

INTERNATIONAL RELATIONS

INDIA-RUSSIA -2

MODULE - 37

ECONOMIC

- 1 India began its economic development on the lines of the Soviet system of Five-year plans and socialistic development and continued till 1991.
- 2 At the India Russia Business Summit in October 2018, President Putin emphasised the importance of transport infrastructure, aviation, space, medicine and pharmaceuticals as promising areas of cooperation in India-Russia relationship.
- 3 Russia can be a major market for Indian pharmaceuticals, manufactured goods and dairy.
- 4 India encourages Russian collaboration in human resource development, natural and energy resources.
- 5 Financial sanctions by the US have hit India's arms trade with Russia affecting payments for weapons and equipment like submarine INS Chakra.

ECONOMIC

- 6 To resolve this issue, India and Russia have agreed on a rupee-rouble transfer as a banking solution through which such payments can be routed to avoid American sanctions.
- 7 The work on promoting mutual settlements of payments in national currencies is being continued.
- 8 India and Russia cooperated on several platforms including Indo-Russian Forum on Trade and Investment and Indo-Russia Business Council.

TRADE

ECONOMIC

- 1 At the Bilateral Summit of 2018 in Delhi, India and Russia affirmed to increase two-way investment to \$30 billion by 2025.
- 2 To enhance this, the countries agreed to engage the human resource potential of India and Russia, enhance industrial cooperation, create new technological and investment partnership, especially in advanced high-tech areas and find new avenues and forms of cooperation.
- 3 The countries have intensified joint work towards eliminating barriers in mutual trade, including protective measures, customs and administrative barrier and reducing restrictive measures through bilateral dialogue. This would be facilitated, by the proposed Trading Agreement between the Eurasian Economic Union (EAEU) and the Republic of India.

TRADE

4 Bilateral trade between both countries is concentrated in key value chain sectors: machinery, electronics, aerospace, automobile, commercial shipping, chemicals, pharmaceuticals, fertilisers, apparels, precious stones, industrial metals, petroleum products, coal, high-end tea and coffee products.

5 India serves as a market for Russian goods especially in the light of Western sanctions after the Ukrainian crisis.

ECONOMIC

6 Both countries have agreed to streamline their bilateral trade in diamonds through reductions in regulations and tariffs.

7 Russian Direct Investment Fund (RDIF) will work with an Indian fund to invest \$ 1 bn.

**RUSSIAN DIRECT
INVESTMENT FUND**

ECONOMIC

INFRASTRUCTURE

- 1 Russia to help India in setting up 25 integrated Agro irradiation centers.
- 2 An MOU is signed between India and Russia for developing smart cities in Andhra Pradesh and Haryana and developing transport logistics for such cities.
- 3 The Make in India initiative welcomed Russian companies from public and private sectors in construction and major infrastructure projects.

ECONOMIC

INFRASTRUCTURE

- 4 Russia agreed to participate in the vast, over \$100 billion, DMIC infrastructure project which will eventually connect Delhi and Mumbai with railways, highways, ports, interconnecting smart cities and industrial parks.
- 5 Both Sides foresee good potential in establishing cooperation in the sphere of railways. An MOU for cooperation between Russian and Indian Railways to increase speed of trains between Nagpur to Hyderabad/Secunderabad for upcoming connectivity projects has been signed.

ECONOMIC

CONNECTIVITY

- 1 The Green Corridor project aimed at the simplification of customs operations in respect of goods being transported between India and Russia
- 2 It is an example of a Special Economic Zone set up with Indian and Russian collaboration.
- 3 The International North South Corridor (INSTC) is bringing India and Russia closer as they feel its importance will match any other transport corridor of the world, including the Belt and road initiative.

- 4 The major thrust in the INSTC is to secure freight volumes, upgrade and improve the transport and logistics services provided, simplify document workflow and switch to electronic document workflow, introduce digital technologies and satellite navigation into the transportation process

ECONOMIC

RUSSIA PLUS

- 1 It is a dedicated Russian desk to promote Russian investments in India and open new vistas of economic engagement.
- 2 It is a one-stop solution for investors for providing support including business advisory, policy guidance, location assessment, assistance with regulatory approval and issue redressal.
- 3 It is to work within the remit of Invest India, which is the investment promotion and facilitation agency of the Indian government.
- 4 Russia Plus is an effort to increase Russian investment in India in the non-traditional sectors of the country.

