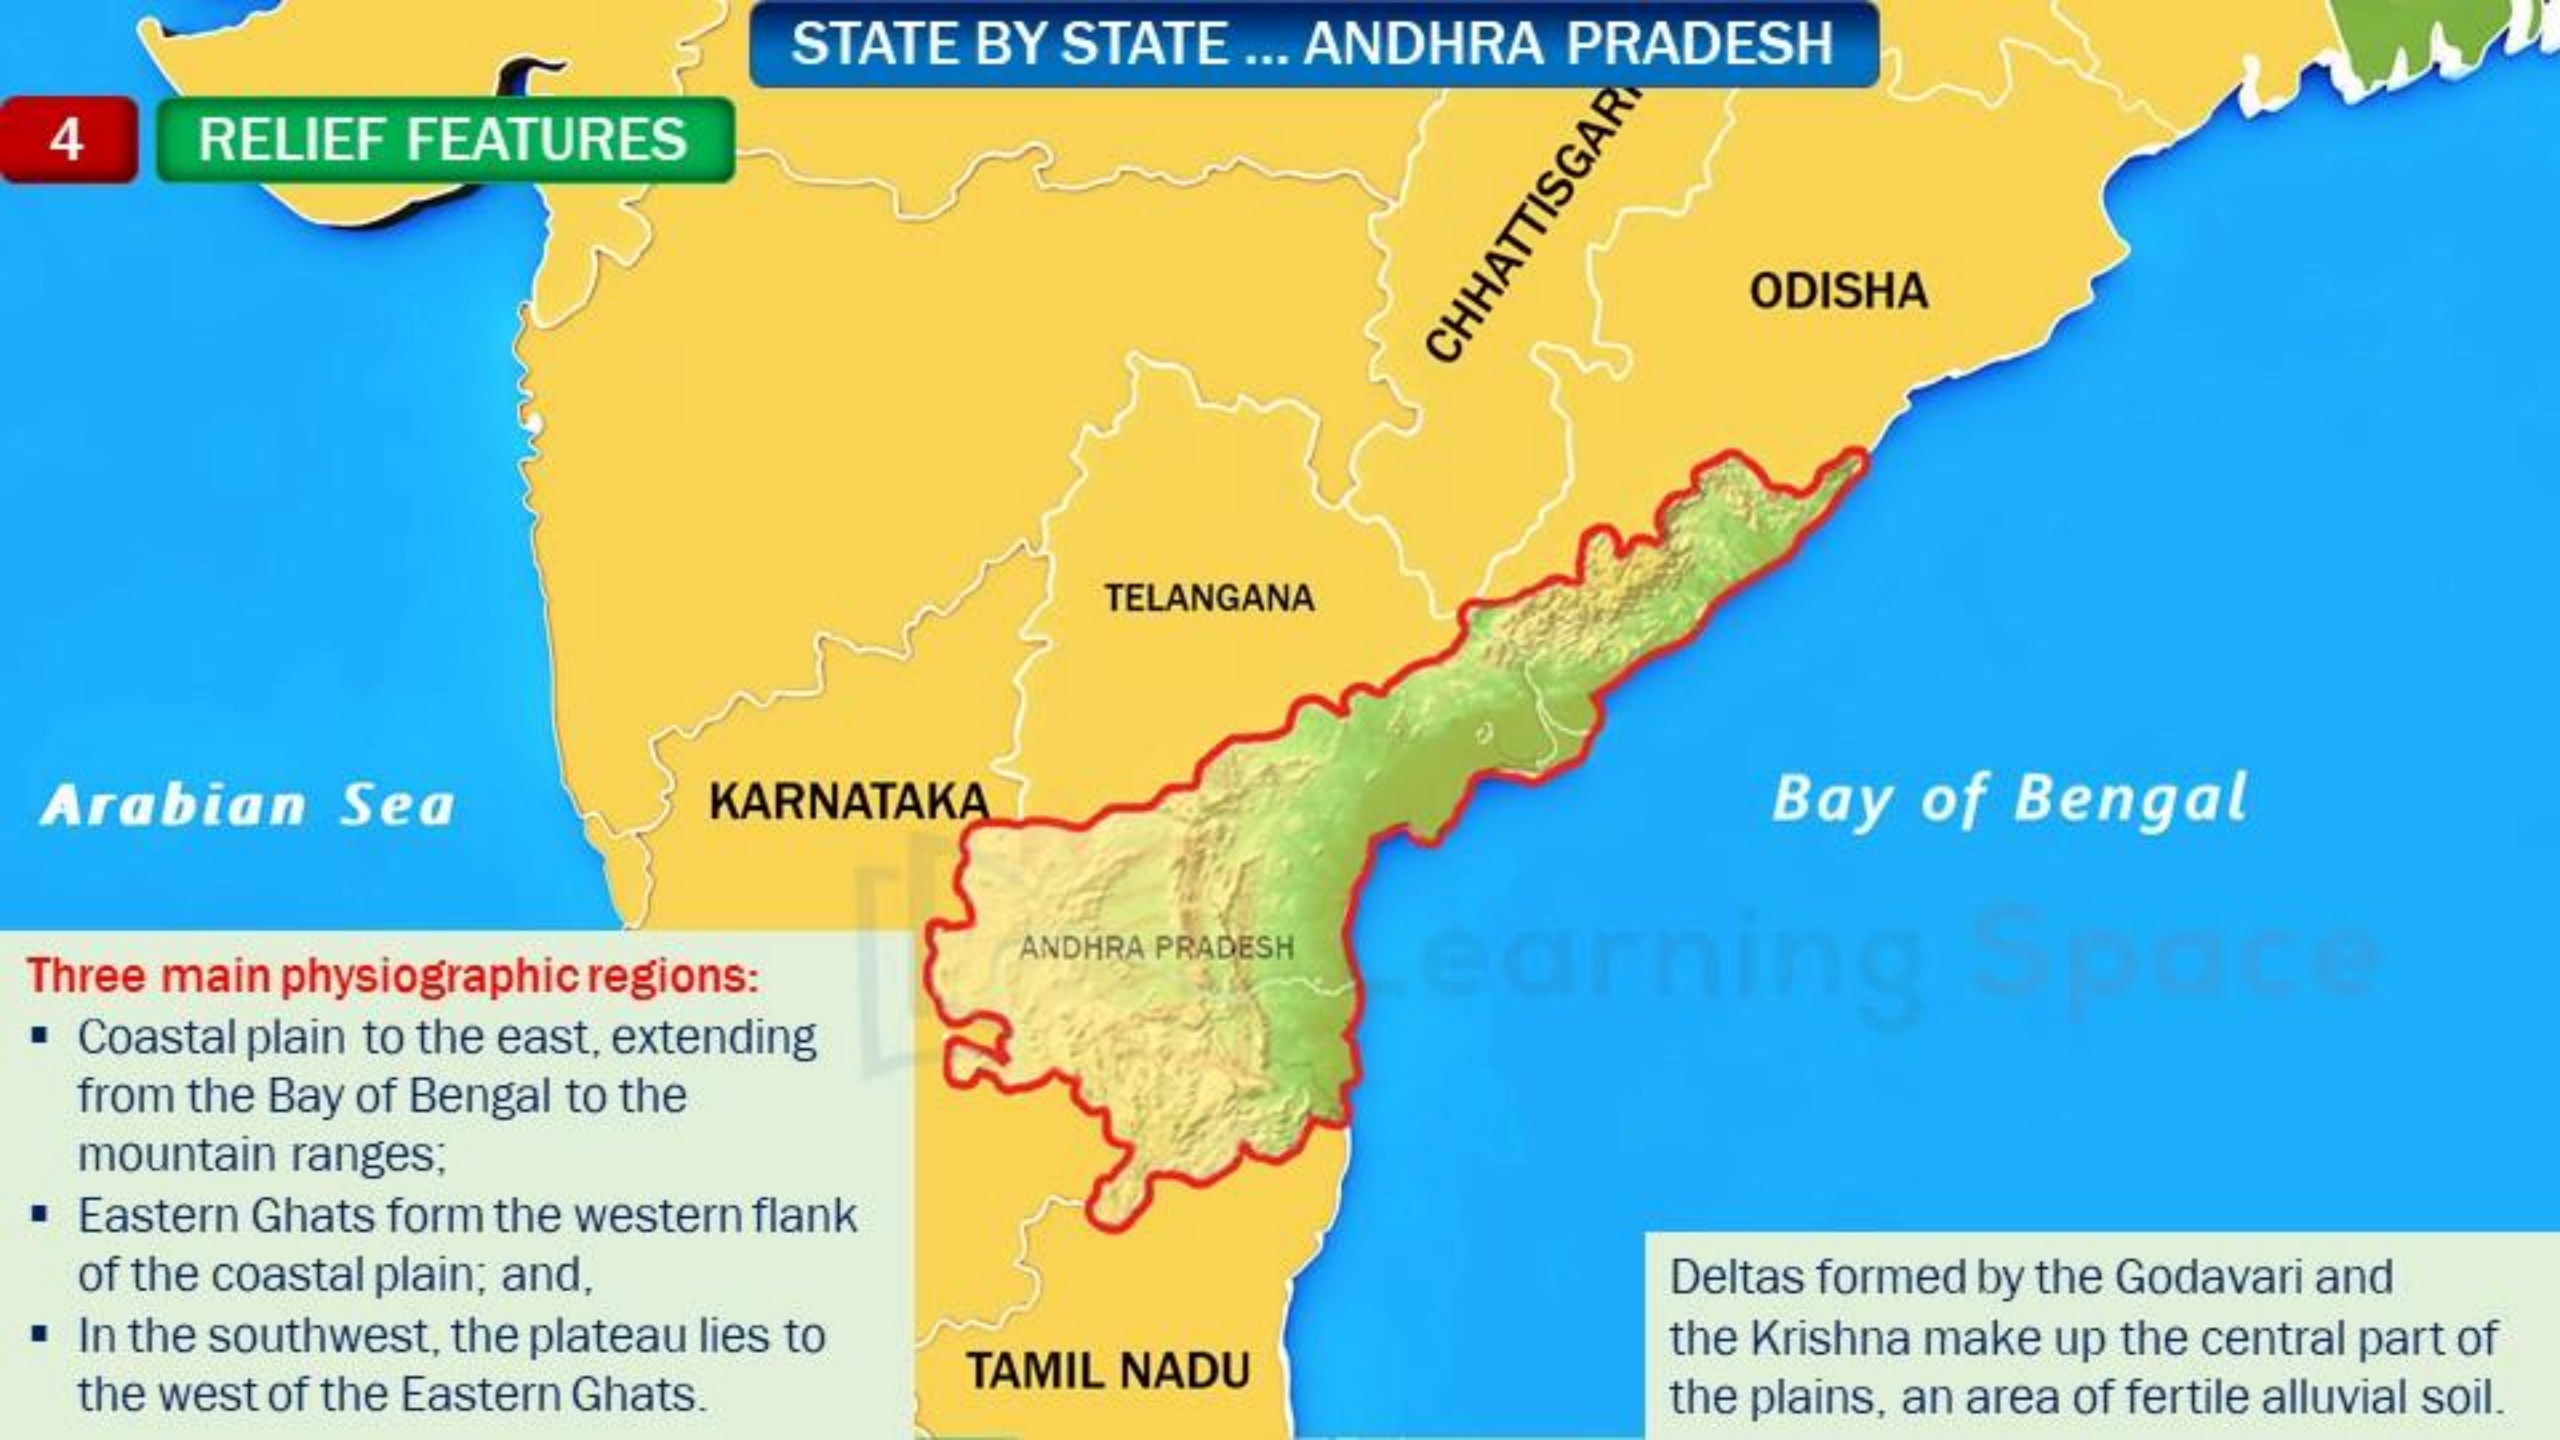

Two major regions:

- ✓ Coastal Andhra to the east and northeast bordering the Bay of Bengal; and
- ✓ Rayalaseema, in the inland southwestern part of the state. Has semi-arid conditions.

- Plateau region in the southwestern portion of the state (part of the Deccan Peninsular India and commonly called Rayalaseema) is composed of gneissic rock.
- Shares Maidan (Mysore Plateau) and Telangana Plateau which are sub divisions of Deccan Plateau.

**Three main physiographic regions:**

- Coastal plain to the east, extending from the Bay of Bengal to the mountain ranges;
- Eastern Ghats form the western flank of the coastal plain; and,
- In the southwest, the plateau lies to the west of the Eastern Ghats.

Deltas formed by the Godavari and the Krishna make up the central part of the plains, an area of fertile alluvial soil.

RELIEF FEATURES

INDIA

- Eastern Ghats are a major dividing line in the state's geography.
- Eastern Ghats are discontinuous and individual sections having local names.
- Plains to the east of Eastern Ghats form the Eastern coastal plains.
- Kadapa Basin formed by two arching branches of the Eastern Ghats is a mineral-rich area.
- Khondalite , Charnockite Rocks are found in the Eastern Ghats

Estuaries of the Godavari and Krishna Rivers support rich mangrove forests with fishing cats and otters as keystone species.

Godavari

- India's second longest river after the Ganga.
- Source: Trimbakeshwar, Maharashtra.
- Pranahita is the largest tributary
- Riparian states include Maharashtra, Telangana, Chhattisgarh, Odisha and Andhra Pradesh ultimately emptying into the Bay of Bengal.

