

INTERNATIONAL RELATIONS

INDIA-USA - 2

MODULE - 34

MARITIME SECURITY

Sailors are the lifeblood of any maritime force

- 1** In May 2018, the US Pacific Command was renamed as the US-Indo Pacific Command.
- 2** The DoD's 2019 Indo-Pacific Strategy Report underscored the importance of India to U.S. national security.
- 3** A militarily capable and economically prosperous India can serve as an additional center of power in the region to deter aggression by China and help defend a free, open and inclusive Indo-Pacific.

- 4** India is seeking the drones to transfer high-tech equipment such as armed surveillance drones to monitor Indian Ocean.

MARITIME SECURITY

MALABAR EXERCISES

- 1 The three forces of India, USA and Japan participated in bilateral exercises called Cope
- 2 Ships, aircraft and personnel from the Japan Maritime Self Defense Force (JMSDF), the Indian Navy (INN) and the U.S. Navy (USN) participated training in ashore and at-sea in waters in Malabar exercise 2019 off the coast of Japan
- 3 It was to address the variety of shared threats to maritime security.
- 4 Training focused on high-end warfighting skillsets, subject matter expert and professional exchanges, combined operations, maritime patrol and reconnaissance operations, submarine familiarization, surface and anti-submarine warfare, medical operations, damage control, helicopter operations and visit, board, search and seizure (VBSS) operation

CYBER SECURITY BETWEEN INDIA AND US

- 1 Cooperation between India and the US on cyber security started after the visit of PM Vajpayee to the US in 2001.
- 2 The visit facilitated the establishment of the India-US Cyber Security Forum focusing on “cyber-security, cyber-forensics and related research and” aimed to work “...towards enhancing co-operation among law enforcement agencies on both sides in dealing with cyber crime”.

CYBER SECURITY

CYBERSECURITY MEMORANDUM

- 1 In July 2011, United States and India signed a Memorandum of Understanding in India to promote closer cybersecurity cooperation.
- 2 The agreement was designed to fulfill one of the pillars of the U.S.-India Strategic Dialogue.
- 3 It led to regular interactions between CERT-In and US CERT to share the information and discuss cyber security related issues

EXCHANGE OF INFORMATION

- 1 In 2018, MoU was signed between the Indian Computer Emergency Response Team (CERT- In) and the Department of Homeland Security
- 2 The partnership will enable closer co-operation and the exchange of information pertaining to cyber security as per the relevant laws, rules and regulations of each of each country.

COUNTER-TERRORISM

- 1 Cooperation on counter terrorism and intelligence sharing have rapidly expanded.
- 2 It has seen considerable progress with intelligence sharing, information exchange, operational cooperation, counter-terrorism technology and equipment.
- 3 India-U.S. Counter-Terrorism Cooperation Initiative was signed in 2010 to expand collaboration on counter terrorism, information sharing and capacity-building.

COUNTER-TERRORISM

4 President Trump's inclinations, as conveyed through his South Asia strategy, which accords primacy to India; his release of advanced weapons systems, such as unmanned aerial vehicles, for sale to New Delhi; and his decision to treat India on par with NATO allies where strategic technology release is concerned are all viewed as favorable toward India

5 India's strategic interests, democratic character, opposition to Islamist terrorism and strong people-to-people ties with the United States make the two countries natural partners.

ECONOMIC

- 1 India is a huge market for US products and technology. US is one of the top sources of FDI in India. It brings managerial expertise, capital and technology into the Indian market.
- 2 Prime Minister Modi remarked that India is the only country which is been able to reduce its trade deficit with the US and American exports to India have increased by 50%.
- 3 Currently, India is a thriving market for US defence firms, e-commerce and technology companies.

- 4 United States and India view each other as important strategic partners and advance common interest regionally and globally.

ECONOMIC

- 5 In April 2010, U.S. Treasury Secretary visited India to launch the new U.S.-India Economic and Financial Partnership with Indian Finance Minister. It was an effort to institutionalize deeper bilateral relations on economic and financial sector issues.
- 6 U.S. energy exports are an important area of growth in the trade relationship.
- 7 In 2018 India purchased 48.2 million barrels of U.S. crude oil, a significant increase from 9.6 million in 2017
- 8 In 2019, overall U.S.-India bilateral trade in goods and services reached \$149 billion.
- 9 Currently, India is a thriving market for US defence firms, e-commerce and technology companies.
- 10 BEPS refers to the activities of multinational corporations to shift their profits from high tax jurisdictions to lower tax jurisdiction, thereby eroding the tax base of the high tax jurisdictions and depriving them of tax revenue.