ECONOMIC

RUSSIA PLUS

- 5 Some of these key sectors are food supplies, chemicals, metals and machinery.
- 6 'New Economy' projects in the fields of Science & Technology and Artificial Intelligence are spaces where both Russian and Indian IT specialists and researchers contribute substantial expertise

CYBER SECURITY

BUDAPEST CONVENTION

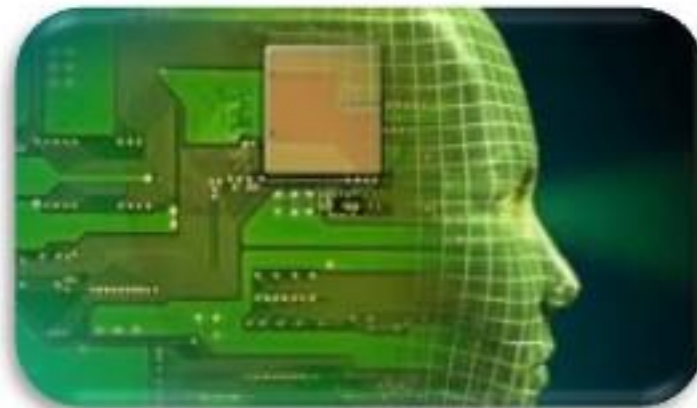

- 1 Since 2001, the Budapest Convention, drafted by the Council of Europe has been the sole global agreement to curb online malpractices with the backing of certain world powers, including the United States.
- 2 It covers 'infringements of copyright, computer-related fraud, child pornography and violations of network security.'
- 3 India had not signed the convention as the Intelligence Bureau (IB) argued that data sharing with foreign law enforcement agencies infringes on national sovereignty

CYBER SECURITY

RUSSIA'S PROPOSAL

- 1 Russia has sought reforms as it feels allowing international investigators access to Russian data could compromise its sovereignty.
- 2 It proposed “Countering the use of information and communications technologies for criminal purposes” and it was passed in the United Nations General Assembly (UNGA) Third Committee
- 3 It establish a new treaty through which nation-states can coordinate and share data to prevent cybercrime.

CYBER SECURITY

RESPONSE TO RUSSIA'S PROPOSAL

- 1 India voted in favour of a Russian-led UN resolution to set up a separate convention
- 2 Countries supporting the Russia led proposal include China, Belarus, North Korea, Myanmar, Cambodia, and Venezuela.
- 3 Opponents fear that it may only serve to erode freedom of expression online
- 4 American entities have criticised the UN proposal as a way to extend a Chinese and Russian form of internet governance, or so-called “closed internet” or “state-controlled internet.”

SPACE PROGRAM

1 Russia has played an important role in India's space journey as Russian technical and scientific assistance has supported India's indigenous space program

2 In 1961, the first man to travel to space, Yuri Gagarin spent 8 days in India and predicted a future collaboration between the two nations

3 Aryabhata was launched on the Soviet launch vehicle Soyuz.

4 In 2004, during Russian President Putin visit to India, the two countries signed-

5 'Inter-governmental Umbrella Agreement on Cooperation in Outer space for Peaceful Purposes'

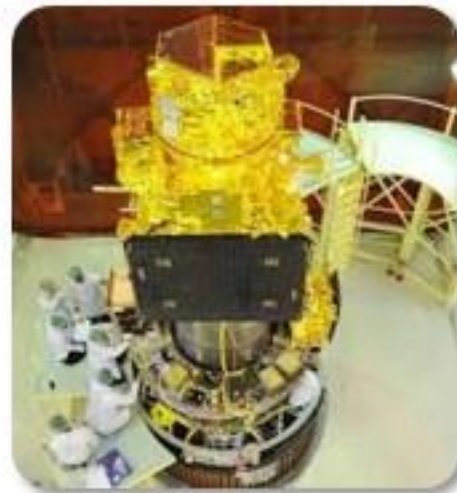

SPACE PROGRAM

- 6 'Inter Space Agency Agreement on Cooperation in the Russian Satellite Navigation System GLONASS'.
- 7 In 2005, the implementation of the 2004 agreement was worked upon through an agreement envisaging joint development of user equipment for exploitation of the signals for commercial purposes and launching of GLONASS satellite using GSLV launch vehicle of India was signed.
- 8 Agreement on cooperation in the field of solar physics and solar terrestrial relationships within the framework of Coronas-Photon project was also signed in 2005 to enable integration of the Indian RT-2 payload with the Coronas-Photon spacecraft.