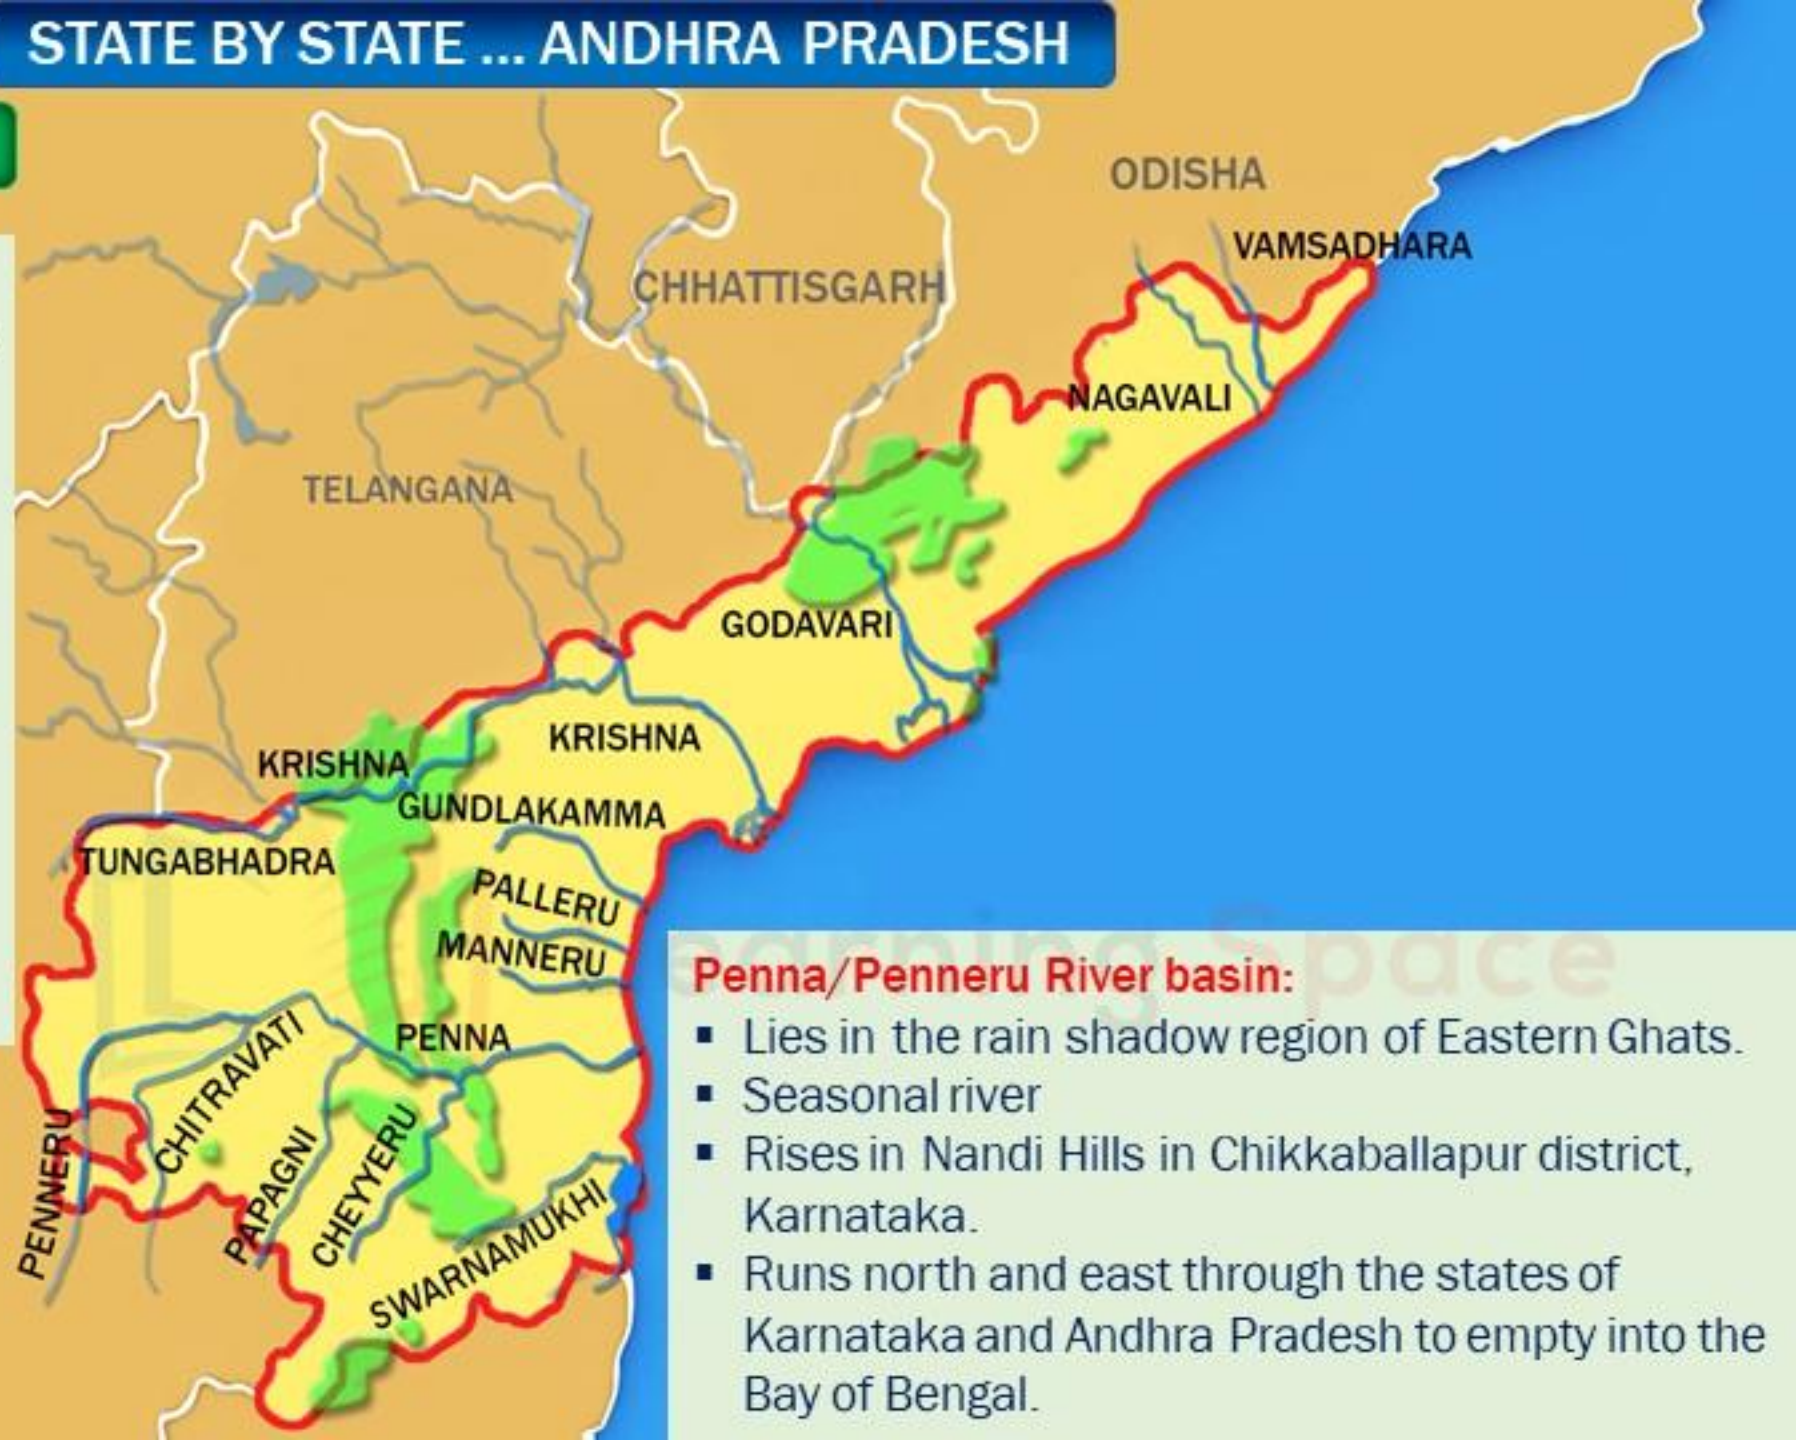

Krishna

- Originates in the Western Ghats near Mahabaleshwar.
- Empties into the Bay of Bengal at Hamsaladeevi in Andhra Pradesh.
- Tungabhadra River is its largest tributary.
- Riparian states include Maharashtra, Karnataka, Telangana and Andhra Pradesh.

Tungabhadra

- Formed by the confluence of the Thunga River and the Bhadra River at Koodli, Karnataka.
- Flows through the Karnataka during most of its course, before flowing along the border between Telangana and Andhra Pradesh.
- Joins Krishna River near Sangameswaram village in Kurnool district of Andhra Pradesh.

