MODULE - 25

STATE BY STATE ... RAJASTHAN

1

HIGHS AND LOWS

1

Rajasthan came into existence on March 30, 1949 but unification continued till 1956 in 7 stages

2

Rajasthan is the largest Indian state by area

3

Aravali Range is the oldest mountain range in India

4

Sambhar lake is the largest inland saltwater lake in India

5

Kalibangan is world's earliest ploughed field.

6

Pushkar Fair has world's largest Camel Fair

7

Thar Desert or the Great Indian Desert is India's largest and world's 18th largest desert.

8

Ajmer Sharif Dargah is the holy shrine and tomb of Saint Khwaja Moinuddin Chishti

REGIONS

PAKISTAN

Dune free Tract

Marusthali

Ghaggar Plain

Shekhawati Region

Nagaur Upland

North Eastern Aravalli
Range or Alwar Range

Banas
Plain

Vindhyan
Scarplands

Luni Basin

Chambal
Basin

Deccan
Lava
Plateau

Abu Block region

Central Aravalli Range

Middle
Mahi
Plain

Mewar Rocky Region or
Bhorat Plateau

GUJARAT

MADHYA PRADESH

Physiographic Divisions:

1. Western Sandy Plains

A) Sandy Arid Plains

- Marusthali
- Dune free Tract

B) Bagar(Semi Arid)