SPACE PROGRAM

- 9 Both countries cooperate on lunar and mars exploration missions.
- 10 The second of India's Mini Satellite (IMS) series, YOUTHSAT, is a joint Indo-Russian mission, in which university students have participated.
- 11 The mission aims to understand how solar activity variation affects earth's upper atmosphere. The satellite has three payloads - two Indian and one Russian
- 12 In 2007, ISRO and Russia's space agency Roscosmos agreed to jointly develop India's Chandrayaan-2 mission.
- 13 2015 marked the 40th anniversary for the launch of India's first satellite 'Aryabhata' on a Russian launch vehicle 'Soyuz'.

SPACE PROGRAM

14 In 2015, ISRO and ROSCOSMOS signed a MoU on expanding cooperation in the exploration and use of outer space for peaceful purposes. This has opened-up other opportunities for collaboration

- 15**
- (a) Satellite navigation
 - (b) Launch vehicle development
 - (c) Critical technologies for human spaceflight program
 - (d) Remote sensing of Earth
 - (e) Space science and planetary exploration
 - (f) Use of ground space infrastructure
 - (g) Joint projects that call for sharing of expertise and resources
 - (h) Development of space systems and components
 - (i) Exchange of scientists
 - (j) Training and scientific and technical meetings

Aryabhata Satellite (1975)

SPACE PROGRAM

- 16** Both countries have also agreed to work together in the aerospace sector to co-development and co-produce aircraft, examples include the Sukhoi Super jet 100, MS-21, FGFA, MTA and Kamov Ka-226.
- 17** In October 2018, the Indian Space Research Organisation and the Federal Space Agency of Russia (ROSCOSMOS) signed a memorandum of understanding on joint activities in the field of Human Spaceflight Program for Indian astronauts to be trained in Russia.
- 18** An Indian monitoring station will be built in Siberia as part of the Indo-Russian space deal.
- 19** MoU was signed to support the Russian Side for India's first manned mission "Gaganyaan".
- 20** Both Sides intend to strengthen cooperation within the UN Committee on the Peaceful Uses of Outer Space (UN COPUS), including guaranteeing long-term sustainability of outer space activities and developing "Space 2030" Agenda and implementation plan.

EDUCATION

- 1 India and Russia emphasize upon the importance of joint research in science and technology.
- 2 They are committed to intensify development of high-tech products in such spheres, as telecommunications, robotics, artificial intelligence, nanotechnologies, pharmacy and others.
- 3 They have intensified of cooperation in the sphere of education. The countries promote establishment of direct contacts between universities and educational institutions.
- 4 Bilateral intergovernmental agreements on mutual recognition of academic credentials will give impetus to these activities.

CULTURE

- 1 The bilateral Cultural Exchange Program between India and Russia helps bringing the peoples of the two countries together
- 2 There is a strong tradition of Indian studies in Russia. Several Indian languages like Hindi, Tamil, Marathi, Gujarati, Urdu, Sanskrit and Pali are taught in Russia.
- 3 The President of India inaugurated the Year of Indian Culture 'Namaste Russia' in Moscow on 10 May 2015.

CULTURE

4 The countries celebrate reciprocal festivals of the Russian culture in India and of the Indian culture in Russia, as well as of Russian film festivals in India and of Indian film festivals in Russia.

5 Russia was a Partner Country at the 50th International Film Festival held in Goa in November 2019

6 Russian people are interested in Indian dance, Music Yoga and Ayurveda.

PEOPLE-TO-PEOPLE TIES

- 1 The countries work towards progressive simplification of visa formalities
- 2 Due to India's recent visa rule changes for Russians travelling to India, the number of tourists increased by over 22%.
- 3 In 2011, for example, the Indian consulates in Moscow, Vladivostok and St. Petersburg issued 1,60,000 visas, an increase of over 50% compared to 2010.
- 4 There is a further extension of duration of e-Visa facility for business and tourism purposes to one year including for Russian nationals

- 5 Free electronic visas has been introduced for Indian nationals visiting the Kaliningrad region and Vladivostok.

ARCTIC CIRCLE

India looks forward to cooperate with Russia in the Arctic. India is interested in the developments in Arctic region and is ready to play a significant role in the Arctic Council.

SAVE THE TIGER

- 1 According to the 2018 All India Tiger Estimation, India was home to 75% of the global tiger population with 2967 tigers.
- 2 India has welcomed the Russian Side's initiative to hold the Second International Tiger Conservation Forum in 2022 (also called the Second Tiger Summit, the first Summit was held in Saint-Petersburg in 2010). Acknowledging their leadership role in tiger conservation efforts, both Sides agreed to hold a High Level Tiger Forum in India in 2020, involving tiger range countries, conservation partners and other stakeholders.