**Penna/Penneru River basin:**

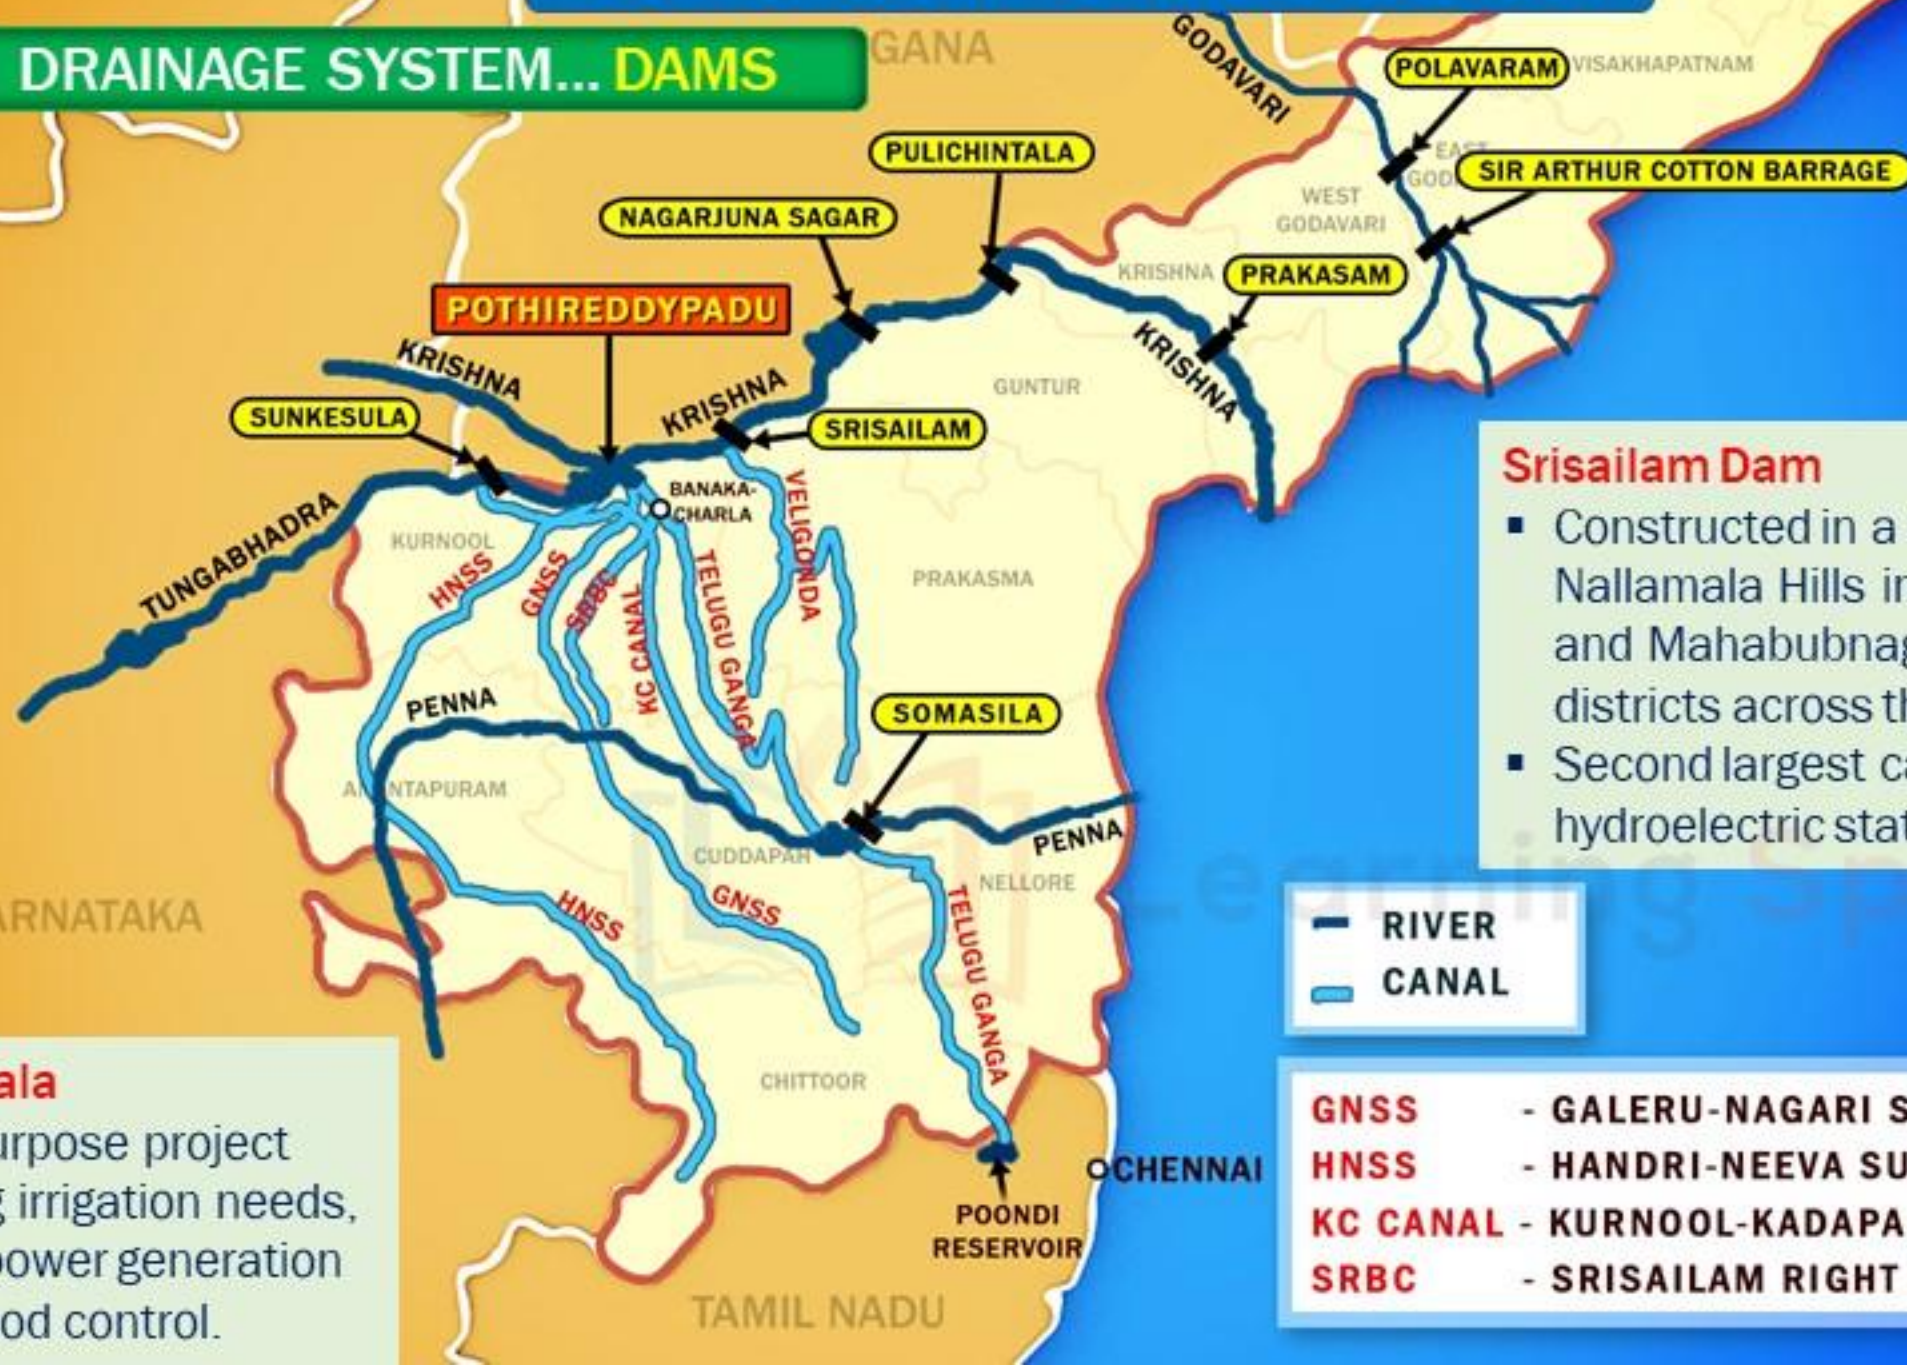

- Lies in the rain shadow region of Eastern Ghats.
- Seasonal river
- Rises in Nandi Hills in Chikkaballapur district, Karnataka.
- Runs north and east through the states of Karnataka and Andhra Pradesh to empty into the Bay of Bengal.

Nagavali:

- Originates from Eastern Ghats of Kalahandi District, Odisha.
- Independent river with its own basin.
- Uplands of the river basin are hilly areas with predominantly tribal populated.
- Drains Odisha and Andhra Pradesh and enters Bay of Bengal near Srikakulam, Andhra Pradesh.

**Vamsadhara:**

- Originates in the border of Kalahandi district and Kalyansinghpur in Rayagada district of Odisha.
- Joins Bay of Bengal at Kalingapatnam, Andhra Pradesh.
- Mahendratana River is a major tributary.

Srisailem Dam

- Constructed in a deep gorge in the Nallamala Hills in between Kurnool and Mahabubnagar (Telangana) districts across the Krishna River.
- Second largest capacity working hydroelectric station in the country.

— RIVER
— CANAL

GNSS - GALERU-NAGARI SUJALA SRAVANTHI
HNSS - HANDRI-NEEVA SUJALA SRAVANTHI
KC CANAL - KURNOOL-KADAPA CANAL
SRBC - SRISAILAM RIGHT BANK CANAL

Pulichintala

- Multipurpose project serving irrigation needs, hydro power generation and flood control.

Sir Arthur Cotton Dam

- Originally built in 1850 on the lower stretch of the Godavari River before it empties into the Bay of Bengal.
- Rebuilt in 1970 when it was officially renamed as Sir Arthur Cotton Barrage /Godavari Barrage.
- Controlled floods and increased irrigated land.