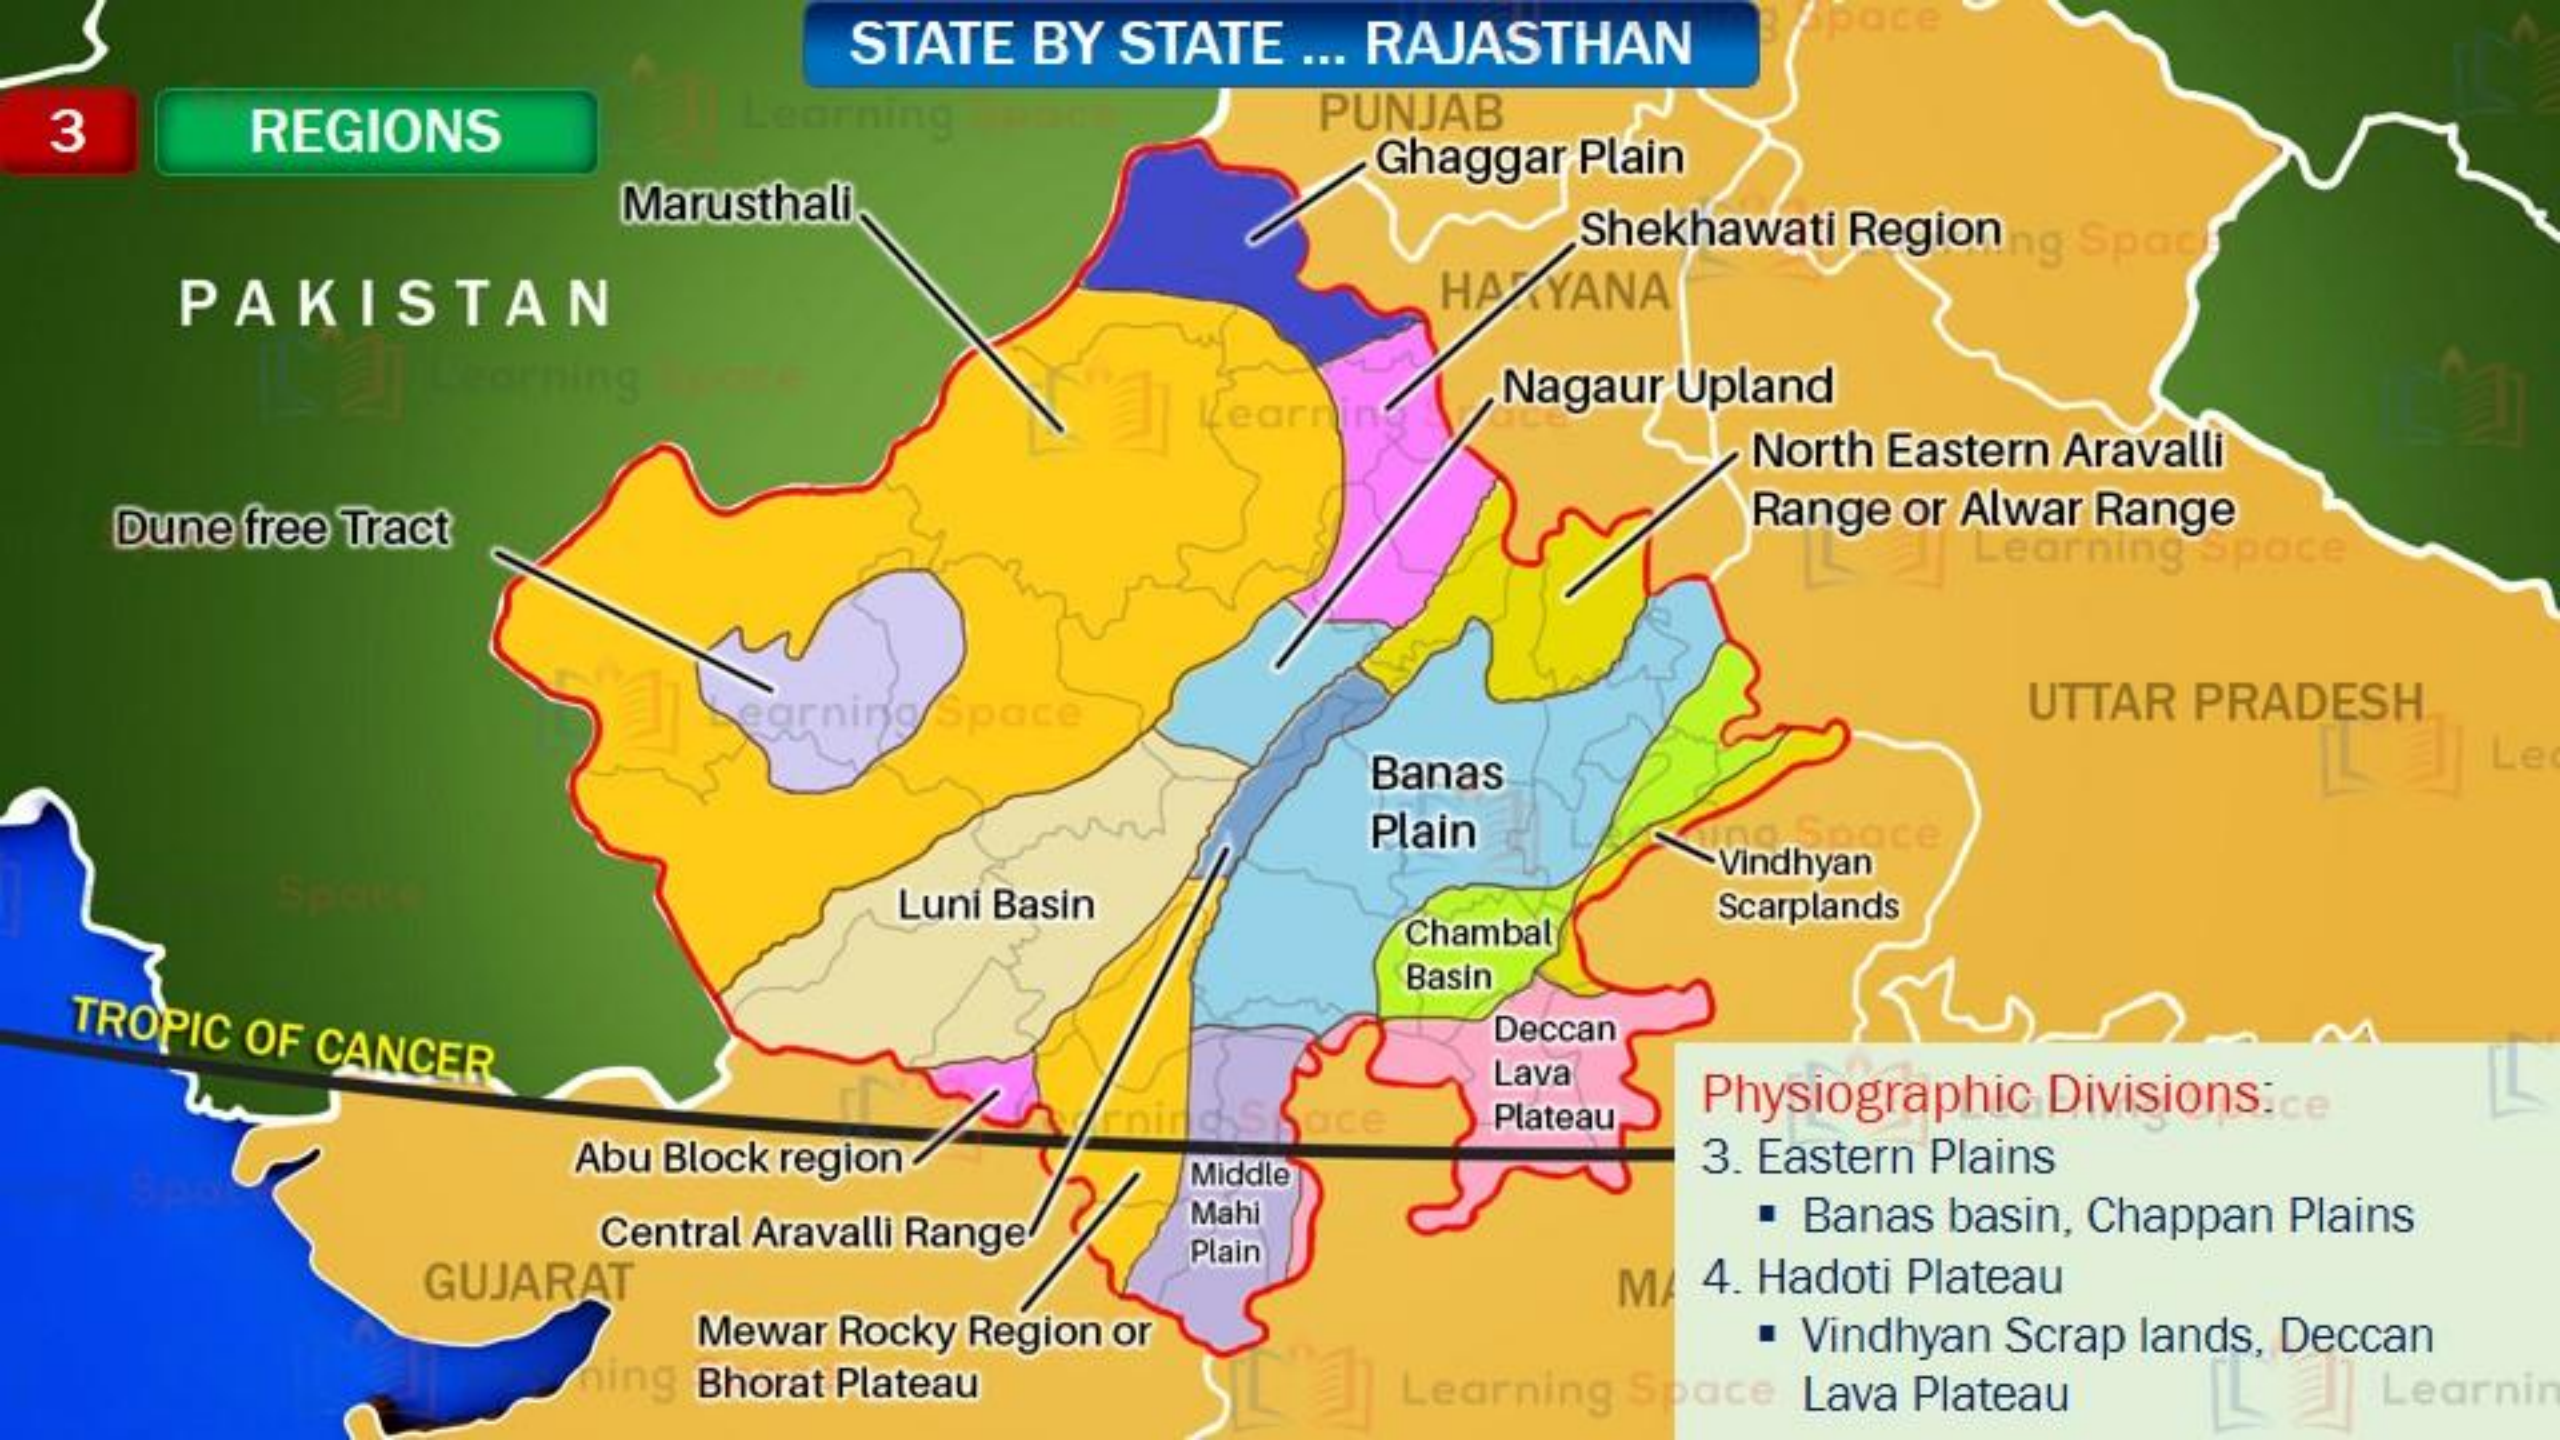

- Luni basin
- Sekhawati Tract
- Ghaggar Plains

2. Aravali and Bhorat
Plateau

STATE BY STATE ... RAJASTHAN

3

REGIONS

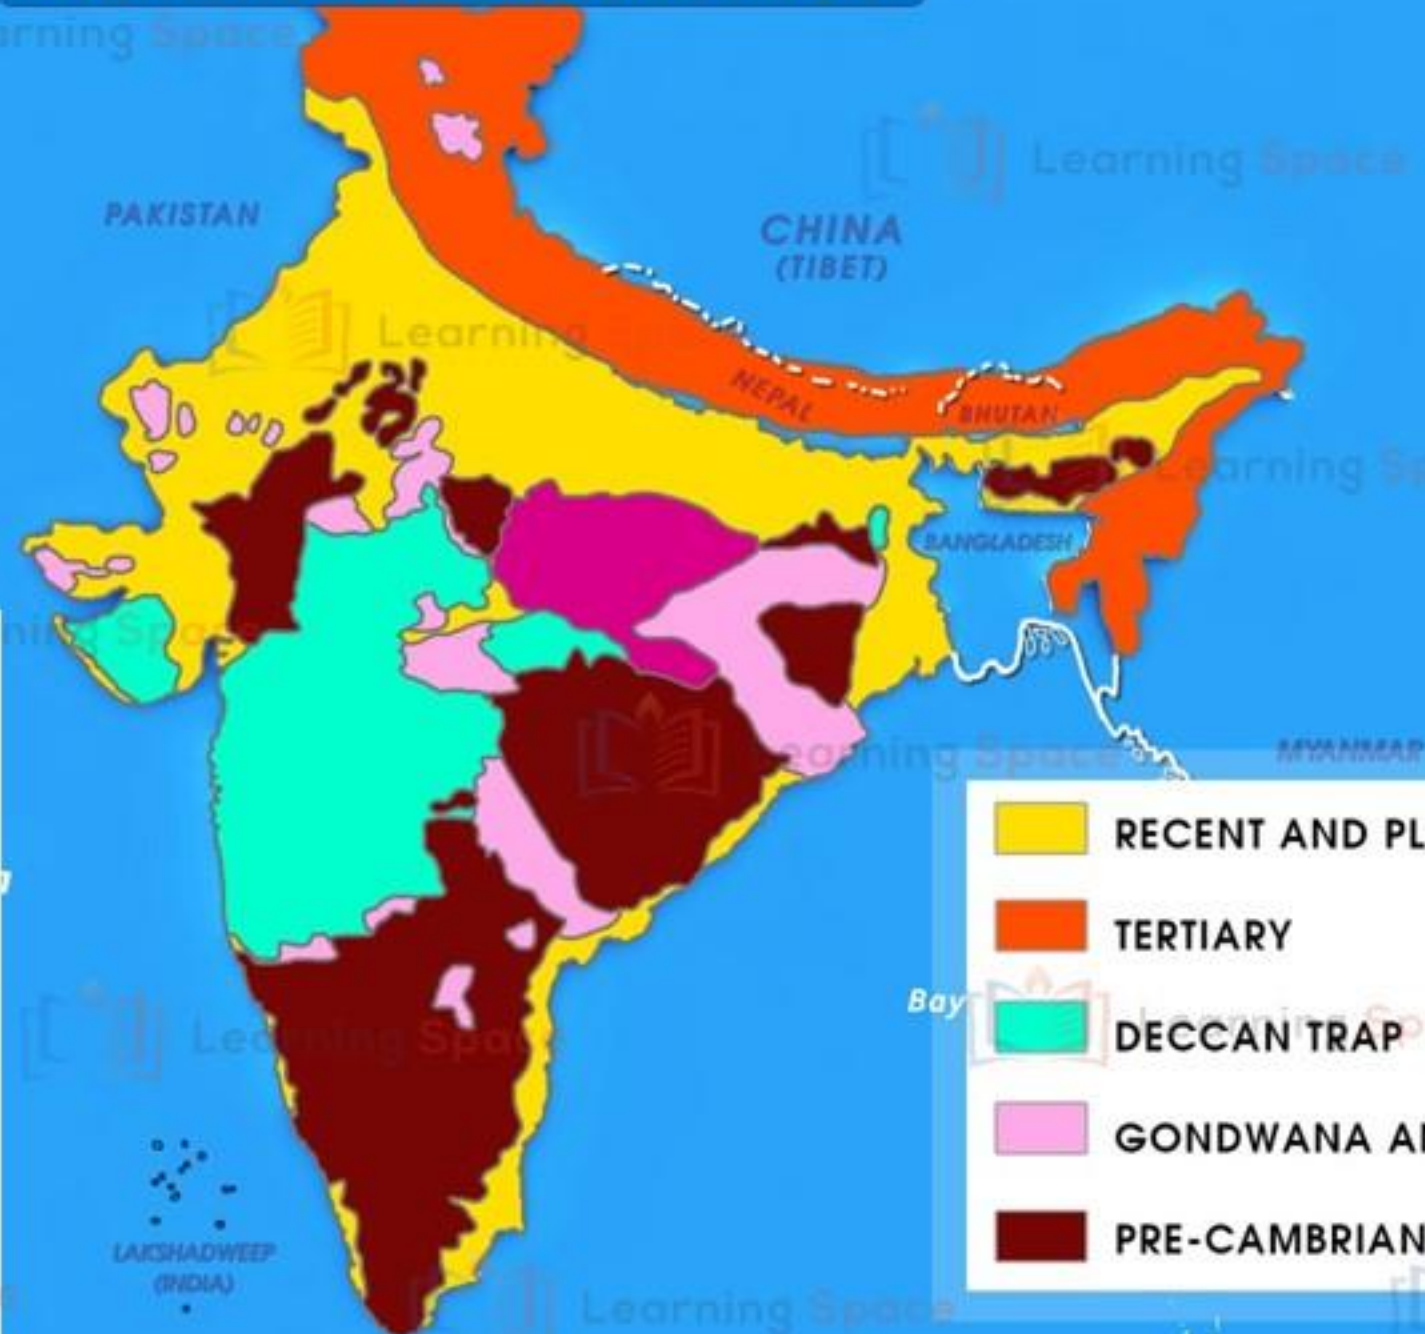

Physiographic Divisions:

