

DISASTER MANAGEMENT

DISASTER RISK REDUCTION

MODULE 3

THE INDIAN DISASTER MANAGEMENT FRAMEWORK

THE INDIAN DISASTER MANAGEMENT ACT

- After the 2004 Tsunami Disaster India's Upper House of the Parliament and the Lower House passed an act that covers the Entire Nation. This was enforced on 23rd December 2005 and was named the Disaster Management Act, 2005.
- The Act provides for "the effective management of disasters and for matters connected therewith or incidental thereto."

THE INDIAN DISASTER MANAGEMENT ACT

NDMA

SDMA

DDMA

- The Act calls for the establishment of National Disaster Management Authority (NDMA), with the Prime Minister of India as chairperson.
- The NDMA is responsible for "laying down the policies, plans and guidelines for disaster management" and to ensure "timely and effective response to disaster".
- a National Executive Committee (NEC) to assist the National Authority.
- The NEC is responsible for the preparation of the National Disaster Management Plan for the whole country and to ensure that it is "reviewed and updated annually"

THE INDIAN DISASTER MANAGEMENT ACT

- All State Governments are mandated under Section 14 of the act to establish a State Disaster Management Authority (SDMA). The SDMA is headed the Chief Minister of the State.
 - State Executive Committee is responsible for drawing up the state disaster management plan, and implementing the National Plan.
- The Chairperson of District Disaster Management Authority (DDMA) will be the Collector or District Magistrate or Deputy Commissioner of the district.
 - The elected representative of the area is member of the DDMA as an ex officio co-Chairperson

THE INDIAN DISASTER MANAGEMENT ACT

- The Act provides for constituting a **National Disaster Response Force** "for the purpose of specialist response to a threatening disaster situation or disaster" under a Director General to be appointed by the Central Government
- in September 2014 kashmir-floods NDRF played a vital role in rescuing the armed forces and tourists, for which NDRF was awarded by the government of India.

THE NATIONAL DISASTER MANAGEMENT PLAN, 2016

- National Disaster Management Plan (NDMP), 2016 is the first ever national plan prepared in the country for disaster management.
- With National Disaster Management Plan 2016 India has aligned our National Plan with the Sendai Framework for Disaster Risk Reduction 2015-2030, to which India is a signatory.
- National Disaster Management Act, 2005 – Provided the legal basis for disaster management.
- National Disaster Management Authority (NDMA) – Coordinates activities of disaster management.
- National Policy on Disaster Management (NPDM), 2009 – Institutional mechanisms.
- National Disaster Management Plan (NDMP), 2016 – Prepared by NDMA Aligned with Sendai Framework

THE NATIONAL DISASTER MANAGEMENT PLAN, 2016

SALIENT FEATURES

- National Disaster Management Plan aims to make India disaster resilient and significantly reduce the loss of lives and assets.
- National Disaster Management Plan based on the four priority themes of the Sendai Framework namely: understanding disaster risk, improving disaster risk governance, investing in disaster risk reduction (through structural and non-structural measures) and disaster preparedness, early warning and building back better in the aftermath of a disaster.
- NDMP covers all phases of disaster management: prevention, mitigation, response and recovery.
- NDMP spells out roles and responsibilities of all levels of Government right up to Panchayat and Urban Local Body level in a matrix format.

THE NATIONAL DISASTER MANAGEMENT PLAN, 2016

SALIENT FEATURES

- It provides for horizontal and vertical integration among all the agencies and departments of the Government.
- The plan also spells out the roles and responsibilities of all levels of Government right up to Panchayat and Urban Local Body level in a matrix format.
- The plan has a regional approach, which will be beneficial not only for disaster management but also for development planning.
- It is designed in such a way that it can be implemented in a scalable manner in all phases of disaster management.

THE NATIONAL DISASTER MANAGEMENT PLAN, 2016

SALIENT FEATURES

- To reduce vulnerability, It also identifies major activities such as early warning, information dissemination, medical care, fuel, transportation, search and rescue, evacuation, etc. to serve as a checklist for agencies responding to a disaster.
- It also provides a generalized framework for recovery and offers flexibility to assess a situation and build back better.
- To prepare communities to cope with disasters, NDMP emphasizes on a greater need for Information, Education and Communication activities.