Nagarjuna Sagar Dam

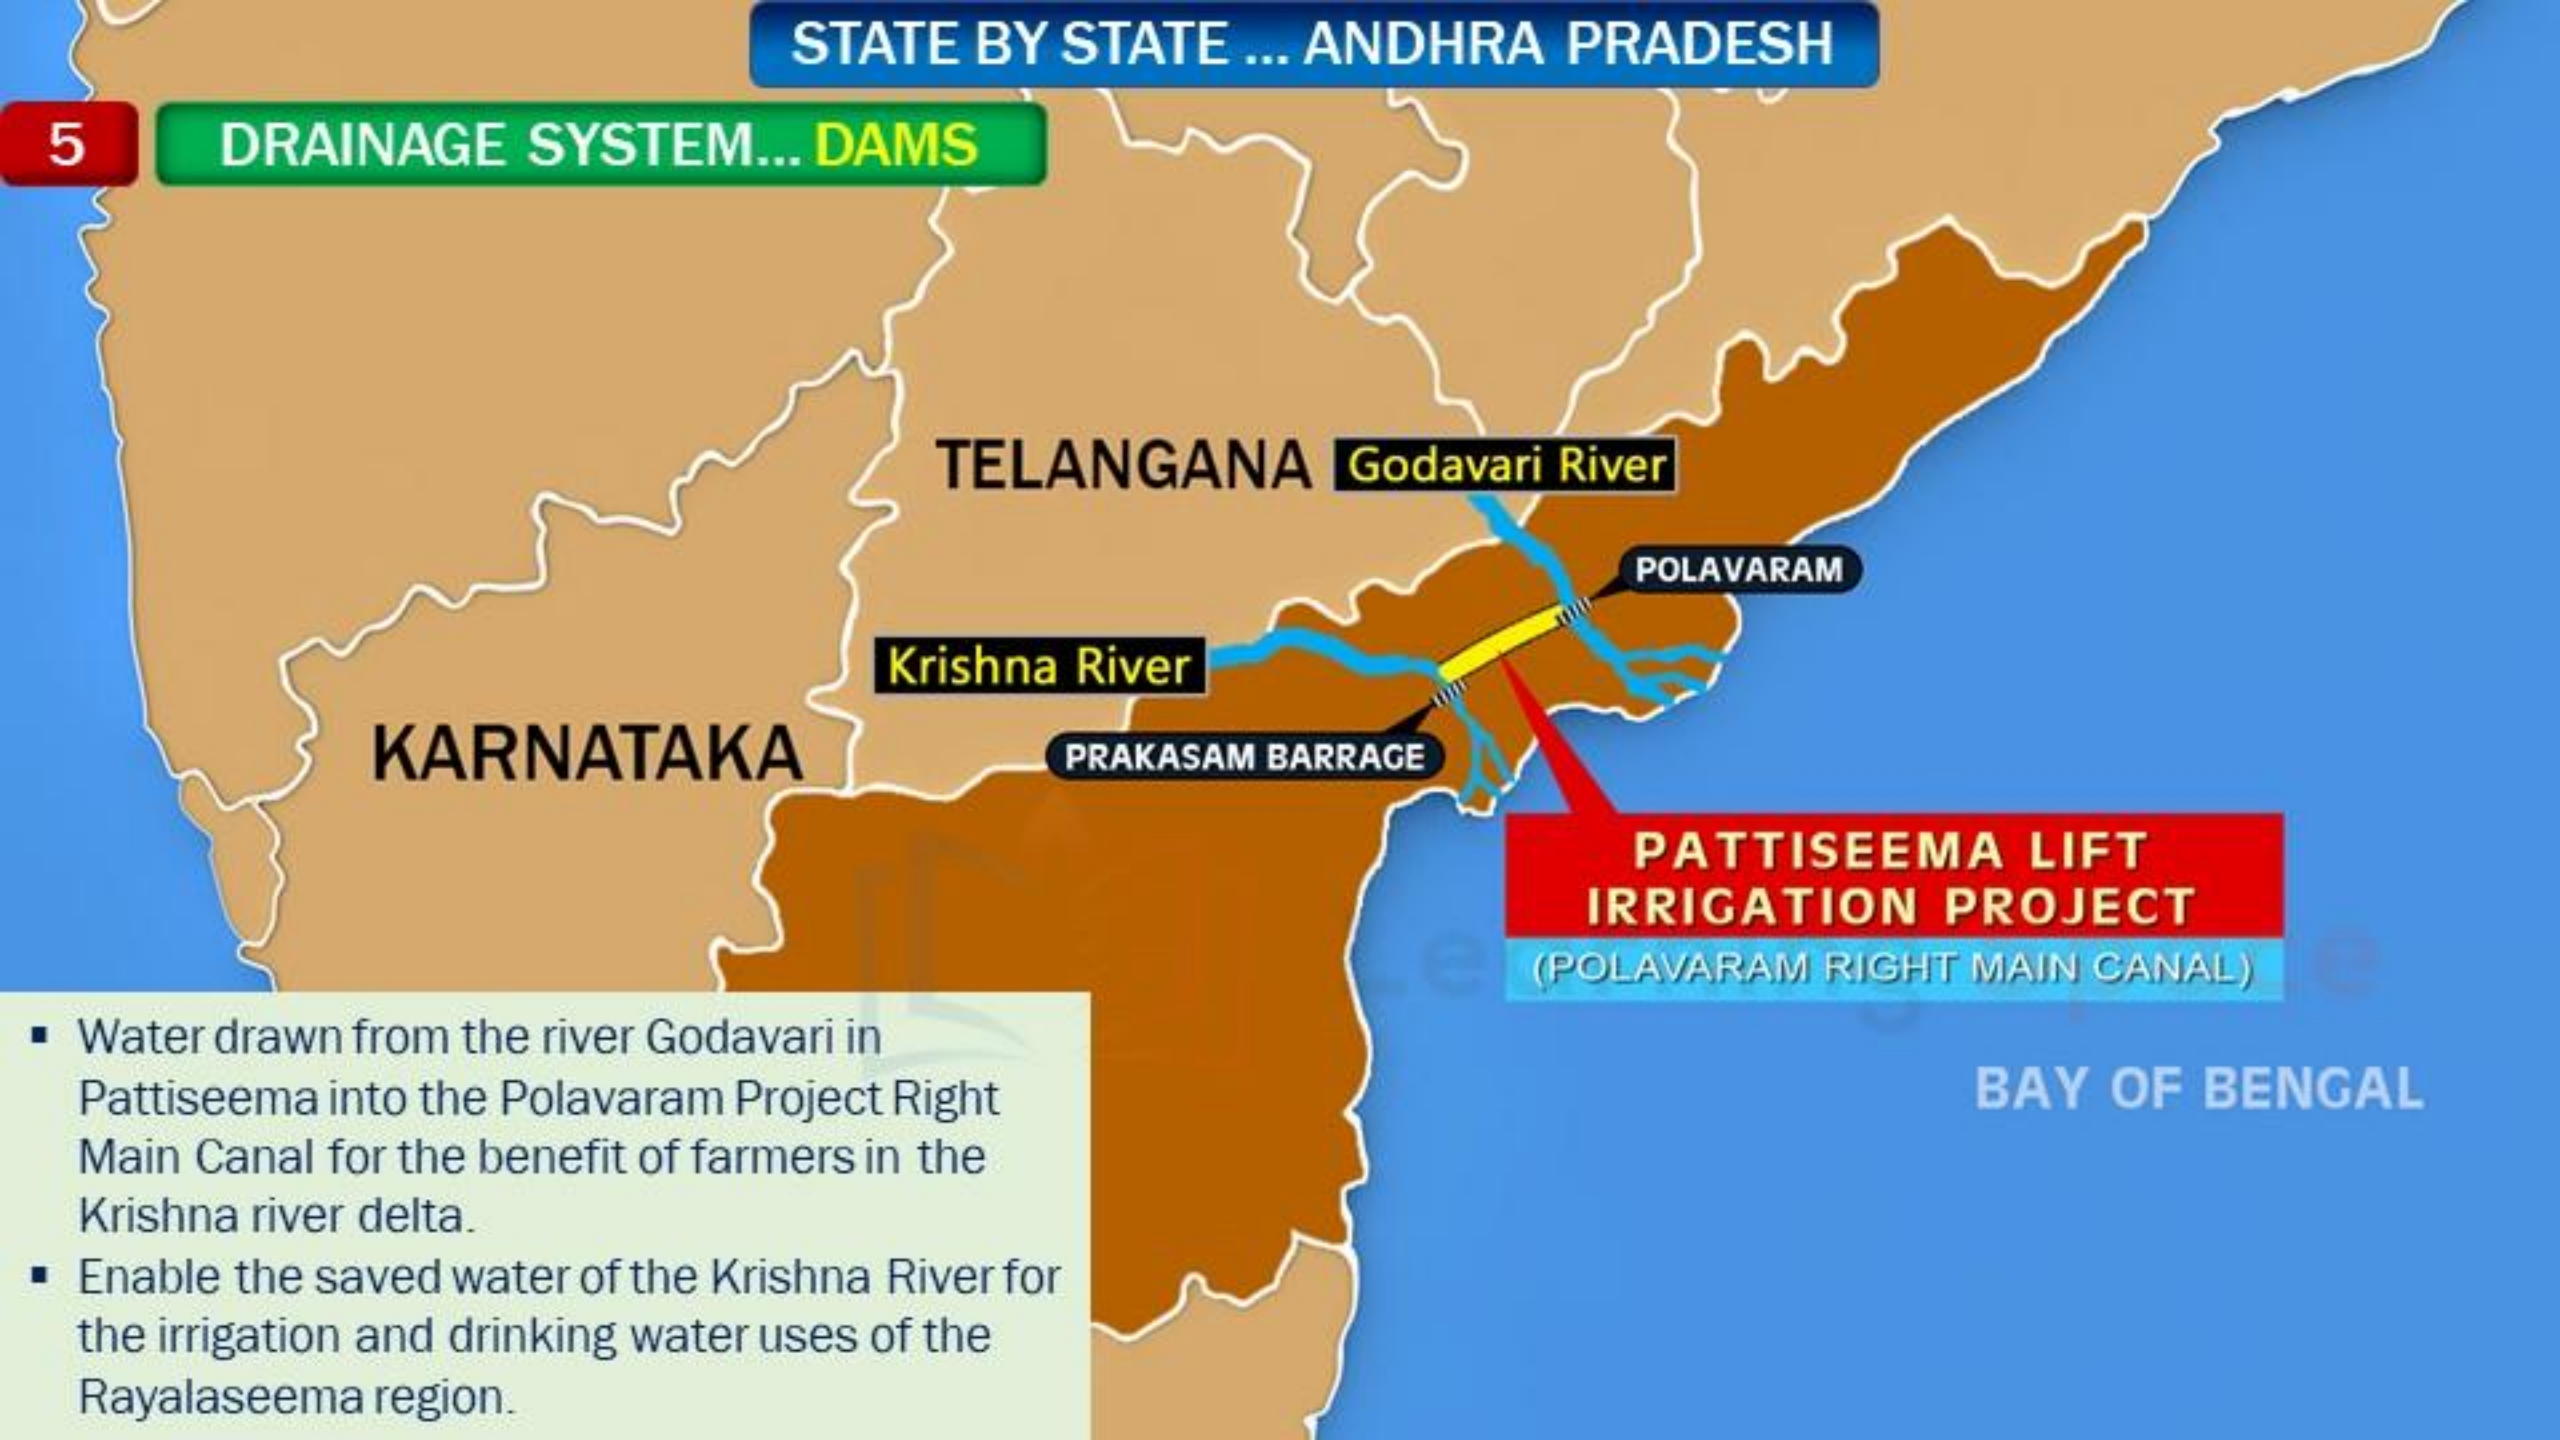

- Across Krishna river at Nagarjuna Sagar which straddles the border between Guntur district (Andhra Pradesh) and Nalgonda district (Telangana).
- Right canal irrigates land in Guntur and Prakasam districts.
- Left canal contributes to both Telangana and Andhra Pradesh.