3. Eastern Plains

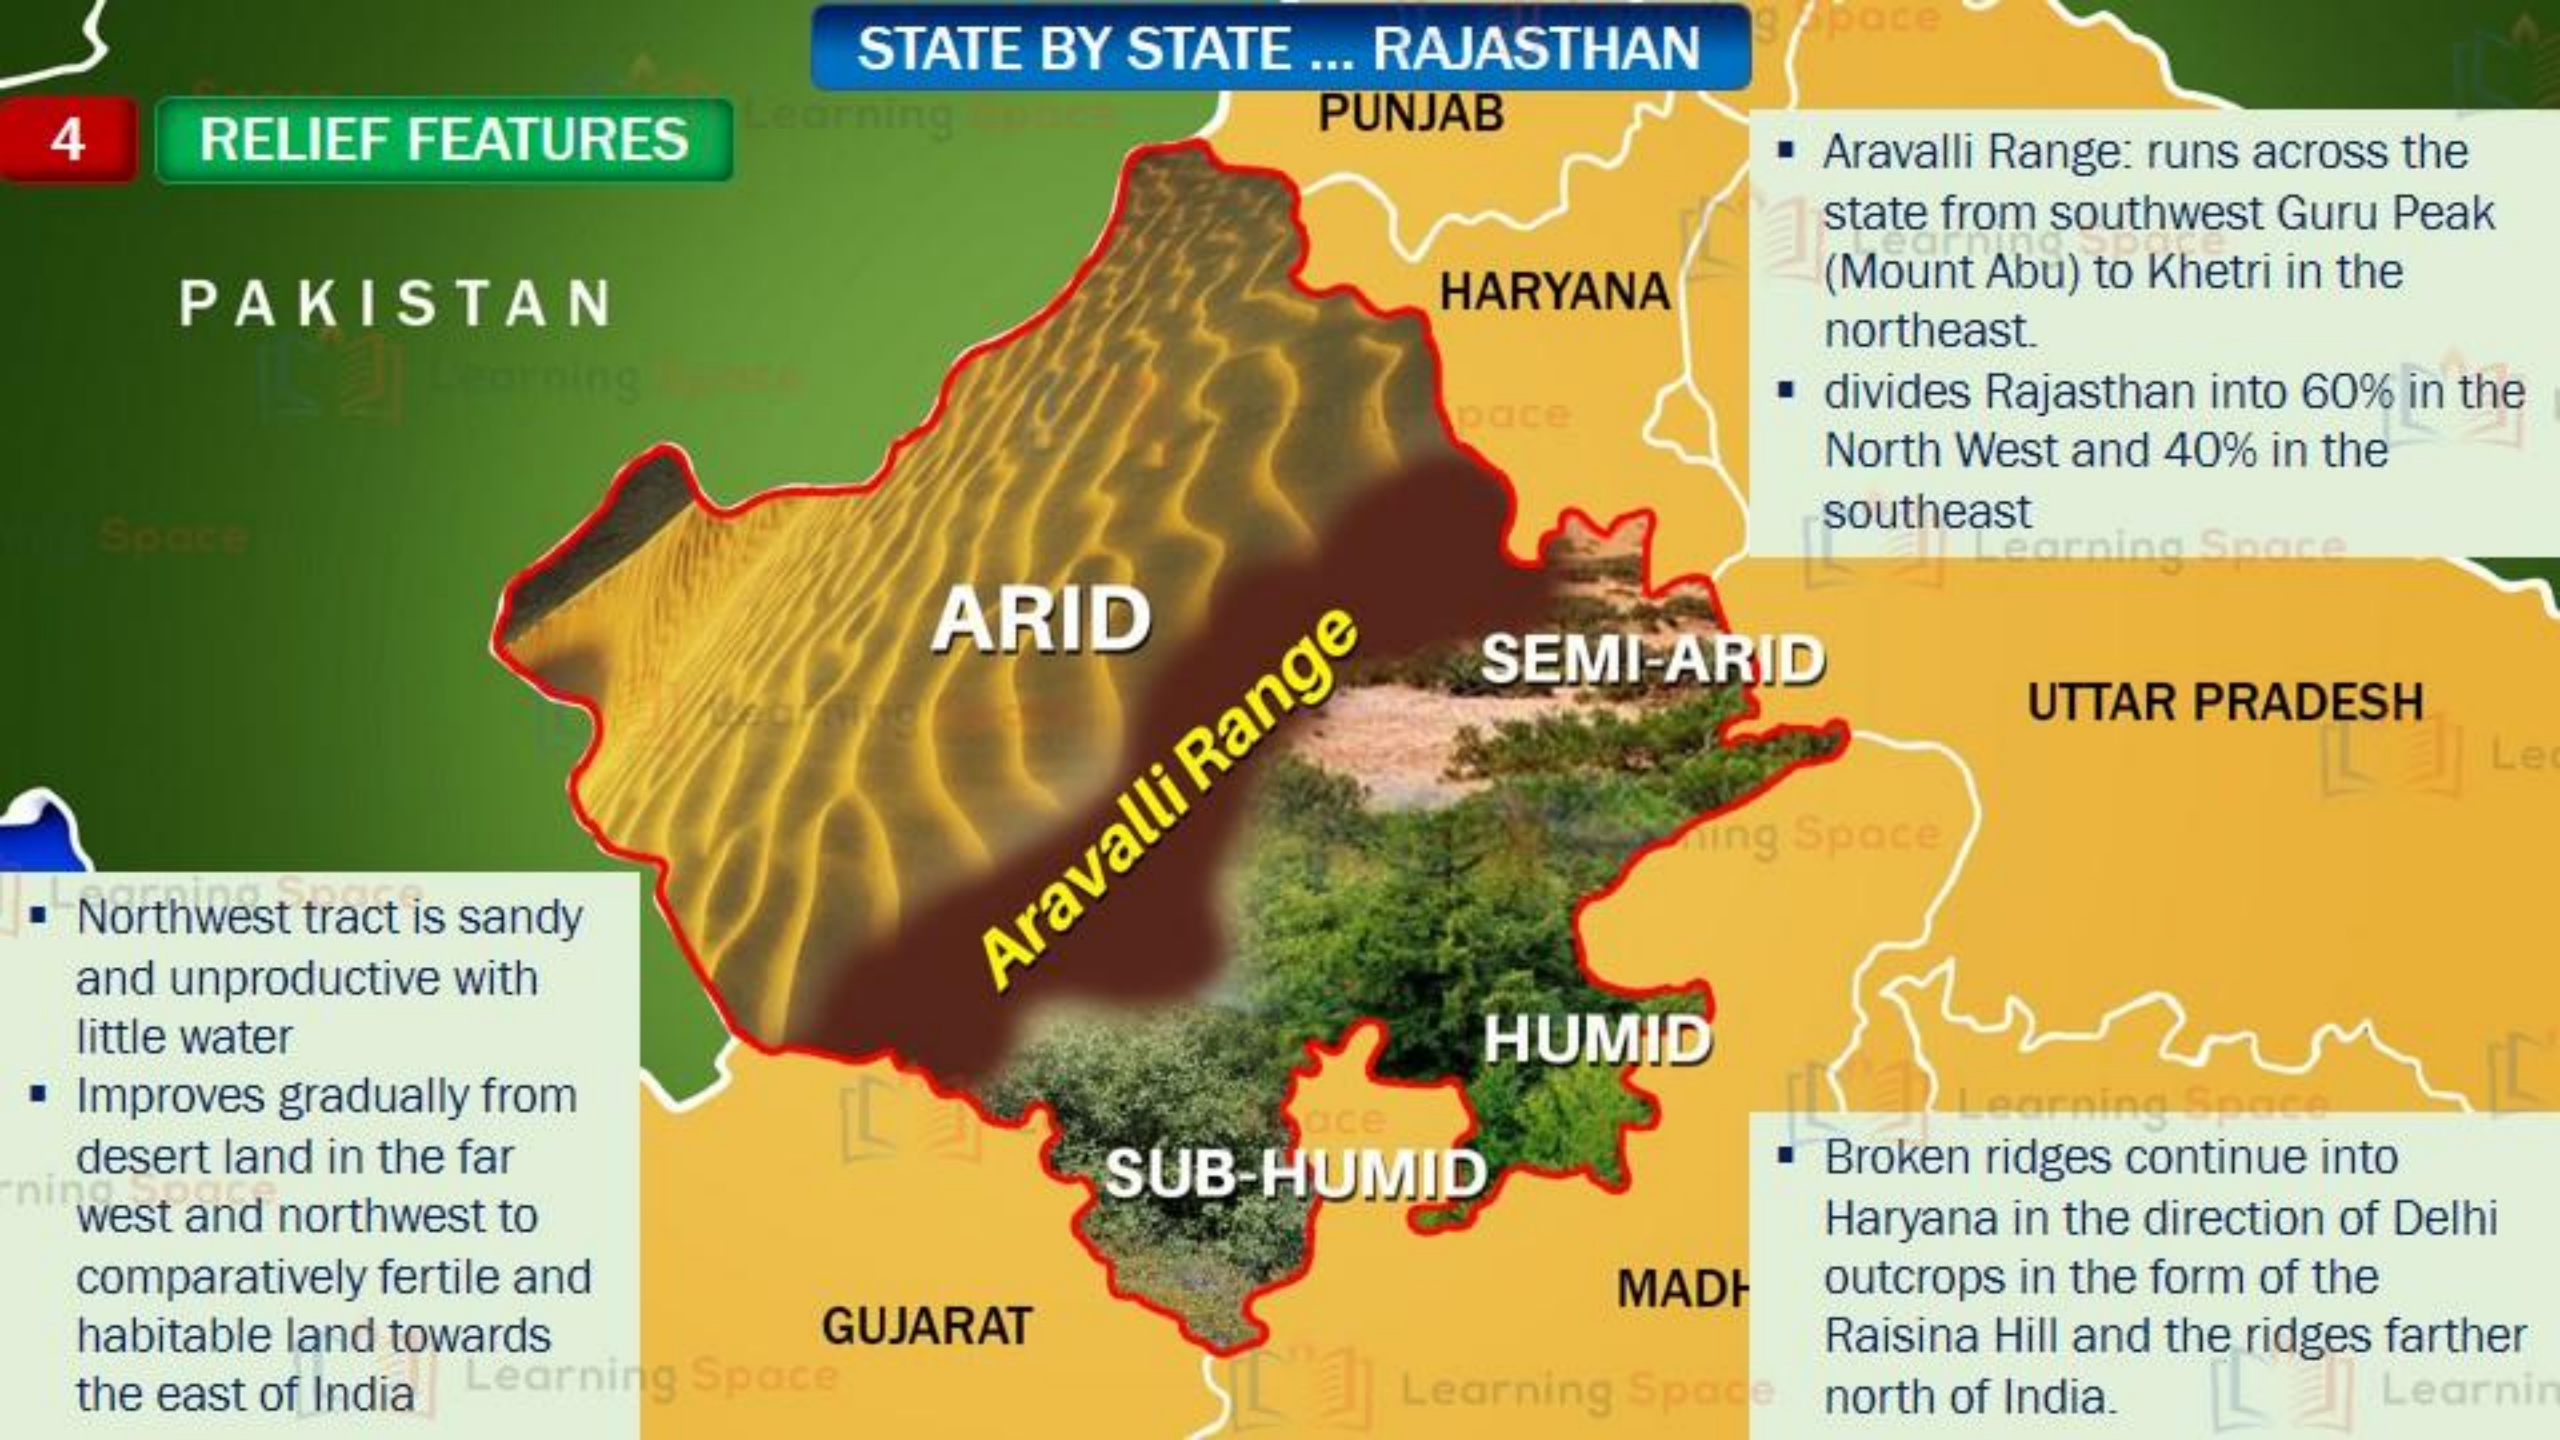

- Banas basin, Chappan Plains

4. Hadoti Plateau

- Vindhyan Scrap lands, Deccan Lava Plateau

- Co-existence of most ancient Pre-Cambrian rocks to recent alluvial and wind blown sand.
- Archean – Central and South-Eastern Plains.
- Proterozoic - along Aravalis, North and North Western state.
- Cenozoic - Barmer and Jaisalmer basins in west and Ganganagar-Palana in the north.
- Quaternary(Recent and Pleistocene)- western Thar Desert

- Aravalli Range: runs across the state from southwest Guru Peak (Mount Abu) to Khetri in the northeast.
- divides Rajasthan into 60% in the North West and 40% in the southeast

- Northwest tract is sandy and unproductive with little water
- Improves gradually from desert land in the far west and northwest to comparatively fertile and habitable land towards the east of India

- Broken ridges continue into Haryana in the direction of Delhi outcrops in the form of the Raisina Hill and the ridges farther north of India.

PAKISTAN

PUNJAB

HARYANA

GUJARAT

MADHYA PR

LUNI

- Largest river in the Thar desert in north-west India.
- Originates in Pushkar valley of the Aravalli Range.
- Passes through the southeastern portion of the Thar Desert
- Ends in the marshy lands of Rann of Kutch in Gujarat

SABARMATI RIVER

- Originates in the Aravalli Range
- Travels in south-westerly direction across Rajasthan and Gujarat
- River traverses rocky uplands, middle alluvial plains, and lower estuarine zone
- Meets the Gulf of Cambay of Arabian Sea

