2. EDUCATION

8. SWAYAM

- 1** Study Webs of Active Learning for Young Aspiring Minds is an indigenous IT platform for hosting the Massive Open Online Courses (MOOCs).
- 2** The objective is to take the best teaching learning resources to all, including the most disadvantaged.
- 3** It targets those students who could not complete their studies and professionals who wish to upgrade their knowledge.
- 4** This is done through an indigenous developed IT platform that facilitates hosting of all the courses, taught in classrooms from 9th class till post-graduation to be accessed by anyone, anywhere at any time.

2. EDUCATION

8. SWAYAM

5 It covers diverse disciplines such as arts, science, commerce, performing arts, social sciences and humanities subjects, engineering, technology, law, medicine, agriculture etc. in higher education domain.

6 It shall also cover Skill based courses, which cover both post-higher secondary school skills that are presently the domain of polytechnics as well as industrial skills certified by the sector skill councils.

7 Professors of centrally funded institutions like IITs, IIMs, central universities will offer online courses.

WELFARE SCHEMES

2. EDUCATION

8. SWAYAM

8 At the end of each course, there will be an assessment of the student through examination and the marks/grades secured in this exam could be transferred to the academic record of the students.

9 It was indigenously developed by All India Council for Technical Education (AICTE) with the help of Microsoft.

WELFARE SCHEMES

2. EDUCATION

9. IMPRINT INDIA

1

Impacting Research Innovation and Technology is an IIT and IISc joint initiative to develop a roadmap for research to solve major engineering and technology challenges in technology domains relevant to India.

2

It aims at direct research in the premier institutions into areas of social relevance.

WELFARE SCHEMES

2. EDUCATION

10. SHODHGANGA

1 It is the repository developed to contain an electronic copy of all M.Phil/Ph.D thesis to make it accessible to all institutions.

2 The task of setting-up of this repository is assigned to Information and Library Network (INFLIBNET), an interuniversity center of the University Grants Commission (UGC).

3 It also provides access to Indian theses and dissertations in open access to world-wide academic community and making visibility of Indian research to other countries.

2. EDUCATION

11. DIKSHA PORTAL

- 1** Ministry of HRD and National Council for Teacher Education collaborated to build Diksha portal.
- 2** It will serve as National Digital Infrastructure for Teachers which enable all teachers across nation to be equipped with advanced digital technology.
- 3** It will aid teachers to learn and train themselves for which assessment resources will be available.
- 4** It will help teachers to create training content, profile, in-class resources, assessment aids, news and announcement and connect with teacher community.
- 5** States, government bodies and even private organizations, can integrate DIKSHA into their respective teacher initiatives.

DIKSHA

2. EDUCATION

12. JIGYASA

- 1 It is a student- scientist connect programme by Ministry of HRD and Ministry of S&T.
- 2 It focuses on connecting school students and scientists so as to extend student's classroom learning to research laboratory based learning by visiting CSIR laboratories and by participating in mini-science projects.
- 3 CSIR and Kendriya Vidyalaya Sangathan (KVS) are collaborating to implement this programme.