Prakasam Dam

- Constructed in 1855.
- Across River Krishna.
- Connects Krishna and Guntur districts.
- Apart from irrigation, it supplies water to Buckingham Canal which was initially constructed as an inland navigation canal but was later used as an irrigation water supply canal.

Polavaram Dam

- Under construction multi-purpose National project on the Godavari River.
- Accorded National project status.
- Increases the irrigation potential.
- Source for Pattiseema lift irrigation to transfer Godavari river water to Krishna river.

TELANGANA Godavari River

POLAVARAM

Krishna River

PRAKASAM BARRAGE

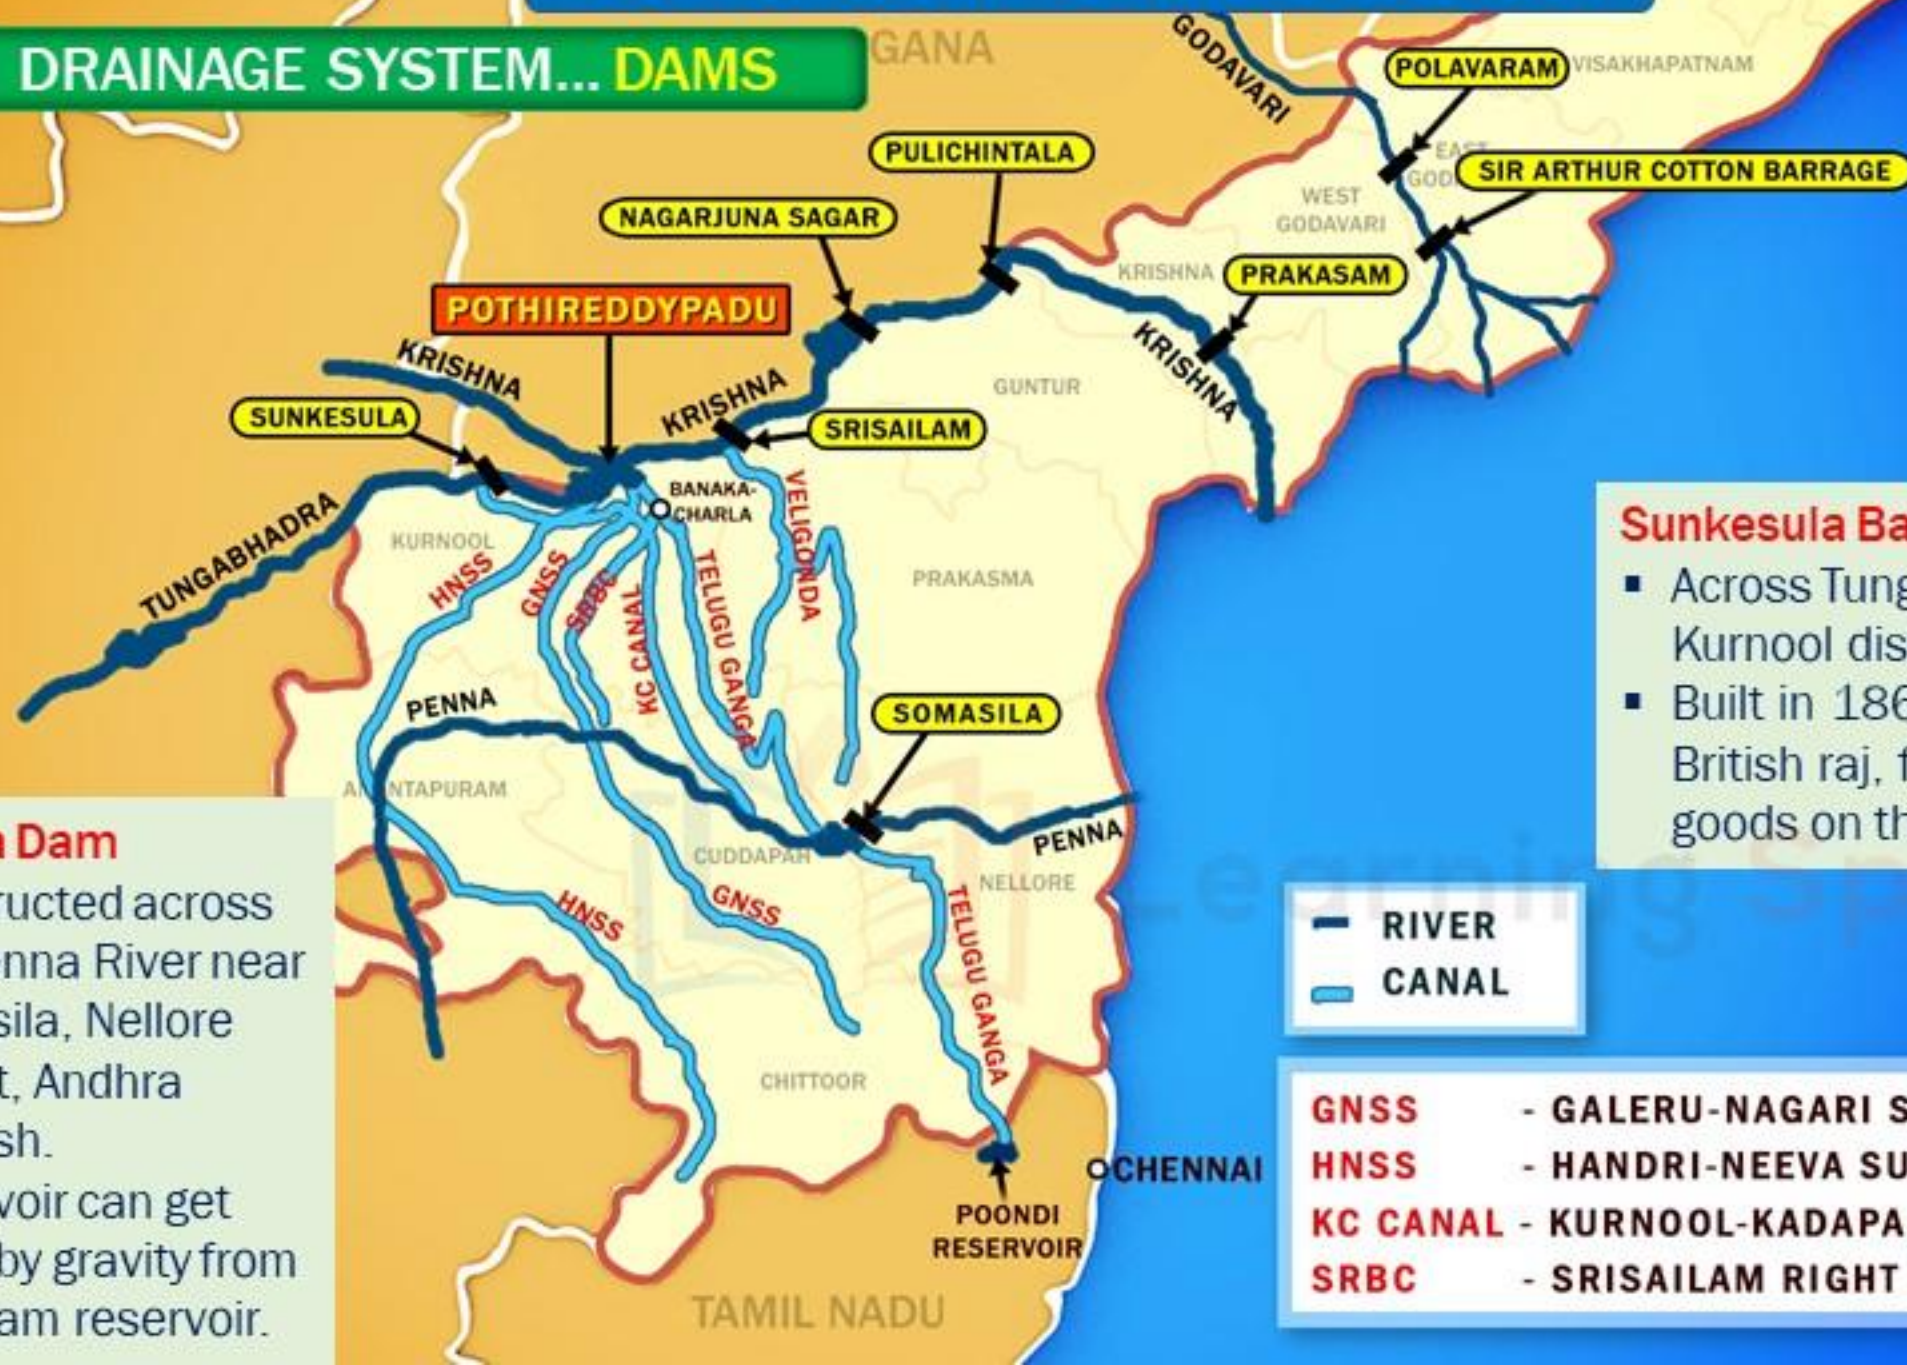

KARNATAKA

**PATTISEEMA LIFT
IRRIGATION PROJECT**

(POLAVARAM RIGHT MAIN CANAL)

BAY OF BENGAL

- Water drawn from the river Godavari in Pattiseema into the Polavaram Project Right Main Canal for the benefit of farmers in the Krishna river delta.
- Enable the saved water of the Krishna River for the irrigation and drinking water uses of the Rayalaseema region.

