ISIS IN INDIA

ESTABLISHMENT OF IS IN INDIA

- 1** Islamic state, previously known as the Islamic state of Iraq and Syria (ISIS), is a terror group which envisages to establish an “Islamic state based on Sharia law or Islamic Caliphate”.
- 2** IS's Amaq News Agency has announced its new province in India, that it called “Wilayah of Hind”, but did not elaborate on the branch's geographical remit.
- 3** In the past, IS had vowed to convert India into Khurasan State.

ISIS IN INDIA

WHY IS ISLAMIC STATE A CHALLENGE FOR INDIA?

1 Involvement of other state actors:

- Role of Pakistan's ISI
- Pakistan-based Tehreek-e-Taliban recruiting Indian youth for IS

2 IS losing territorial grounds in other areas: Because of increasing opposition faced in the Middle-East and West Asia, IS is increasingly focusing towards India which is seen as a potential hotbed for radicalisation.

3 Efforts of radicalisation: Pro-ISIS activist have been engaging in propaganda activities which is evident in some of the materials published in the Hindi, Urdu, Tamil which calls for spreading communal disharmony.

ISIS IN INDIA

STRENGTHS OF INDIA IN FIGHTING IS

Despite the initial euphoria, ISIS has not been able to create much of an influence in India.

- 1 More than 1000 Muslim leaders in India issued a fatwa condemning the terror group as “un-Islamic and inhuman.”
- 2 Indian Muslims have usually followed a liberal and spiritual faith of Islam which is not based on the outer trappings of Islam but focused on the inner essentials of the religion.
- 3 Co-existence of various religions and cultural intermingling have resulted in a mosaic like Hindu-Muslim culture. (popularly known as Ganga-Jamuni Tehzeeb)
- 4 The fertile grounds of recruitment which ISIS finds in Europe are not present in India.
- 5 Also, more or less, the constitutional fundamental rights mandated to all citizens of India gives every citizen a sense of confidence.

VULNERABILITIES OF INDIA

1

Gaps in intelligence architecture:

- Inadequate manpower of IB
- Under utilisation of NIA

2

Inadequate technical research capacity:

- NatGrid is still struggling to become functional
- National Technical Research Organisation failed to flag twitter accounts such as ShamiWitness, which allegedly became one of the most vocal proponents of ISIS on the Internet.

VULNERABILITIES OF INDIA

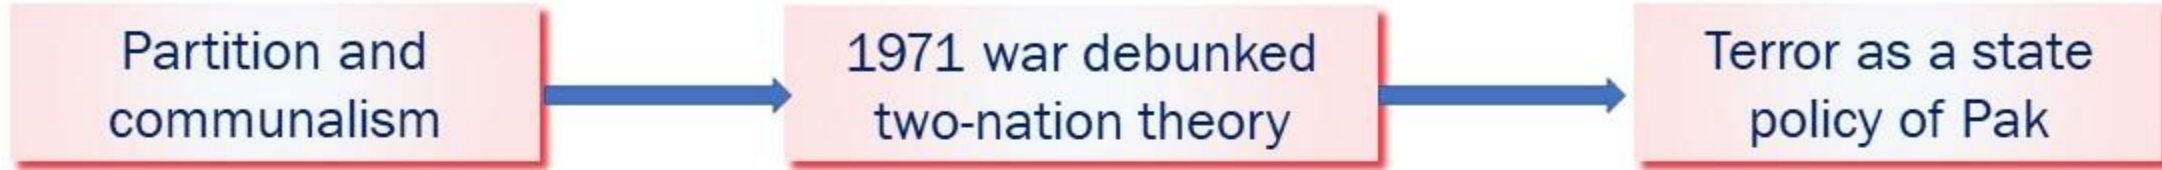

- 3 Radicalisation from the neighbourhood:** Pro-ISIS individuals are working together online to form a group of like-minded individuals from neighbouring countries like Bangladesh and Myanmar.

- 4 Presence of other terrorists groups:**
- Several radical extremists groups are looking to establish an identity for themselves.
 - They see a good platform for establishing their idea in ISIS.
 - The appearance of black flags in Jammu and Kashmir preceding the Indian PM's visit was one such instance where local insurgent outfits were using the name of ISIS in order to garner attention.

STATE SPONSORED TERRORISM OF PAKISTAN

TERROR AS A STATE POLICY OF PAKISTAN

WHAT IS DEEP STATE?

- 1** Deep State is a body of people, typically influential members of government agencies or the military, believed to be involved in the secret manipulation or control of government policy.
- 2** Deep State in Pakistan has nurtured Islamic Radical Groups (Mujahideens) as strategic assets to be used against its adversaries.

This strategy was increasingly adopted after the success of US-funded Mujahideens in Afghanistan against USSR.

STATE SPONSORED TERRORISM OF PAKISTAN

GROUPINGS IN DEEP STATE!