**BASE EROSION
AND PROFIT
SHIFTING
(BEPS)**

ECONOMIC

- 11** In order to combat this, many countries entered into agreements to share tax information with each other to enhance transparency and make such profit shifting that much harder.
- 12** In March 2019, India and the US signed an inter-governmental agreement for automatic exchange of country-by-country (CbC) reports, which will reduce the compliance burden for Indian subsidiary companies of US parent companies.
- 13** This is a key step in making India compliant with the Base Erosion and Profit Shifting (BEPS) project.
- 14** The signing revalidates the keenness of the India and US tax authorities to engage and amicably resolve issues for tax payers.

MULTILATERAL COOPERATION

India is committed to a world order based on multilateral institutions and respects and upholds international law. US has unparalleled power and influence in institutions of global governance.

THE UN

It will be important for India when India vouches for a permanent seat in the Security Council and other financial institutions. The United States welcomes India joining the UN Security Council in 2021 for a two-year term

MULTILATERAL FORUMS

India and the United States cooperate closely at multilateral organizations, including G-20, Association of Southeast Asian Nations (ASEAN) Regional Forum, International Monetary Fund, World Bank, and World Trade Organization.

MULTILATERAL COOPERATION

NUCLEAR COOPERATION

- 1 One of the biggest achievements for India has been that the Nuclear Suppliers Group has lifted the ban on India. Countries can make nuclear fuel and technology sales to
- 2 US has removed sanctions on India which were imposed on it since 1974.
- 3 India and US also agreed to work together for membership of India in NSG.

In 2019, the United States joined India's Coalition for Disaster Resilient Infrastructure to expand cooperation on sustainable infrastructure in the Indo-Pacific region

ENERGY AND CLIMATE CHANGE

- 1 India-US energy dialogue was launched in May 2005 to promote trade and investment in energy sector.
- 2 Six working groups in oil and gas, power and energy efficiency, renewable energy, civil nuclear cooperation, sustainable development were formed
- 3 Indian companies like Reliance, Essar and GAIL have entered the US natural gas market, ushering in a new-era of India-US energy partnership.

ENERGY AND CLIMATE CHANGE

4 India and the U.S. are advancing cooperation and dialogue on climate change through a high-level climate change working group and a joint working group on hydrofluorocarbon.

5 In November 2014, an MoU between U.S. EXIM Bank and Indian Renewable Energy Development Agency (IREDA) was signed providing US\$ 1 billion for India's transition to a low-carbon economy.

6 A new U.S.-India partnership for climate resilience to advance capacity for climate adaptation planning has been formalized

ENERGY AND CLIMATE CHANGE

In June 2016, to further collaboration in the area of clean energy and climate change, India and US announced-

