

ETHICS, INTEGRITY & APTITUDE

MODULE – 32

MORAL THINKERS-2

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIA

RAMAYAN

Valmiki in Ramayan has clearly defined the functions of the King:

- King should always live for his subjects.
- King should make any kind of sacrifice for the sake of his subjects.
- King should always uphold Dharma.
- King's actions will always influence behaviour and attitudes of his subjects.

*“Yatha Raja, Tatha Praja” – “As is the King,
so shall be the subjects”.*

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

ii

MAHABHARAT

Shanti Parva of Mahabharat extensively discusses about Philosophy of governance (Same as in Ramayan).

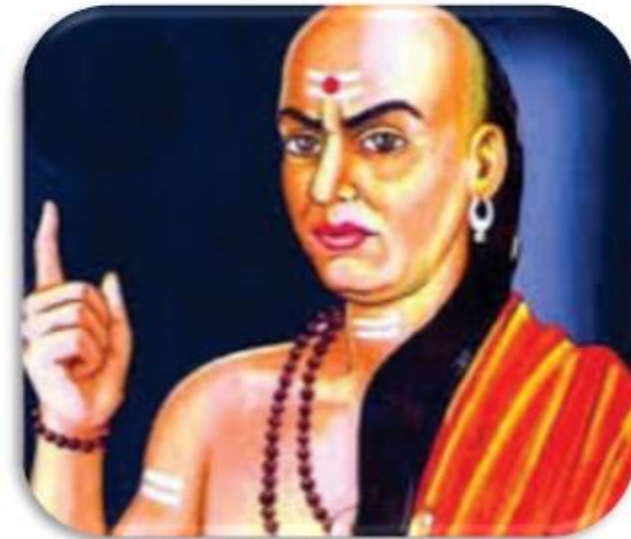

iii

KAUTILYA

- He was the 1st political philosopher to discuss about the concept of ethical governance.
- He came out with a famous dictum or saying to explain the functions of a king:

"In the happiness of his subjects lies his happiness, in their welfare his welfare. The king shall consider as good anything that pleases his subjects and shall not consider good anything as that pleases himself."

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

OTHER FEATURES OF GOOD GOVERNANCE ACCORDING TO KAUTILYA

- 1 Believed in **progressive taxation**.
- 2
 - Salaries and other administrative expenditure of king and his council of ministers **should not be more than 25% of overall expenditure**.
 - Remaining amount should always be **spent on capital expenditure**. (In our Expenditure: 80% Revenue expenditure; 20% capital expenditure).
- 3 King should always have **surplus budget**. (Ours is Deficit budget)

- 4 It is the responsibility of King to **take care of needs of weaker sections of society** like old-age people, women, children and others.

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

OTHER FEATURES OF GOOD GOVERNANCE ACCORDING TO KAUTILYA

5 King should always be responsible to the problems of people. He should always make himself accessible to citizens.

- 6**
- King and council of ministers should be paid regular salaries for their services to citizens.
 - They shouldn't own the assets of people. (Government should only be the custodian of people's wealth)

7 Kautilya also prescribed strong code of conduct for administrators.

8 He believed that absence of ethics in public administration can result in high levels of corruption.

- 9**
- He was pragmatic about issue of corruption.
 - He didn't attach any values to corruption i.e., he didn't say whether corruption is good or bad.