STATE BY STATE ... RAJASTHAN

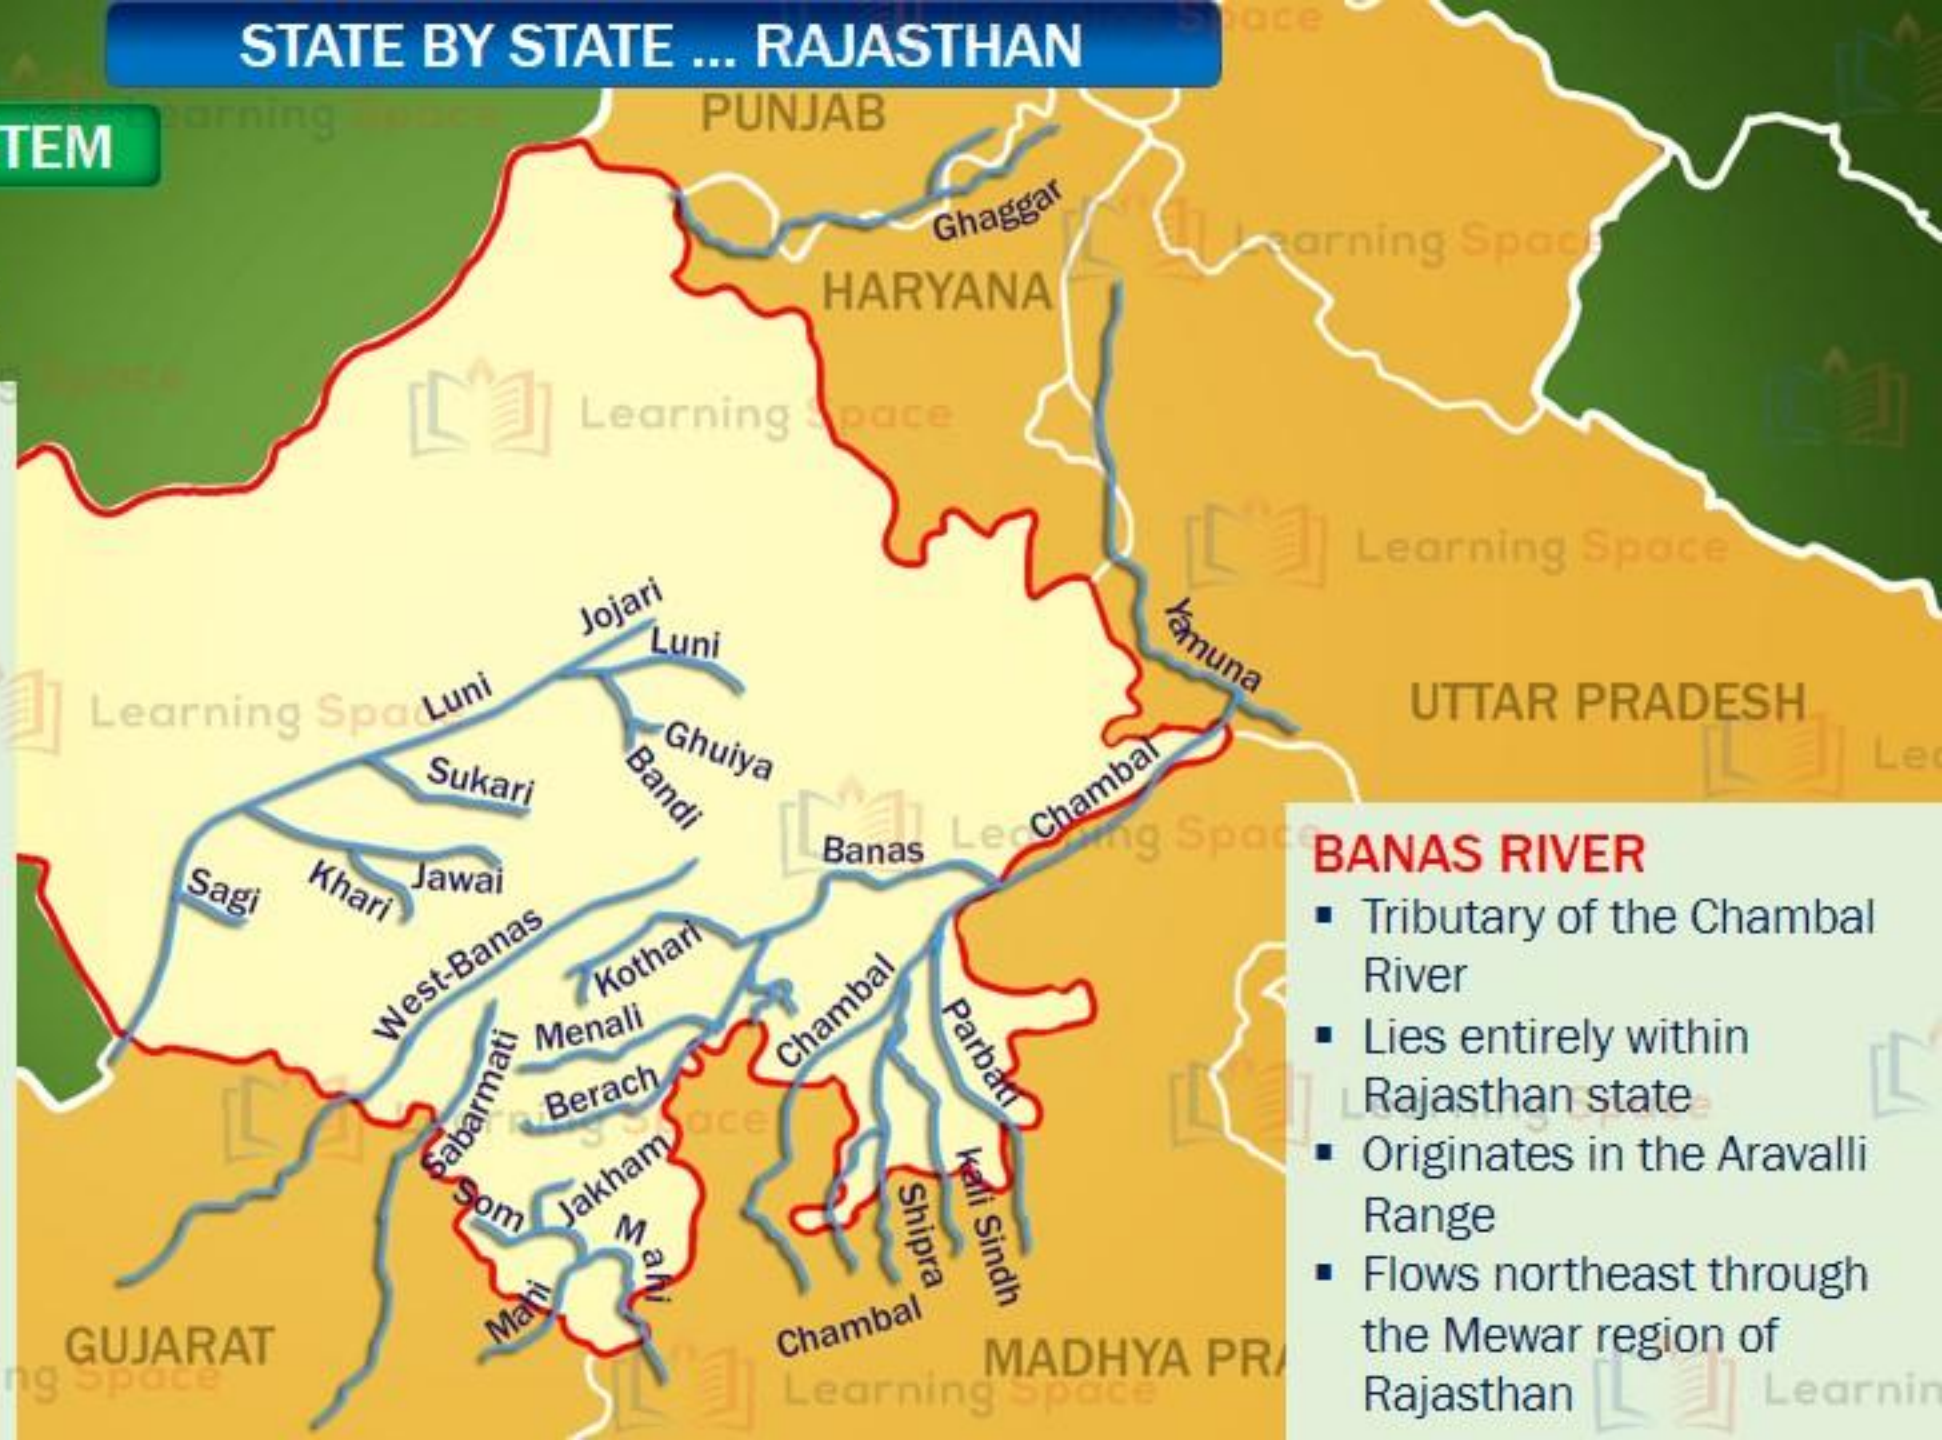

5

DRAINAGE SYSTEM

PAKISTAN

CHAMBAL RIVER

- Tributary of the Yamuna River
- Originates in Madhya Pradesh
- River flows north-northeast through Madhya Pradesh and enters Rajasthan, then forming the boundary between Rajasthan and Madhya Pradesh before merging in Yamuna
- Badland topography is a characteristic feature of the Chambal valley

BANAS RIVER

- Tributary of the Chambal River
- Lies entirely within Rajasthan state
- Originates in the Aravalli Range
- Flows northeast through the Mewar region of Rajasthan

STATE BY STATE ... RAJASTHAN

5 DRAINAGE SYSTEM - DAMS

JAWAI BANDH

- Biggest dam in the western Rajasthan.

MEJA DAM

- Main source of drinking water for Bhilwara city as well as surrounding area.

MAHI BAJAJ SAGAR

- Longest dam and second largest dam in Rajasthan.

DAMS

Bisalpur	- Banas River
Meja	- Kothari River
Jawahar Sagar	- Chambal River
Rana Pratap Sagar	- Chambal River
Gandhi Sagar	- Chambal River
Mahi Bajaj Sagar	- Mahi River
Jawai Bandh	- Jawai river

STATE BY STATE ... RAJASTHAN

5 DRAINAGE SYSTEM - DAMS

CHAMBAL VALLEY PROJECT

- Joint venture of Rajasthan and Madhya Pradesh initiated in 1954
- Aims at harnessing the Chambal River for irrigation, power generation and for prevention and control of soil erosion in the valley
- Gandhi Sagar, Rana Pratap Sagar, Jawahar Sagar are part of it

BISALPUR DAM

- Gravity dam on the Banas River
- Bisalpur-Jaipur project provides drinking water from the Banas to Jaipur city