Sunkesula Barrage:

- Across Tungabhadra River in Kurnool district.
- Built in 1861, during the British raj, for transporting goods on the K. C. Canal.

Somasila Dam

- Constructed across the Penna River near Somasila, Nellore district, Andhra Pradesh.
- Reservoir can get water by gravity from Srisailem reservoir.

5

DRAINAGE SYSTEM... DAMS

VELIGONDA

Irrigation and drinking water to Prakasam, Nellore and Kadapa.

SRBC:

At Banakacherla, SRMC branches into three canals:

- ✓ Right side canal to feed SRBC scheme (irrigate drought prone regions of Kurnool and Kadapa);
- ✓ Left canal to feed the Telugu Ganga; and
- ✓ Middle escape channel to feed K.C. Canal.

— RIVER
— CANAL

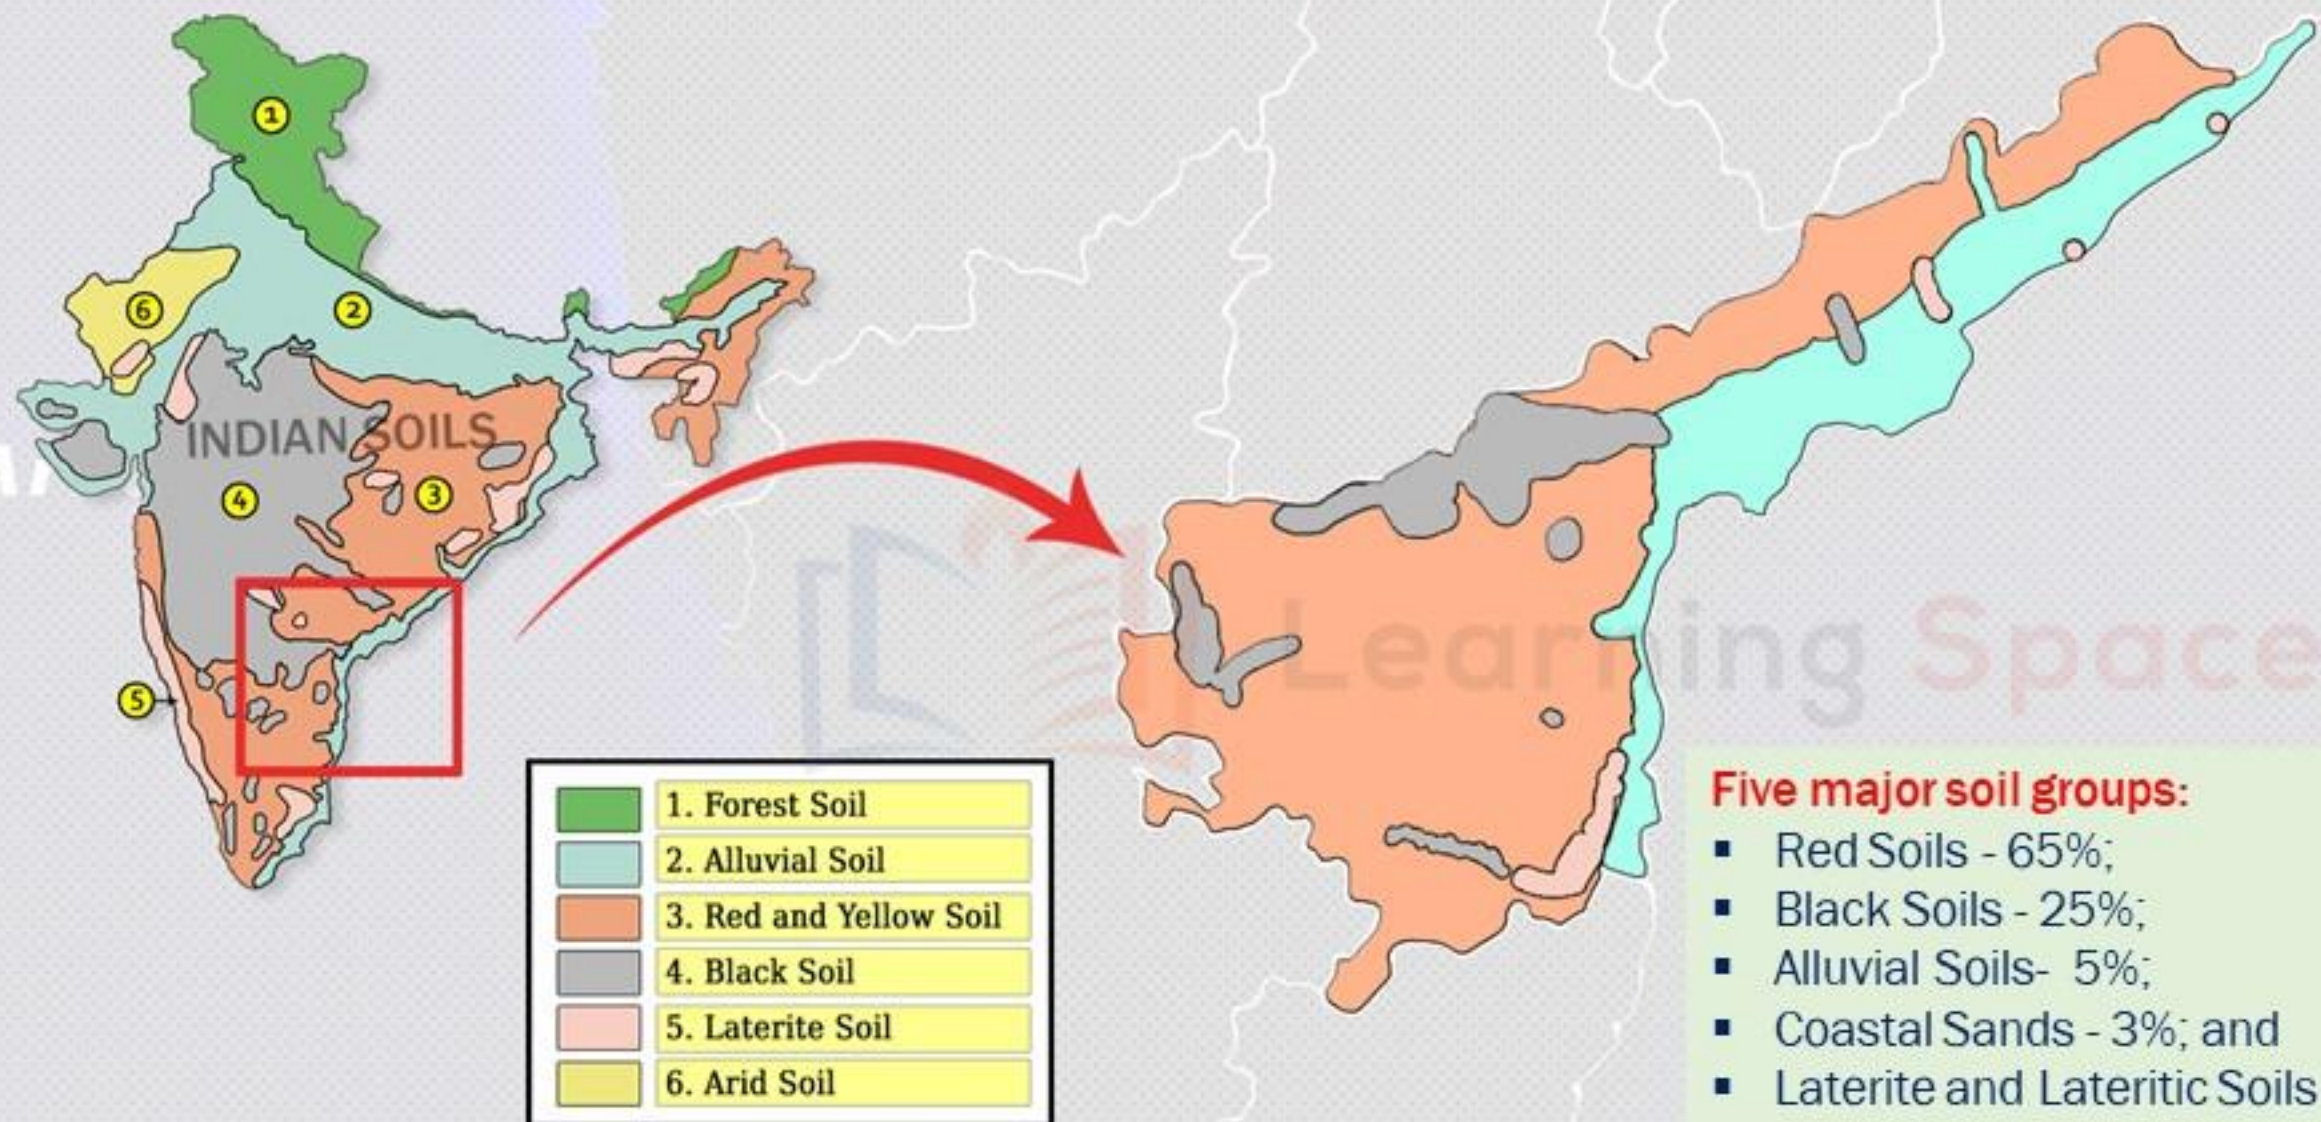

GNSS

Irrigation project in Kadapa and Chittoor districts.

HNSS

Provide irrigation facilities and reliable drinking water supply in Rayalaseema.

GNSS - GALERU-NAGARI SUJALA SRAVANTHI
HNSS - HANDRI-NEEVA SUJALA SRAVANTHI
KC CANAL - KURNOOL-KADAPA CANAL
SRBC - SRISAILAM RIGHT BANK CANAL

KUCHIPUDI

- Kuchipudi style of Yakshagaana was conceived by Siddhendra Yogi
- Guided by his guru Teerthanaaraayana Yogi who composed the Krishna-Leelatarangini. a kaavya in Sanskrit.
- Dance-drama performance consisting Nritta and Natya.
- Mridangam, cymbals, veena, flute and the tambura are used.

KONDAPALLI TOYS

- Cultural icons of Andhra Pradesh.
- Tella Poniki wood gives the toys their unique character.
- No other wood can be a replacement to make these toys as Tella Poniki is malleable and can be easily chiseled into the desired shape.
- Granted GI tag.

THOLU BOMMALATA

- An art form of Shadow puppetry.
- Locally known as Tholu Bommalata.
- Meaning: "The Dance of Leather Puppets".
- Puppets have jointed waist, shoulders, elbows and knees.
- Puppets throw coloured shadows on the screen.
- Themes are drawn from the Ramayana, Mahabharata etc.
- Leather Puppet Making - GI tag. 

BURRA KATHA

- Narrative folk art.
- Has prayers, songs, poems and jokes with regional flavor.
- Katha (story) is narrated by chief storyteller (Kathakudu) by dancing and playing a musical instrument (Tambura).
- Co-performer assists the narrator by playing small drums called Gummata.

KALAMKARI PAINTING

- Hand-painted or block-printed cotton textile.
- Two distinctive styles include the Srikalahasti style and the Machilipatnam style of art (both styles have GI tag).
- Only natural dyes are used in Kalamkari and it involves seventeen painstaking steps.
- Karrupur is a style of Kalamkari that developed in the Thanjavur region during the Maratha rule.

PVTGs in Andhra Pradesh: Bodo Gadaba , Bondo Poroja , Chenchu, Gutob Gadaba, Khond Poroja, Konda Savaras, Parengi Poroja

CHENCHU

- Aboriginal tribe of the central hill regions of Andhra Pradesh.
- Traditional way of life has been based on hunting and gathering.
- Involved in the protection of Tigers in the Nagarjunasagar-Srisailem Tiger Reserve.

KONDA SAVARAS

- Reside in the agency areas of North Andhra.
- Have their own dialect called Savara language.
- Savara village is called Gorjan.
- Shifting cultivation still plays an important role.
- Food gathering and hunting are the important subsidiary occupations.

KONDA REDDY

- Inhabit on both the banks of the Godavari River in the hilly-forest region of Khammam (Telangana) and Srikakulam (Andhra Pradesh).
- They were shifting cultivators but adopted to settled agriculture and horticulture.
- Known for their eco-friendly practices such as use of household articles made of bamboo, bottle gourd, and seed.

JERDON'S COURSER

- Endemic to the Eastern Ghats of Andhra Pradesh and extreme southern Madhya Pradesh.
- Found in the thorny or scrub-covered areas surrounding the Eastern Ghats.