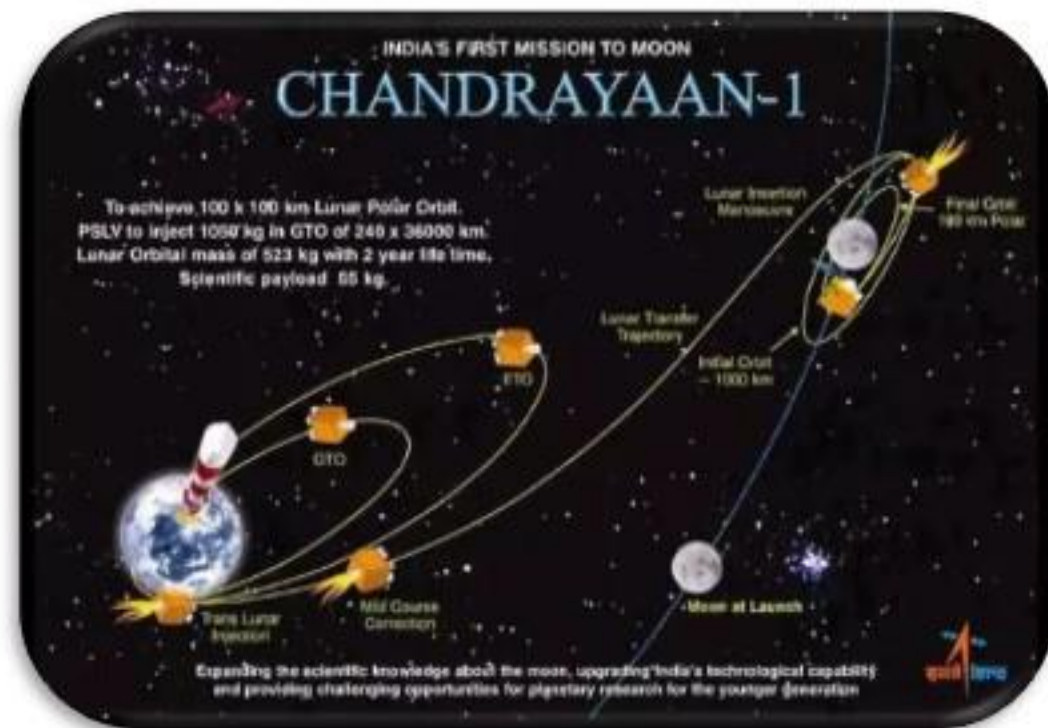

1. A finance to support existing clean energy projects
2. to coordinate U.S. government efforts on clean energy investment in India jointly with leading Indian financial package to provide concessional institutions
3. to provide liquidity to small scale renewable energy investors.

SPACE COOPERATION

- 1 A bilateral joint working group between India and US on civil space cooperation provides a forum for discussion on the joint activities in space.
- 2 In 2008, Chandrayaan-1 became the first Indian spacecraft to land on the moon.
- 3 It carried two scientific instruments designed by NASA scientists. It discovered water molecules on the moon's surface.
- 4 NASA and ISRO collaborate for India's Mars Orbiter Mission.

- 5 In June 2016, ISRO successfully launched 20 satellites onboard.

SCIENCE AND TECHNOLOGY

- 1 The India-U.S. science and technology cooperation has been steadily growing under the framework of U.S.-India Science and Technology Cooperation Agreement signed in October 2005.
- 2 There is an Indo-U.S. Science and Technology Joint Commission, co-chaired by the Science Advisor to U.S. President and Indian Minister of Science and Technology.
- 3 In 2000, both the governments endowed the India-U.S. Science and Technology Forum (IUSSTF) to facilitate mutually beneficial bilateral cooperation in science, engineering, and health.
- 4 The U.S.-India Science and Technology Endowment Fund, established in 2009, under the Science and Technology Endowment Board promote commercialisation of jointly developed innovative technologies with the potential for positive societal impact.
- 5 In 2014, U.S. attended as the partner country at the Technology Summit in New Delhi.

EDUCATIONAL COOPERATION

Educational cooperation between India and the US is rich and manifests in diverse ways

- 1 India has a large English-speaking population, which suits employment in the US firms and institutions.
- 2 US higher educational system has more than 2,00,00 students in American universities.
- 3 2017 has been designated as India-US Travel and Tourism Partnership.
- 4 There has been a steady increase in the number of Indian students pursuing their higher studies in the United States over the last 10 years, according to USIEF.
- 5 They noted an increase of 2.6%-3% from 2018. Indian students enrolled at U.S. colleges and universities contributed over \$8 billion to the U.S. economy.
- 6 Science, technology, engineering and mathematics were the most popular subjects.

PEOPLE TO PEOPLE TIES

- 1 The American Indian community constitutes 3.5 million plus population. It is an important ethnic group in the country.
- 2 Moreover, this community comprises of working professionals, business entrepreneurs and educationalists have a strong influence in the society.
- 3 President Trump has appointed more than two dozen Indo-Americans to senior positions in the US administration

HOWDY MODI

- 1 In September 2019 PM Modi visited US for the annual session of the United Nations General Assembly and also met with the CEO's of energy companies in Houston
- 2 Houston is considered the energy capital of the world and one of the most diverse cities in America

PEOPLE TO PEOPLE TIES

HOWDY MODI

- 3 The Indian-American community organized a mega event in Houston "Howdy, Modi!" to greet PM Modi and US President Trump
- 4 It provided the world a glimpse of the valuable contributions made by more than 50,000 Indian-Americans to the cultural, intellectual and social landscape of the United States
- 5 The session "Shared Dreams, Bright Future" focussed on the success of Indian-Americans as well as the strength of the US-India relationship.
- 6 Harsh Vardhan Shringla, Indian Ambassador to the US said "Indian-Americans are an "organic bridge" between the world's two largest democracies"
- 7 Around 90 organisations in town participated in the event and was "attended by both Democrats and Republicans"

2ND INDIA-US MINISTERIAL DIALOGUE

- 1 In December 2019, the second 2+2 Dialogue was held in Washington between India's Minister of Defence and Minister of External Affairs and US Secretary of State and Secretary of Defence.
- 2 It was second such meeting between India and US as first was held in September 2018 in New Delhi.