Jawai Bandh

Bisalpur

Meja

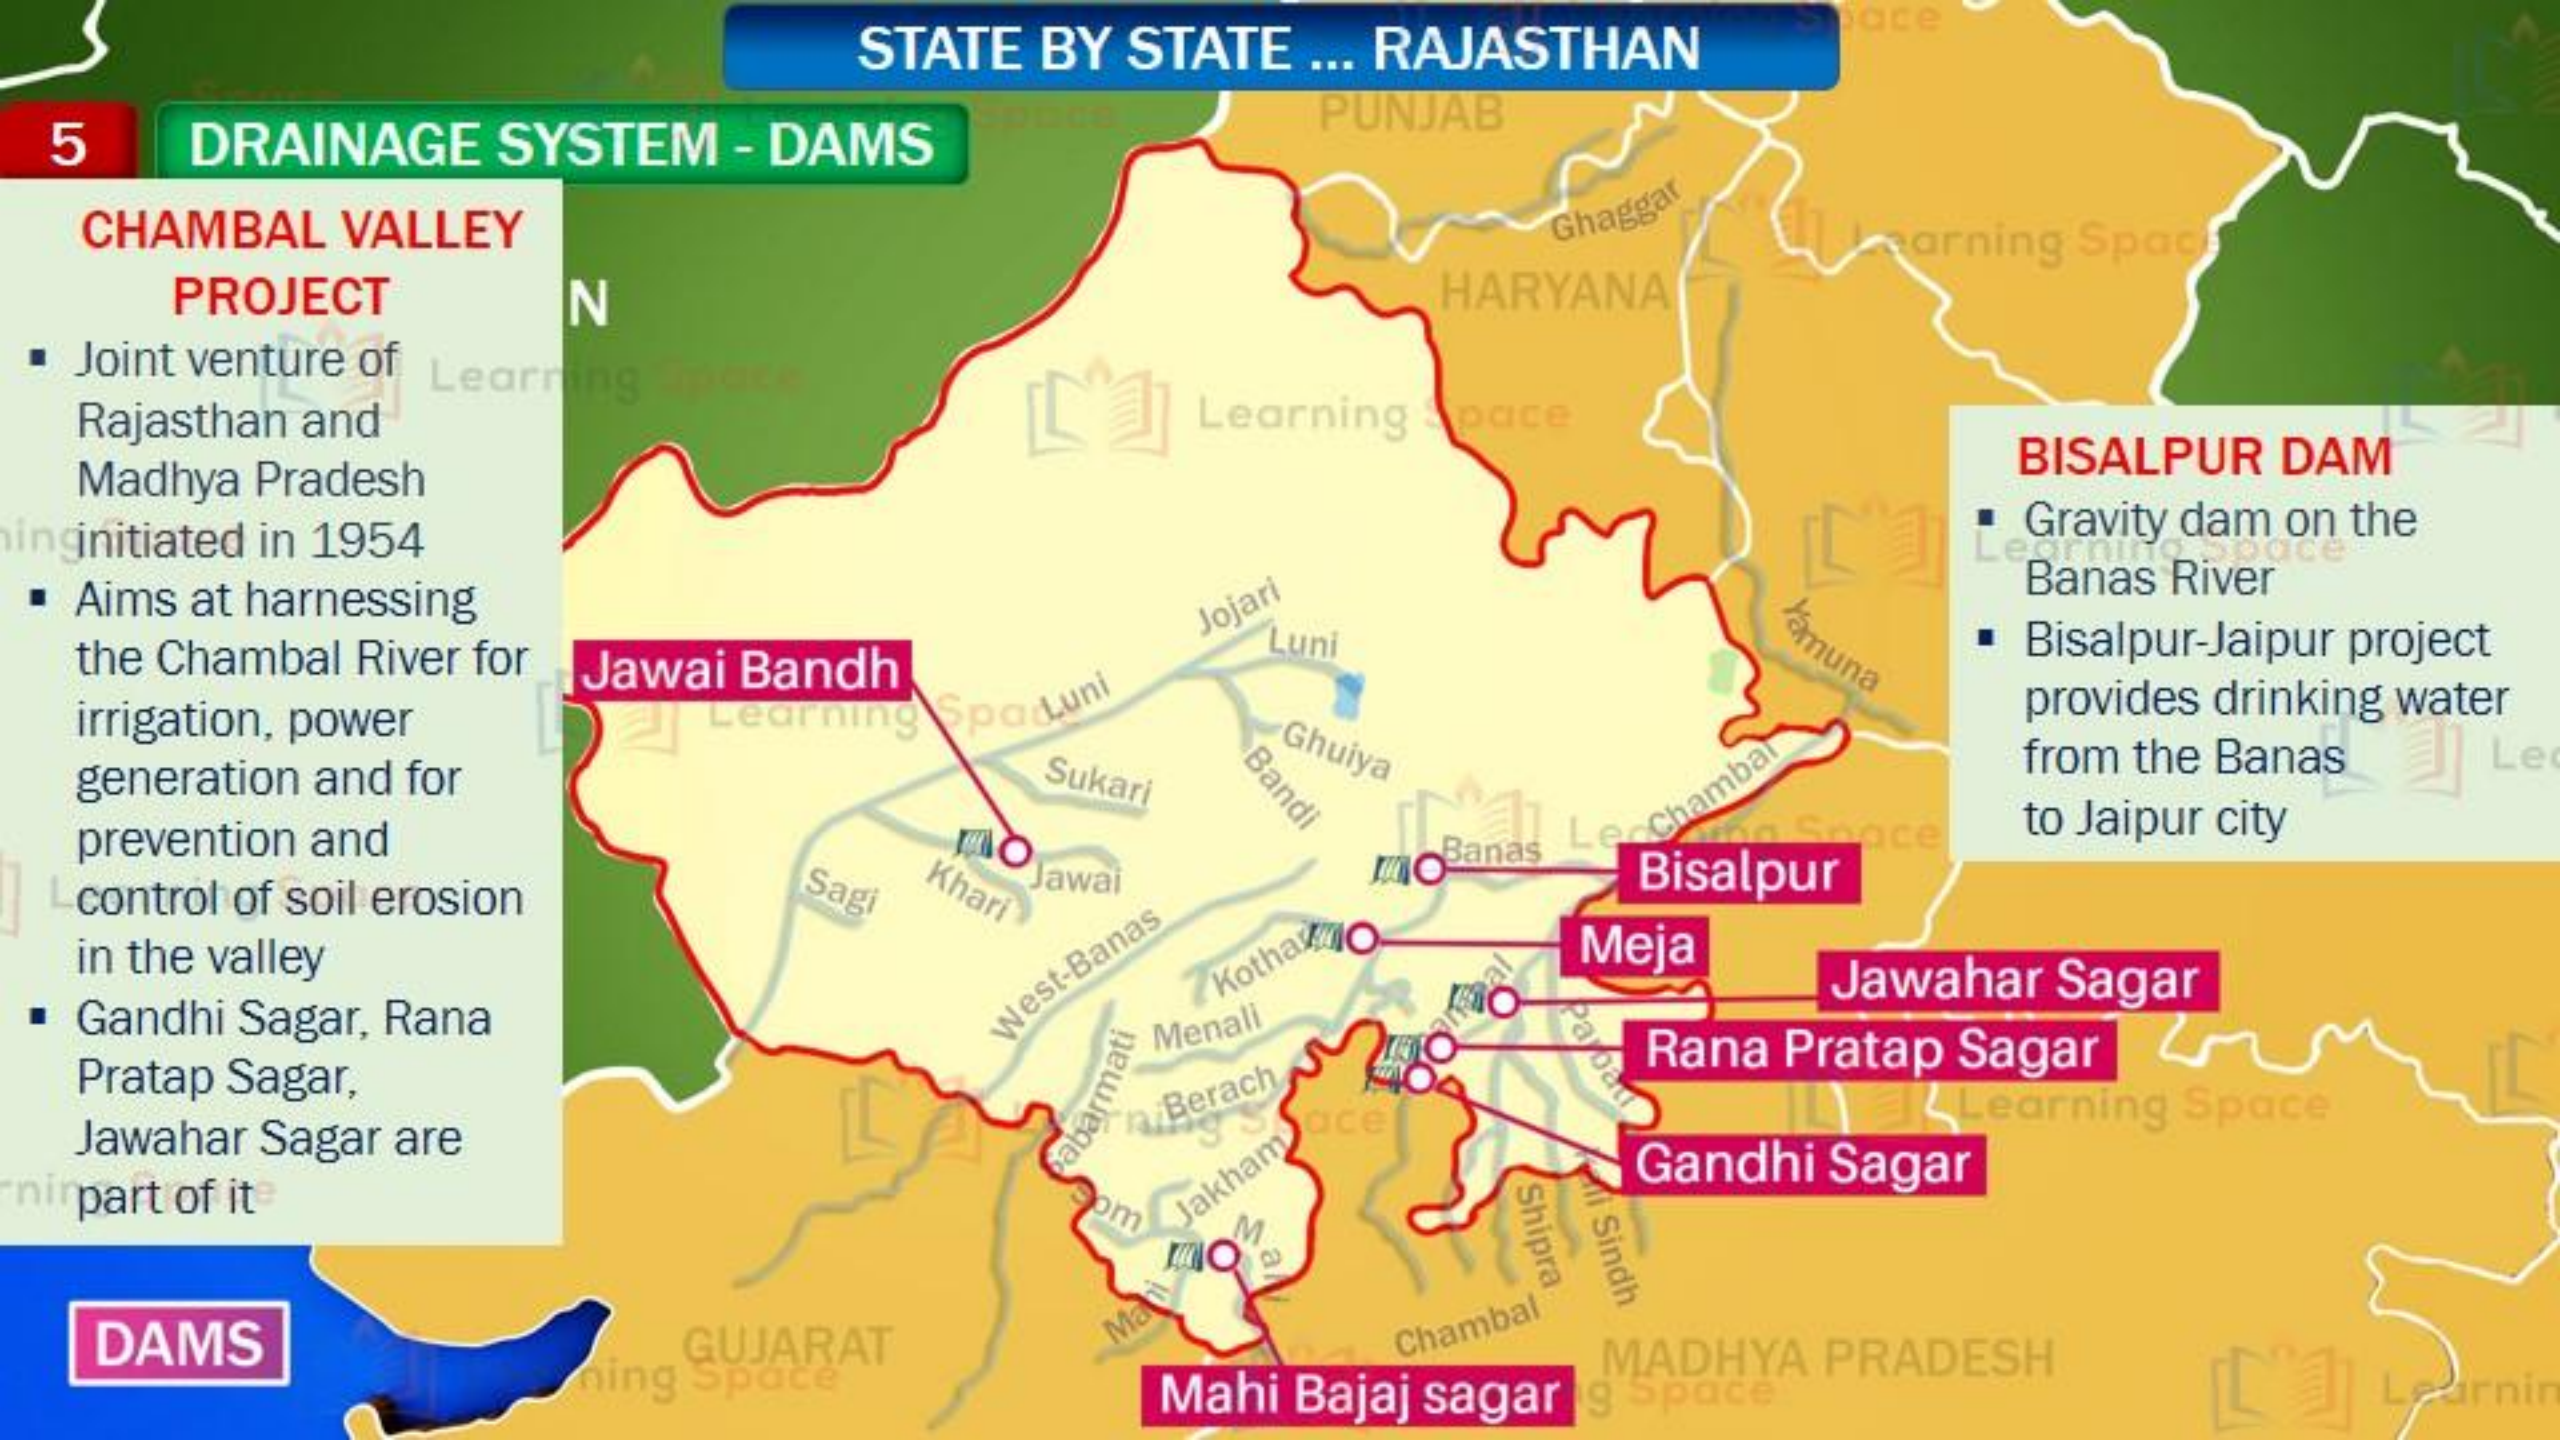

Jawahar Sagar

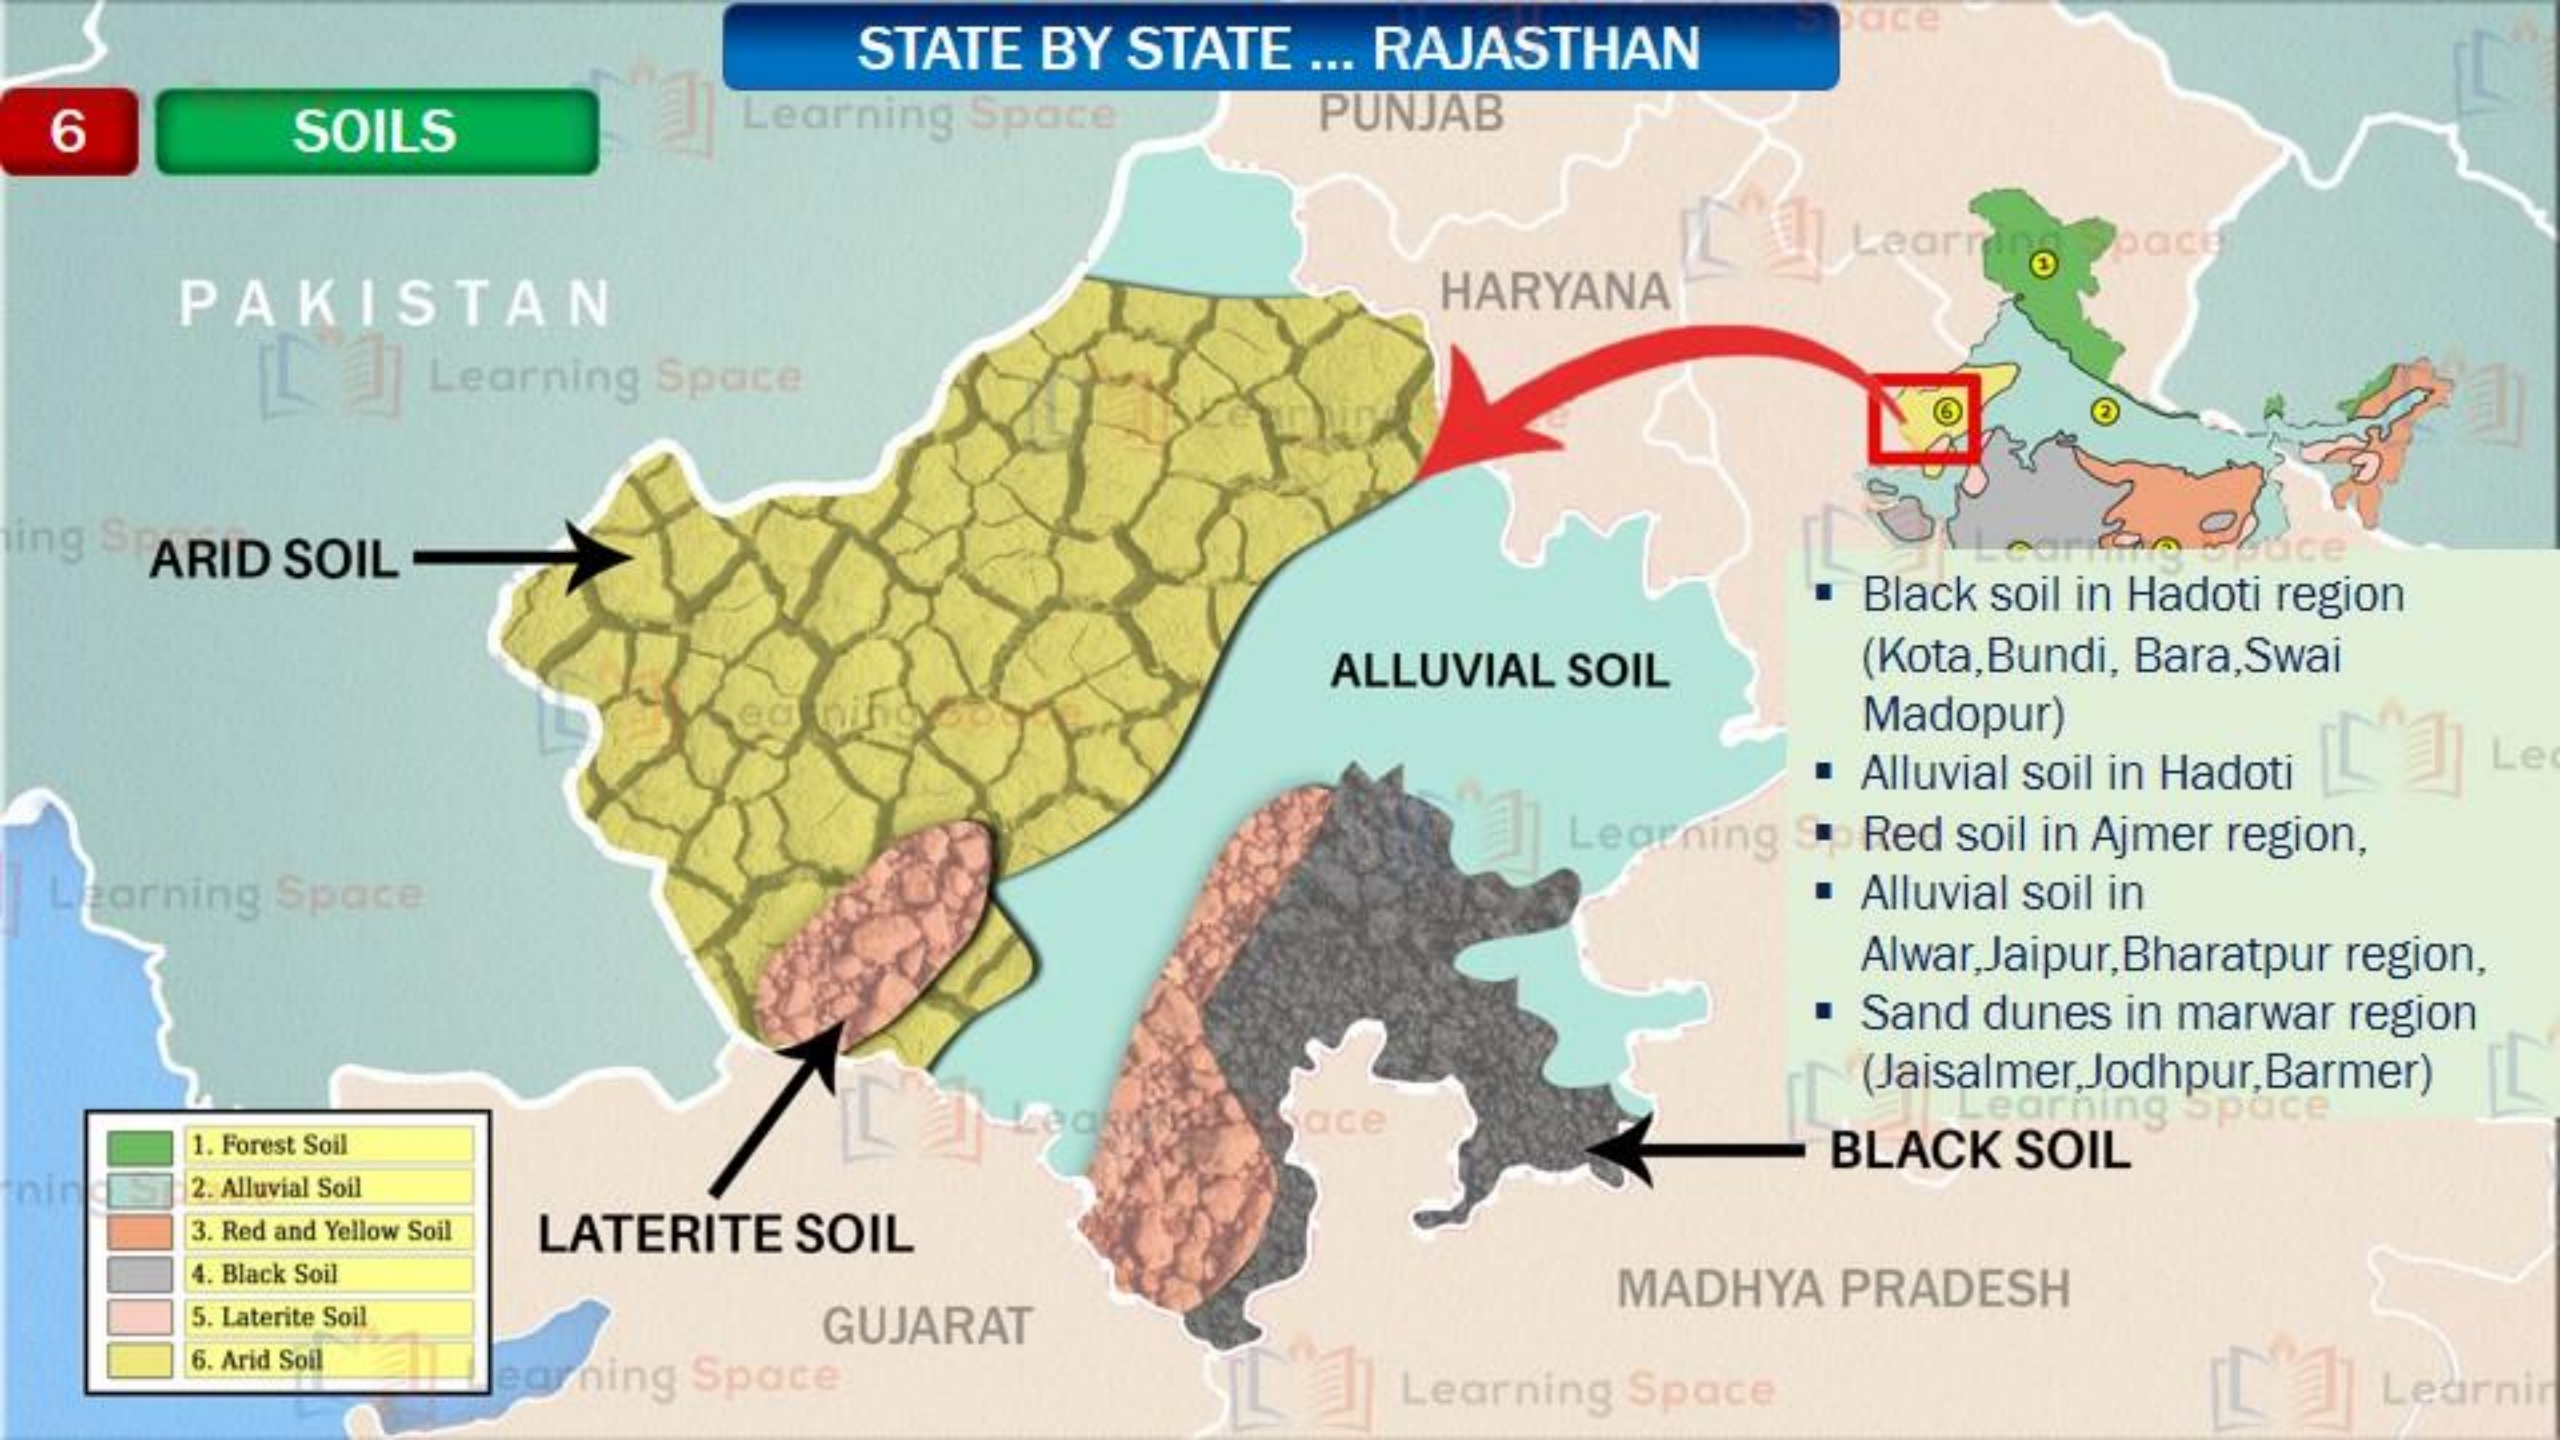

Rana Pratap Sagar

Gandhi Sagar

Mahi Bajaj sagar

DAMS

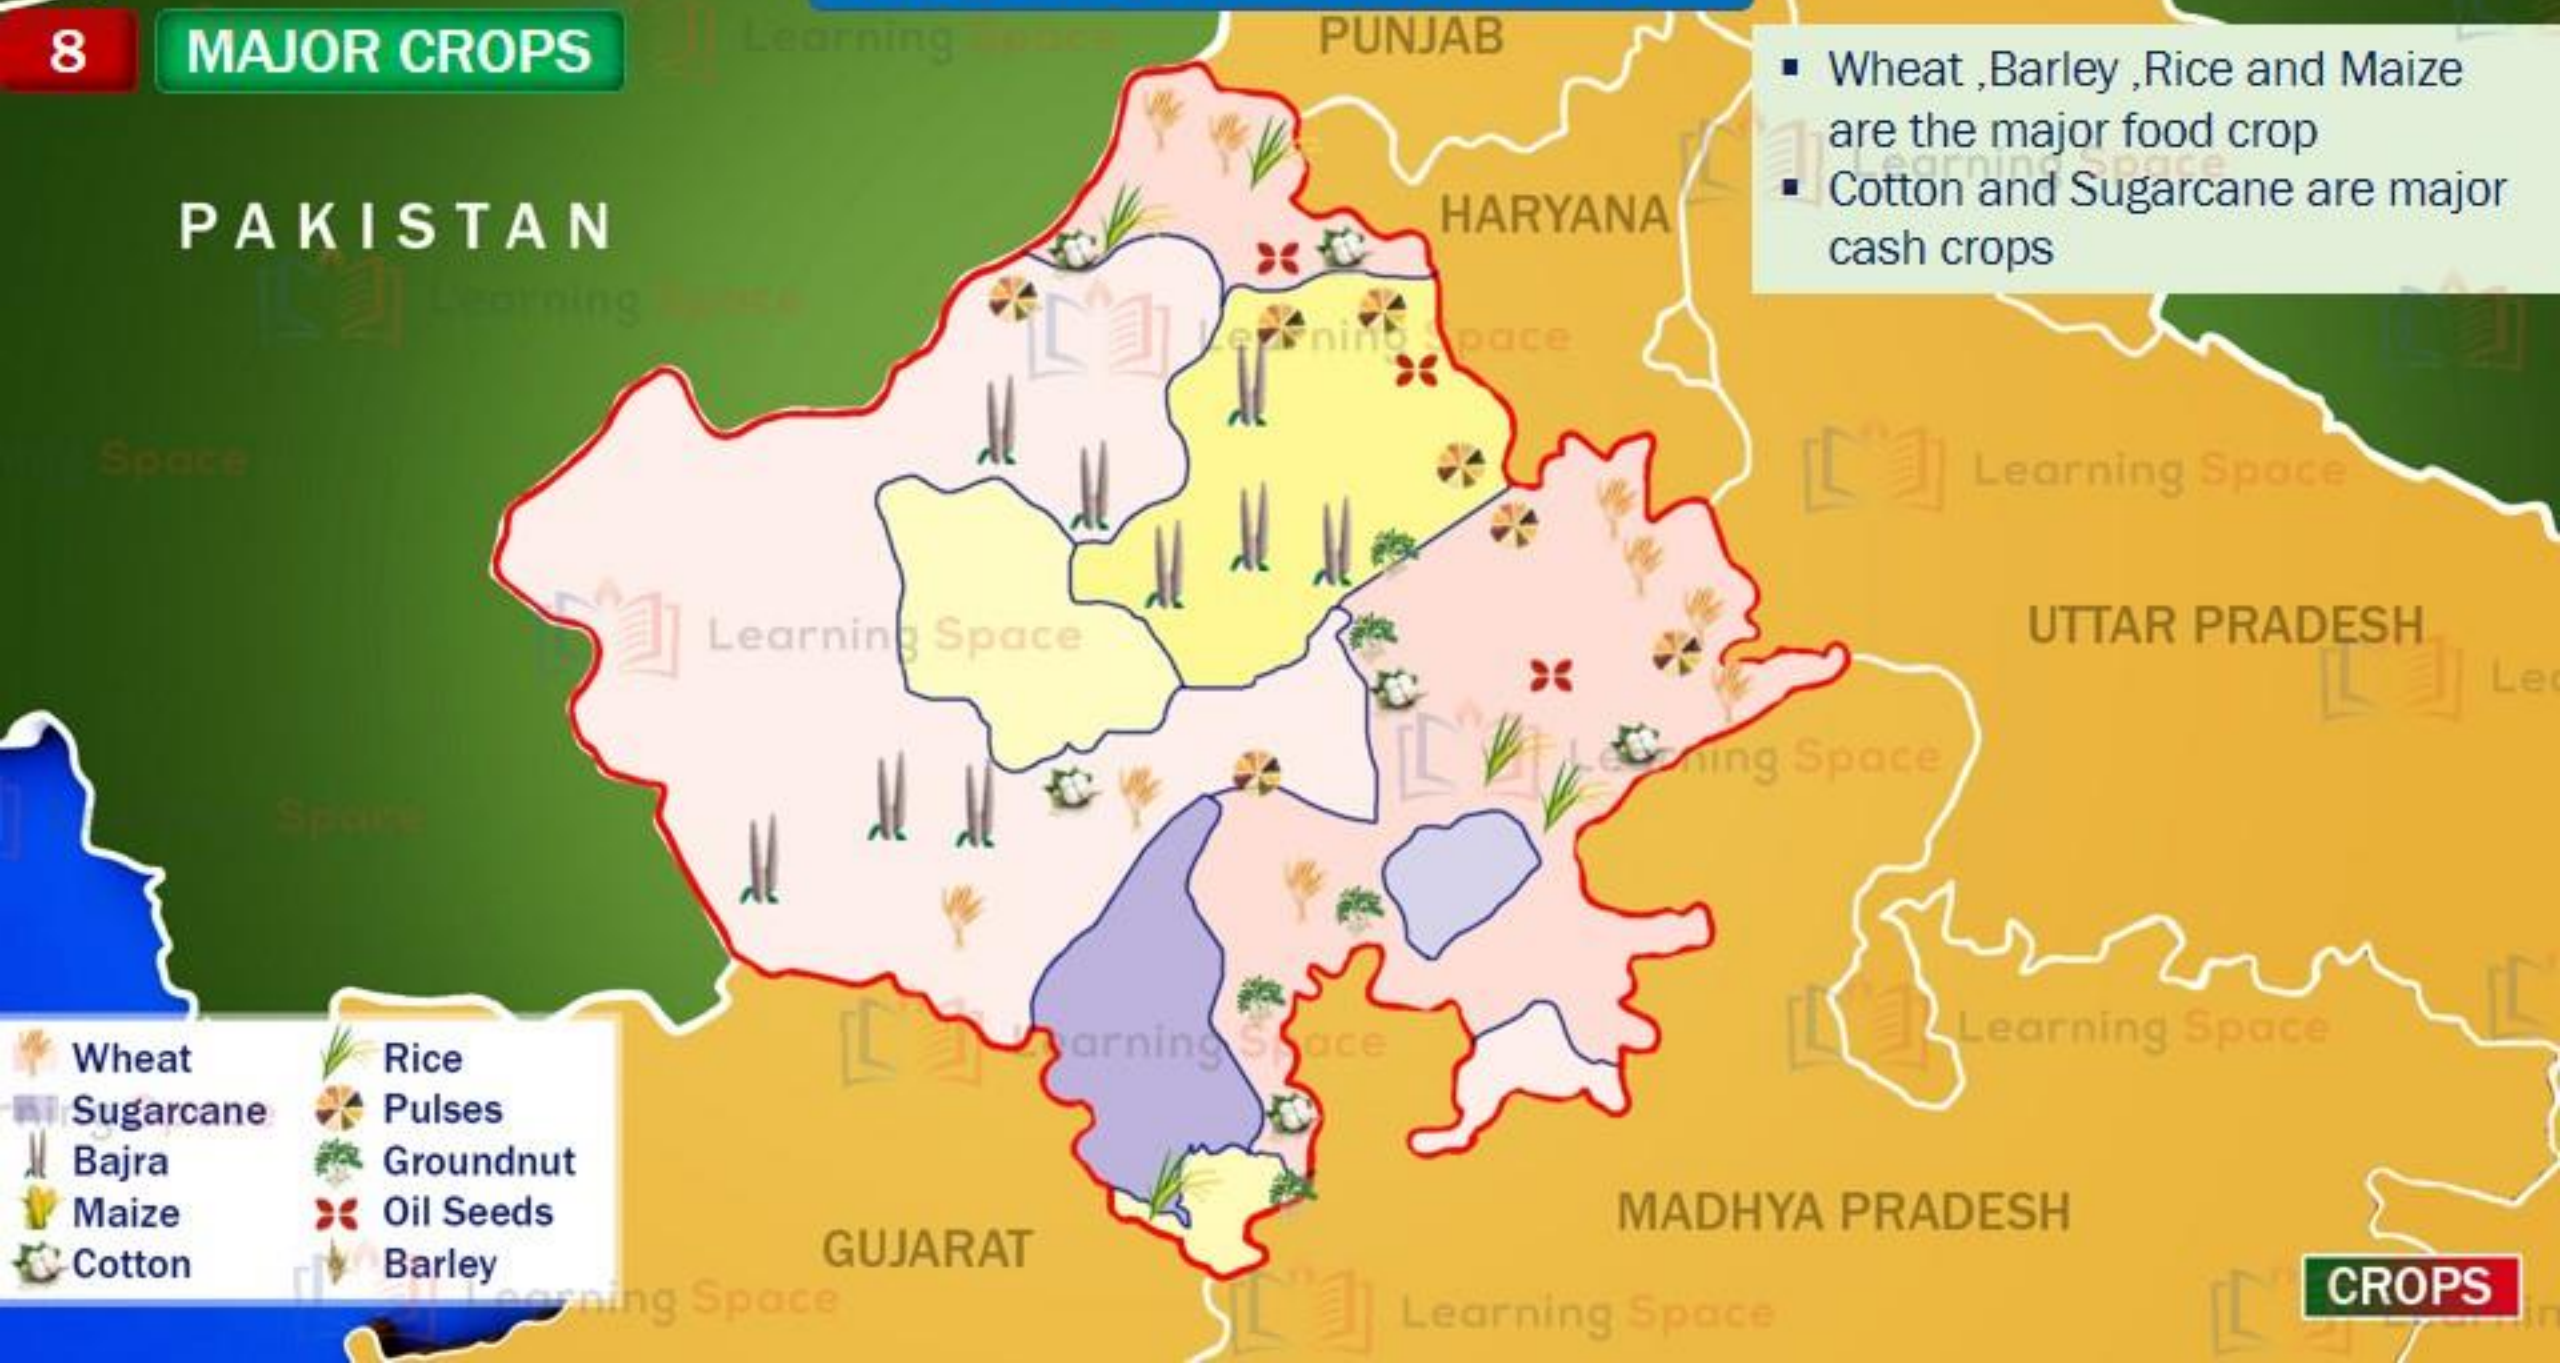

WESTERN DISTURBANCES

- State receives most rainfall from South-west monsoon.
- Rainfall decreases from South East to North West
- Little rainfall from North East Monsoon and sometimes in association with Western Disturbances
- Extreme temperatures in both summer and winter