There are primarily three types of such groups:

- Ones who act against India-
✓ **E.g.** Lashkar-e-Taiba, Jaish-e Mohammed
- Ones who act against Afghanistan
✓ **E.g.** Al-Qaeda and Taliban
- The Pakistani Taliban (Tehreek-e-Taliban-Pakistan)- this group has become rogue and fighting against the Pakistani establishment itself.

STATE SPONSORED TERRORISM OF PAKISTAN

MEASURES TAKEN BY INDIA TO COUNTER STATE SPONSORED TERRORISM OF PAK

1

Military efforts:

- Mission All-Out to liquidate terrorist groups in J&K
- Conducted surgical strike, non-military pre-emptive action specifically targeting hinterland terrorism.

2

Economic efforts:

- Withdrawal of Most-Favoured Nation status of Pakistan
- Grey listing of Pakistan in FATF

STATE SPONSORED TERRORISM OF PAKISTAN

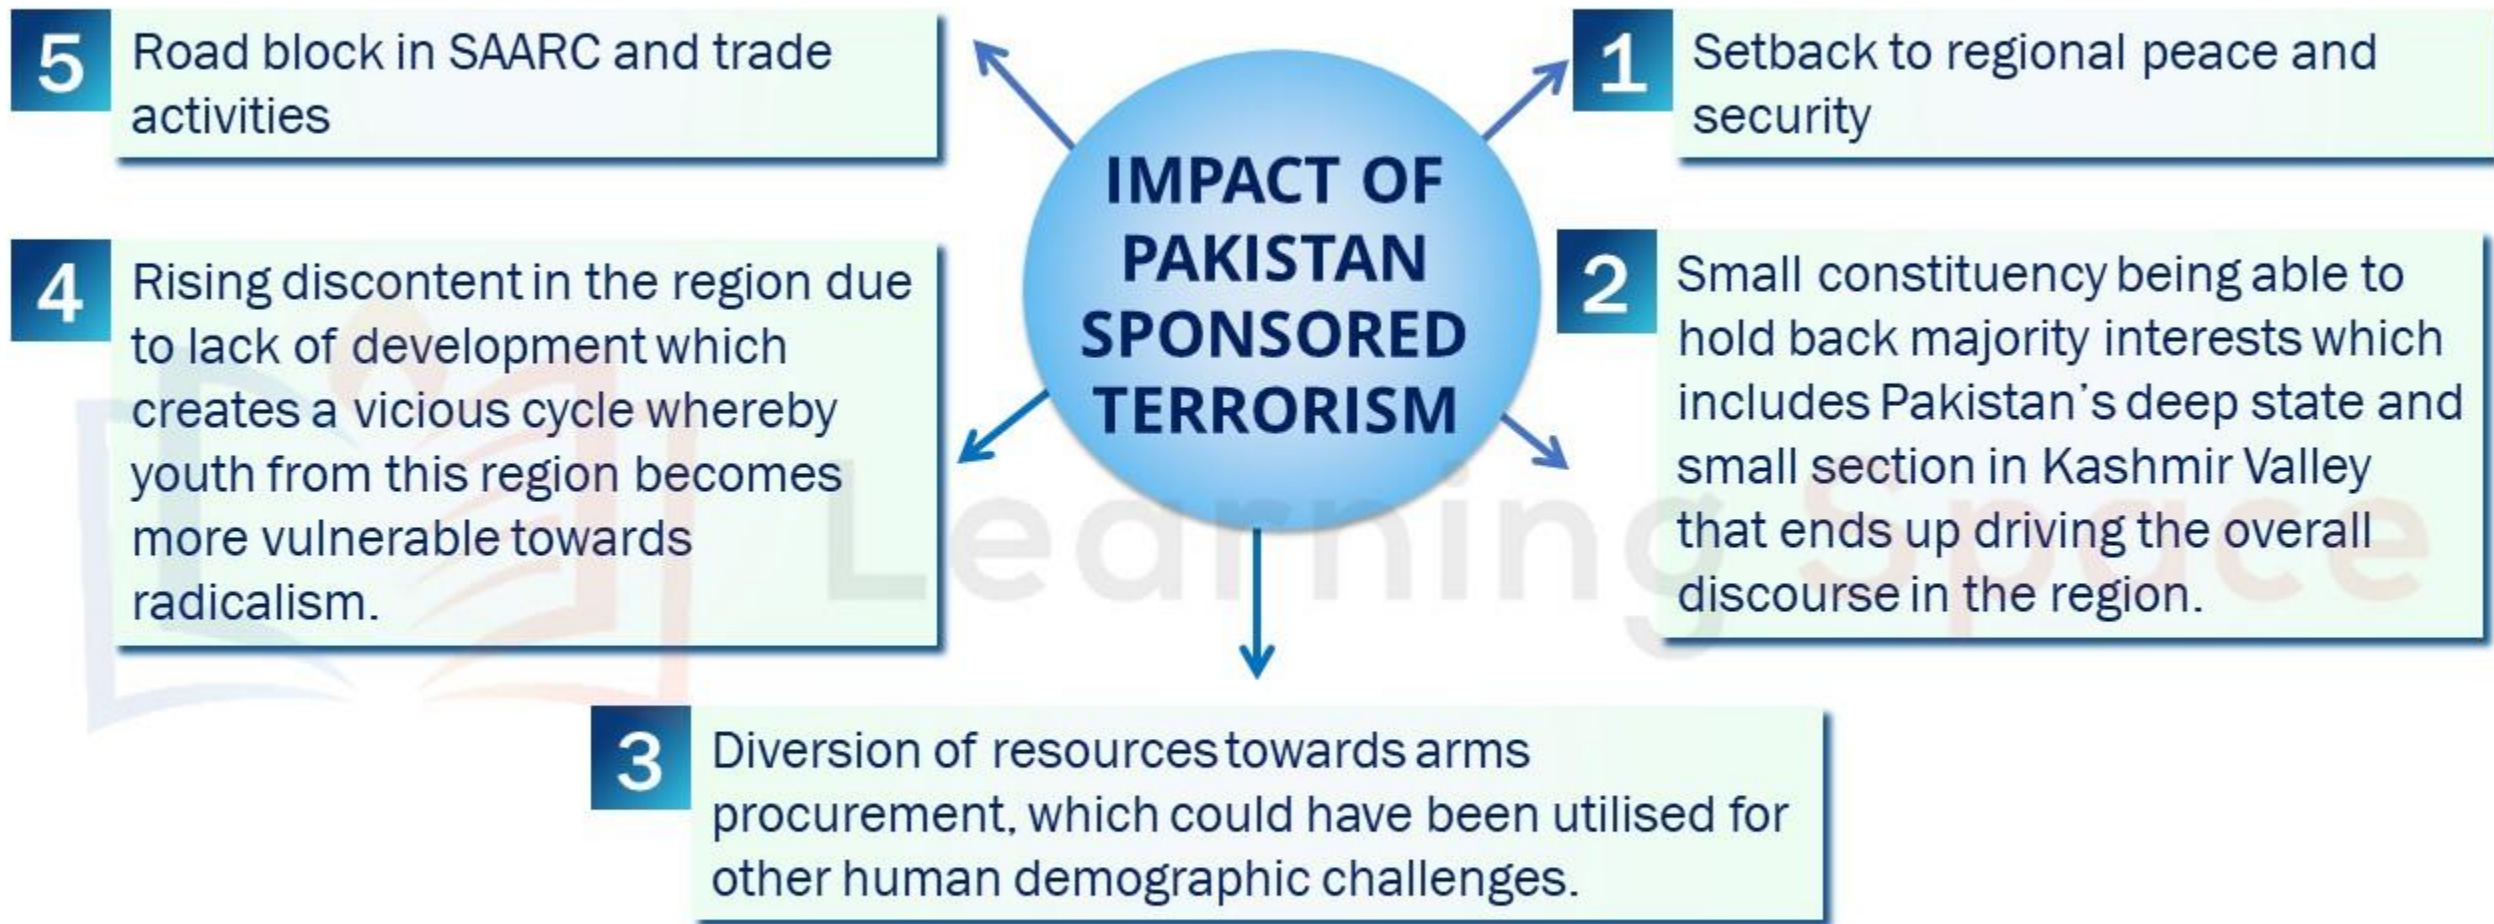

MEASURES TAKEN BY INDIA TO COUNTER STATE SPONSORED TERRORISM OF PAK

3 Diplomatic effort:

- Successful isolation of Pakistan in the 19th SAARC Summit held in 2016
- All major countries like US, Russia, UK, France have supported India in its counter terror activity.
- Recently, Saudi Arabia and OIC have supported India's stand on terror.

4 Strategic effort:

- India has made direct reference to Baloch freedom struggle in PM's independence day speech.
- We have started utilising our quota of water as stipulated in Indus Water Treaty.
- India has been pushing for the adoption of Comprehensive Convention on International Terrorism.

The organs of Pakistani state, be it the Executive or the Judiciary or the Civil Society- have been overshadowed by its deep state. Whenever in the past, any of the other organs tried to stand, they have been crippled by the deep state.

5 Hit Terror Financing- All sources of money, which are used to fund terror activities, need to be dried.

4 De-radicalization- Given the dangers of ISIS, lone wolf attacks, a national effort on de-radicalization needs to be taken up.

STEPS TAKEN TO IMPROVE INDIA'S COUNTER TERROR CAPABILITIES

1 Kashmir Outreach- Increase the democratization process, employment opportunities under schemes like Udaan, talks with radicalized youth.

2 Intelligence Gathering- Need for comprehensive intelligent reforms with focus on creating synergies among various agencies

3 NCTC- Consensus needs to be formed on National Counter Terrorism Centre, which will work as an federal anti-terror agency, as proposed after 2008 Mumbai attacks.