- Currently known only from the Sri Lankamalleswara Wildlife Sanctuary.
- Threatened by the exploitation of scrub-forest, livestock grazing, disturbance and quarrying.
- IUCN Status: Critically Endangered

PEACOCK PARACHUTE SPIDER

- Known habitat is in degraded forests near Nandyal in Andhra Pradesh.
- Recently, it was spotted in a cave in Pakkamalai Reserve Forests in Eastern Ghats near Gingee in Villupuram district of Tamil Nadu.
- Also known as Gooty Tarantula.
- Endemic to India.
- Considered as biological pest controller.
- IUCN Status: Critically Endangered

17

IN NEWS

SOUTH INDIA'S EARLIEST SANSKRIT
INSCRIPTION

- Archaeological Survey of India (ASI) has discovered Sanskrit inscription in Guntur district.
- Earliest Sanskrit inscription in South India as on date.
- Earliest epigraphic evidence for 'Saptamatrika' cult so far.
- Saptamatrikas are a group of seven female deities worshipped in Hinduism as personifying the energy of their respective consorts.
- Inscription is in Sanskrit and in Brahmi characters.
- Issued by Satavahana king Vijaya in 207 A.D.

RED SANDERS

- Endemic to several districts in Andhra Pradesh and some parts of Tamil Nadu and Karnataka.
- Known for its therapeutic properties, it is high in demand across Asia, particularly in China and Japan, for use in cosmetics and medicinal products as well as for making furniture, woodcraft and musical instruments.
- Listed in Appendix II of CITES.
- Ministry of Commerce and Industry (Directorate General of Foreign Trade (DGFT)) has revised export policy to permit the export of red sanders if it is obtained from cultivated land.

TIGER TRIUMPH

- India and USA held their first tri-services exercise code-named as 'Tiger Triumph' at Visakhapatnam and Kakinada in Andhra Pradesh.
- Only second time that India deployed its tri-services for an exercise with a foreign country after 'Indra wargames' with Russia.

DISHA ACT

- Amends relevant provisions of Indian Penal Code, 1860 and Code of Criminal Procedure Act, 1973.
- Envisages the completion of investigation in 7 days and trial in 14 working days, where there is adequate conclusive evidence, and reducing total judgment time to 21 days from existing 4 months.
- Prescribes, death penalty for rape crimes where there is adequate conclusive evidence.
- Punishment for harassment of women through social media.
- Special courts in every district of Andhra Pradesh.
- Special Police Teams for investigation of offences related to women and children.
- Bill is yet to get the President's consent.

DURGI STONE CARVINGS

- Were unique as they were sculpted in stone from soft limestone, which is available only in the Palnadu region.

ETIKOPPAKA TOYS

- Art of making traditional wooden Etikoppaka toys.
- More than 400 years old.
- Also known as turned wood Lacquer craft.
- Wood used is from 'Ankudi Karra' tree that is soft in nature.
- Toys are unique in shape and form.

BANGANAPALLE MANGO

- Received GI tag.
- Fruits can retain their quality under cold storage even up to three months.
- Skin has very light spots.
- Stone is oblong in shape and has very thin seed with sparse and soft fibre all over.

17

IN NEWS – GI TAGS

ALLAGADDA STONE CARVINGS

- Sculptors widely use sand stone called *isuka rai* and Krishna Sila Stone or Black Stone, called *pesara rai* in local language.
- Allagadda sculptors strictly follow the ancient knowledge of 'Shilpa Sastra' and in Vijayanagara style.

ARAKU VALLEY ARABICA COFFEE

- Uniqueness is that it is organic and cultivated by Adivasi.
- Peculiar mix of climate in Araku (hot days and cool nights) coupled with naturally iron-rich soil lends the Araku coffee body, intensity and a rich aroma.
- Has demand across France, Sweden, Dubai and Switzerland.