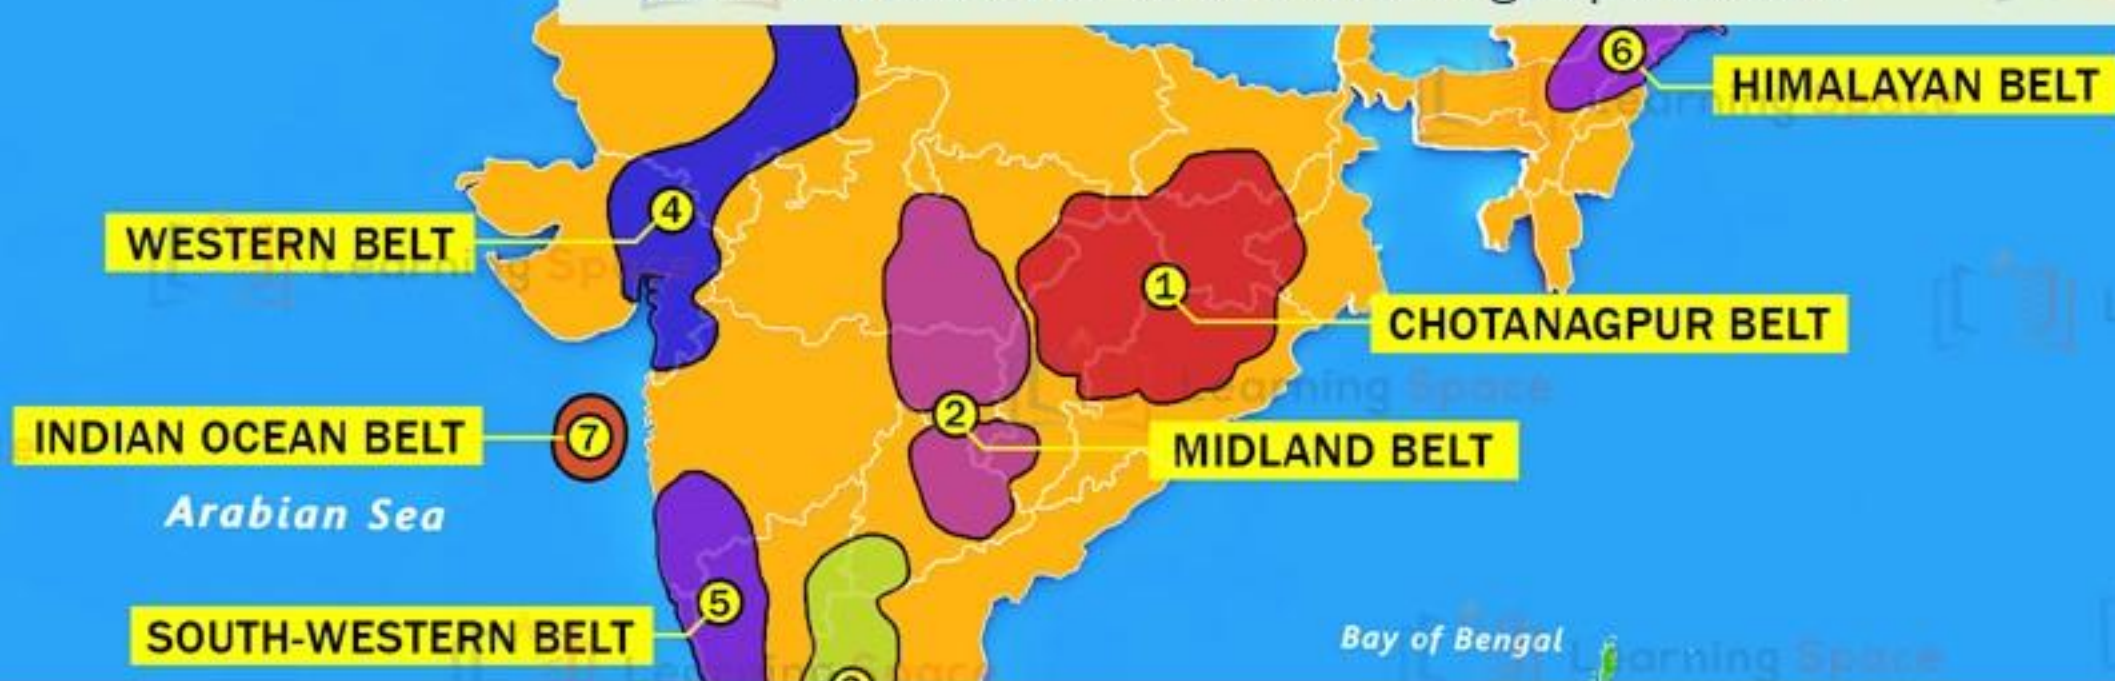

SOUTHWEST MONSOON

- Wheat ,Barley ,Rice and Maize are the major food crop
- Cotton and Sugarcane are major cash crops

MINERAL BELTS IN INDIA

- 5% of Magnetite reserves in India.
- Palana and Khari mines of Bikaner district carry Lignite deposits.
- Rajasthan is the largest on shore oil producing state of India.
- Barmer is known for oil and natural gas production

- Major producer of Zinc, Silver and Lead (Rampur-Agucha- Largest Deposit in India)
- Khetri mines are known since early times for copper reserves
- Gold, Limestone, Manganese, Mica, Bauxite and uranium are some important minerals
- Heavy industries consist of copper and zinc smelting and the manufacture of railway rolling stock

STATE BY STATE ... RAJASTHAN

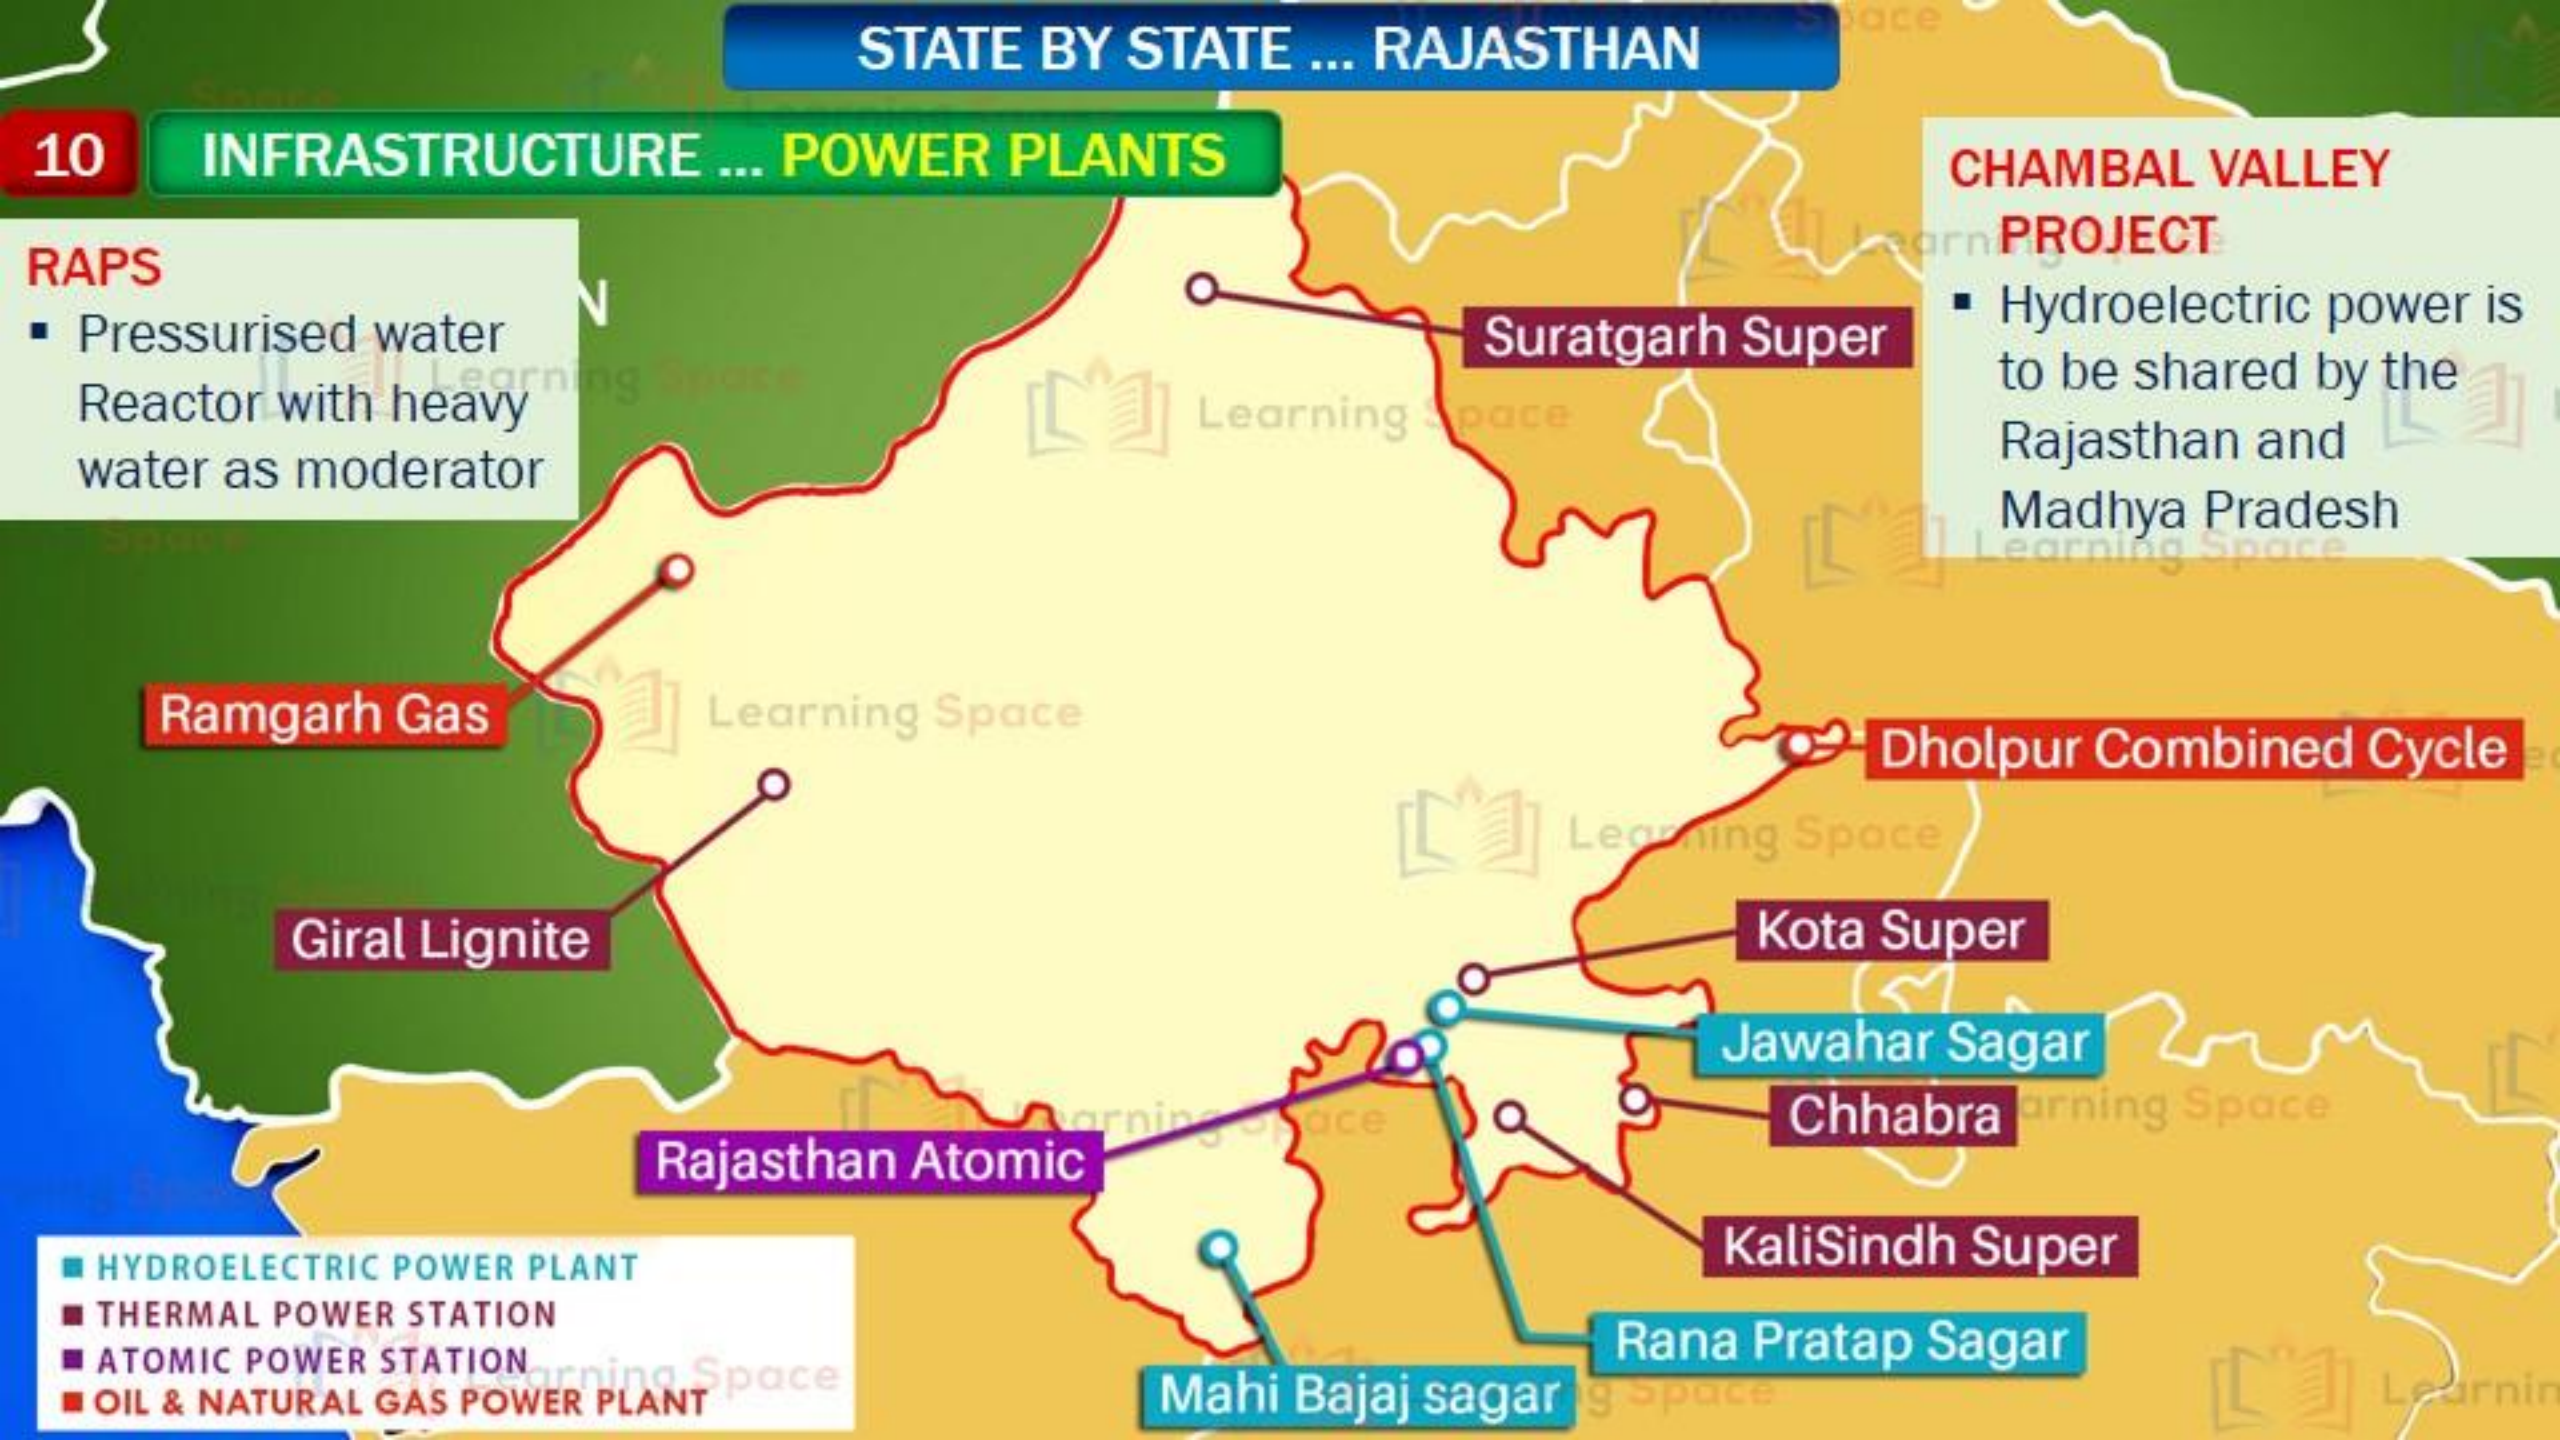

10 INFRASTRUCTURE ... POWER PLANTS

RAPS

- Pressurised water Reactor with heavy water as moderator

CHAMBAL VALLEY PROJECT

- Hydroelectric power is to be shared by the Rajasthan and Madhya Pradesh

Ramgarh Gas

Giral Lignite

Rajasthan Atomic

Suratgarh Super

Dholpur Combined Cycle

Kota Super

Jawahar Sagar

Chhabra

KaliSindh Super

Rana Pratap Sagar

Mahi Bajaj Sagar

■ HYDROELECTRIC POWER PLANT

■ THERMAL POWER STATION

■ ATOMIC POWER STATION

■ OIL & NATURAL GAS POWER PLANT

PAKISTAN

**INDIRA GANDHI CANAL**

- Longest canal of India
- Starts from the Harike Barrage at Harike in Punjab
- Terminates in irrigation facilities in the Thar Desert in the north west of Rajasthan state
- Enters Haryana from Punjab before entering Rajasthan
- Barren deserts of this district into fertile and good fields and major step in reclaiming the Thar Desert and providing drinking water
- Malaria outbreak because of water logging from canal is the negative impact

DELHI MUMBAI INDUSTRIAL CORRIDOR (DMIC)

- Spans the States of Uttar Pradesh, Haryana, Rajasthan, Madhya Pradesh, Gujarat and Maharashtra and Delhi
- Support from Japan
- Four DMIC projects
 - Ahmedabad-Dholera Special Investment Region in Gujarat
 - Shendra-Bidkin Industrial Park in Maharashtra
 - Integrated Industrial Township Project in UP
 - Integrated Industrial Township Project in MP
- Special Investment Nodes for Make in India, Standup and Startup India

STATE BY STATE ... RAJASTHAN

11

NATIONAL PARKS

DESERT:

- Consists of craggy rocks and compact salt lake bottoms and fixed dunes
- Critically endangered great Indian bustard found in relatively fair numbers

Desert

Sariska

Keoladeo

Ranthambore

→ CHAMBAL RIVER
→ BANAS RIVER

Mukundara Hills

CHAMBAL RIVER

KEOLADEO:

- Formerly known as the Bharatpur Bird Sanctuary
- Named after a Keoladeo (Shiva) temple within its boundaries
- In danger as a dam has been built on the upstream of the Gambhir River (Lifeline)

→ RIVER FLOWING THROUGH
RIVER FLOWING BY
NP - NATIONAL PARK

STATE BY STATE ... RAJASTHAN

12

TIGER RESERVES

SARISKA :

- Comprising scrub-thorn arid forests, dry deciduous forests, grasslands, and rocky hills
- Tiger Reserve as part of India's Project Tiger in 1978

RANTHAMBORE :

- Mix of rolling hills and crags, and meadows, lakes and rivulets, this dry-deciduous forest system
- Declared part of the Project Tiger reserves in 1973
- known for its Bengal tigers

TIGER RESERVES

GUJARAT

PUNJAB

HARYANA

Sariska

UTTAR PRADESH

Ranthambore

Mukundara Hills

MUKUNDARA HILLS :

- Situated in a valley formed by two parallel mountains viz. Mukundra and Gargola
- Located on the eastern bank of the Chambal River
- 3rd Tiger Reserve of Rajasthan since 2013

- Keladevi Sanctuary and Sawai Mansingh sanctuary are part of Ranthambore national park
- Bassi Wildlife Sanctuary is located on the western border of the Vindhya Range
- Darrah Wildlife Sanctuary, Chambal Wildlife Sanctuary, and Jawahar Sagar Wildlife Sanctuary are part of Mukundara Hills National Park

STATE BY STATE ... RAJASTHAN

14

RAMSAR WETLANDS

PAKISTAN

PUNJAB

KEOLADEO NP

- Part of Montreux record under Ramsar Convention
- Recognised as World Heritage Site

Keoladeo National Park

UTTAR PRADESH

Sambhar lake

SAMBHAR LAKE

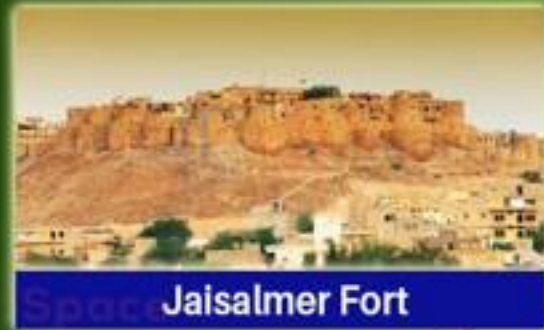

- India's largest inland salt lake
- surrounded on all sides by the Aravalli hills
- Source of most of Rajasthan's salt production
- Key wintering area for flamingos and other birds that migrate from northern Asia

GUJARAT

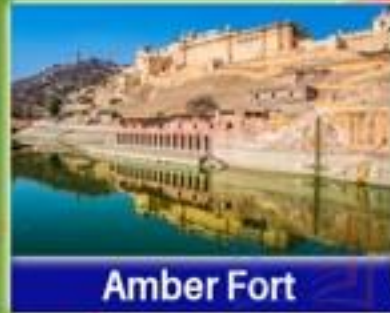

WETLANDS

HILL FORTS OF RAJASTHAN:

- Chittorgarh Fort , Kumbhalgarh Fort , Ranthambore Fort , Jaisalmer Fort, Amber Fort and Gagron Fort

Jaisalmer Fort

Amber Fort

Keoladeo National Park

Gagron Fort

The Jantar Mantar

Kumbhalgarh Fort

Jaipur City

Chittorgarh Fort

Ranthambore Fort

JANTAR MANTAR

- Astronomical observation site built in the early 18th century by Jai Singh II
- Designed for the observation of astronomical positions with the naked eye

**JAIPUR CITY**

- Walled city of Jaipur was founded in 1727 by Sawai Jai Singh II
- Unlike other cities in the region located in hilly terrain, Jaipur was established on the plain
- Exchange of ideas from ancient Hindu (Chowkris) and early modern Mughal as well as Western cultures (Grid plan)

**Keoladeo National Park****The Jantar Mantar****Jaipur City****Chittorgarh Fort****Ranthambore Fort**

GAIR DANCE

- Famous in Bhil community of Rajasthan
- Both men and women dance together
- Men dance in a big circle with the wood stick and beat the stick as they turn on the beat of the dhol, Nagada and Dholak

CHAKRI DANCE

- Popular folk dance of Kanjar tribe
- Performed in almost all the occasion of Hadoti region of Rajasthan
- Main Instruments:- Dholak and Nagada with vocals

KALBELIA

- Folk dance performed by the women of the Kalbelia community
- Dance movements and costumes are similar to Serpents
- Musical instrument - 'Been'
- Part of UNESCO INTACH

GHOOMAR

- Most popular folk dance form of Rajasthan
- Performed by veiled women wearing a flowing dress called 'Ghaghara'
- Accompanied by all songs of love, glory, or defeat and instrumental and vocal music
- Walar dance by Garasia tribe is its prototype

KATHPUTLI DANCE

- World famous String Puppetry(GI Tag)
- Oval faces, large eyes, arched eyebrows and large lips are distinct facial features
- In ancient period this art was practised by Bhati community

PHAD PAINTING

- Phad refers to a long piece of cloth containing the painted narratives of the folk deities(use vegetable dyes)
- Phads are carried by the Bhopas (priest-singers) as mobile temples of the folk deities
- Scale of figure depends on the social status of the character they represent

BLUE POTTERY OF JAIPUR

- Turko -Persian in origin
- No clay is used: the 'dough' for the pottery is prepared by mixing quartz stone powder, powdered glass etc.
- colour palette is mostly blue derived from the cobalt oxide, green from the copper oxide and white
- Mostly decorated with animal and bird motifs

SANGANERI HAND-BLOCK PRINTING

- Unique in making patterns in bright colours are always printed on white backgrounds
- Bagru Hand Block Print of Rajasthan also has GI tag

SEHARIA

- Only PVTG and Most backward tribes in Rajasthan
- Believed to be of Bhil origin
- Reside mostly in south east Rajasthan
- Work as shifting cultivators, hunters and fishermen

BHILS

- Not PVTGs
- Largest tribe in Rajasthan
- Bhil women found reference in epics like Mahabharat
- Major Fair- Baneshwar fair
- Known for Ghoomar Dance

BISHNOI

- Not PVTGs
- Consider trees as sacred and protect the entire ecosystem
- Organized their own Tiger Force , a brigade of youth to pursue wildlife protection

GREAT INDIAN BUSTARD(GIB)

**IUCN:CR**

- State bird of Rajasthan
- Among the heaviest of the flying birds
- Formerly widespread in India and Pakistan. Presently, 75% of GIB are found in Thar region of Rajasthan, and remaining in Gujarat, Maharashtra, Karnataka and Andhra Pradesh
- Species for the recovery programme under the Integrated Development of Wildlife Habitats

SHAKTI 2019

- Biennial joint military exercise conducted alternately in India and France
- Focus on Counter Terrorism operations in a semi-desert terrain under United Nations Mandate
- Aims at enhancing cooperation, understanding and inter operability between the two armies

ARMY SCOUTS MASTERS CONTEST

- India for the first time hosted the 'Army scouts masters competition' in Jaisalmer
- Part of International Army Games steered by Russia since 2015
- First such edition in international competition in which a country is a host as well as a participant