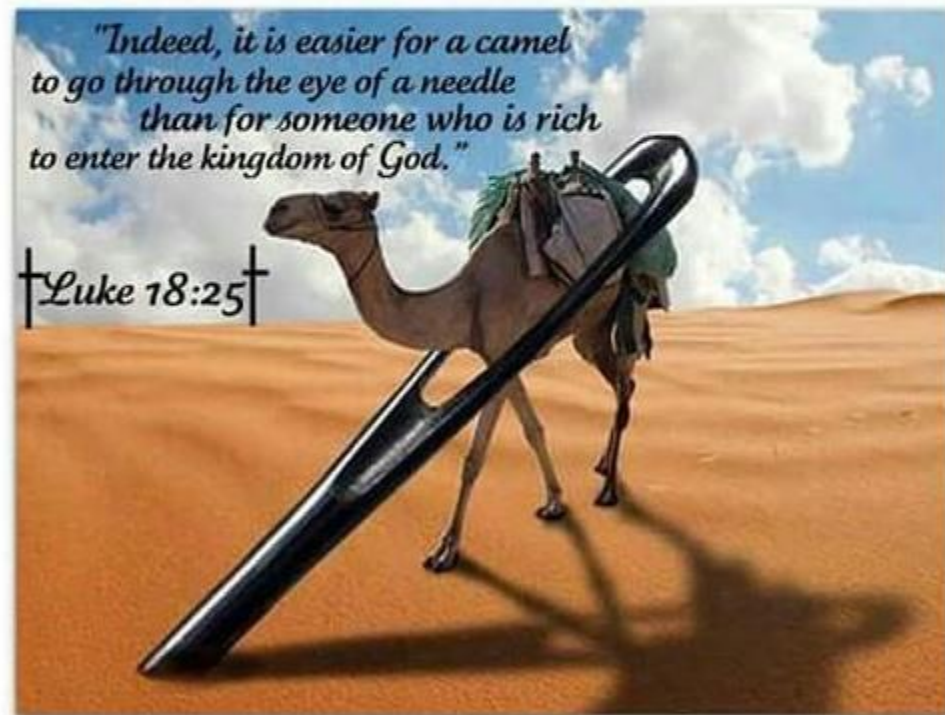

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

OTHER FEATURES OF GOOD GOVERNANCE ACCORDING TO KAUTILYA

- 10** He believed that as long as there is administration there will always be corruption.
- 11**
- He said that “Like we can’t stop a fish from drinking water when it is in water, like we can’t stop a honeybee from sucking honey from a flower, we can’t also stop a public official from taking bribes.
 - It is difficult to know whether a fish is drinking water when it is in water. Similarly, it is difficult to find out about the corruption of a public official”.

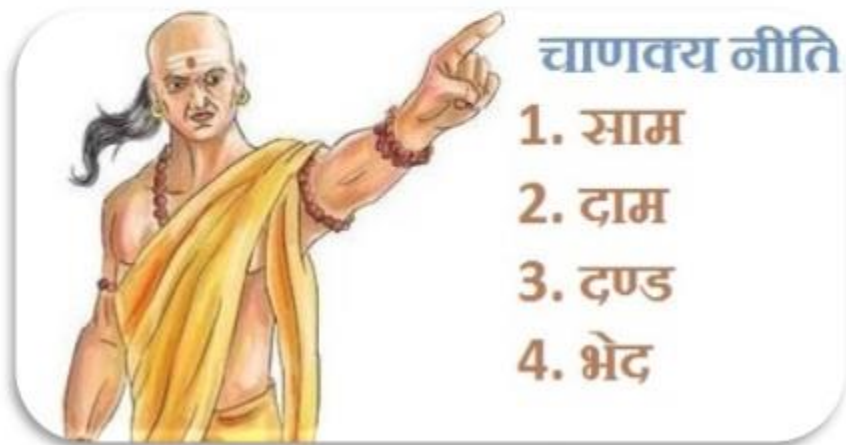

- 12** King should always have surplus budget. (Ours is Deficit budget)

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

OTHER FEATURES OF GOOD GOVERNANCE ACCORDING TO KAUTILYA

- 12**
- Kautilya has listed 40 different ways in which corruption takes place in administration.
 - He also provided solutions to the problem of corruption.
 - He felt that it can be tackled through 4 different ways.

FOUR DIFFERENT WAYS

- 1 SAAM NITI (POLICY)
- 2 DAAN NITI
- 3 BEDH NITI
- 4 DANDH NITI

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

OTHER FEATURES OF GOOD GOVERNANCE ACCORDING TO KAUTILYA

1

SAAM NITI

- Here the administrator is made knowledgeable about corruption.
- When he joins the organization, he is informed about what he can do and what he shouldn't do i.e., code of ethics and code of conduct.

2

DAAN NITI

- Here administrators are given incentives to reduce corruption.
- These incentives are in form of better salaries, increments, promotions and other facilities.

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

OTHER FEATURES OF GOOD GOVERNANCE ACCORDING TO KAUTILYA

3

BEDH NITI

- Here **intelligence agencies** are given a very important role to play.
- They are expected to keep a close watch on **the activities of public officials** by mixing themselves with ordinary citizens.
- They should regularly **report to King about corrupt activities of officials**, so that King can take strict action against them.

4

DANDH NITI

- Kautilya has prescribed **various punishments** for different crimes committed by public officials.
- He believed that the **punishment should be so severe** that it should deter other people from committing the crime.

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIA

iv

GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE7 SINS COMMITTED BY HUMAN
BEINGS

1. Politics without principles
2. Wealth without work
3. Commerce without morality
4. Science without humanity
5. Knowledge without character
6. Pleasure without conscience
7. Worship without sacrifice

Objective of Politics – Win power for long time
Objective of Ethics – Work for Society.
(These two not going together)

“The Earth provides
enough to satisfy
every man’s need, but
not any man’s greed.”

— Mahatma Gandhi —

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIA

iv

GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE

1. POLITICAL PARTIES WITHOUT PRINCIPLES

1 Political parties use **unethical and immoral means** (Religion, Caste, Region, Gender) to win elections.

- Adversely impact the functioning of democracy.
- Not possible for good people to enter into politics.

2

Politics and ethics can't go together. They can go together when **political attitudes are based on cognisance**.

- Political parties should win elections based on performance.

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

iv

GANDHIAN PHILOSOPHY OF GOOD GOVERNANCE

1. POLITICAL PARTIES WITHOUT PRINCIPLES

3 They can't deceive people based on emotional factors like religion, caste, gender etc. Ex: Reservations.

4 Must increase awareness among people about their rights.

- People are relating to leaders based on charismatic abilities but not their governance.
- When young people coming to streets demanding reservation – that country has no future.
- USA has race – No reservation – But developed.

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIA

iv

GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE

2. WEALTH WITHOUT WORK

*In India most profitable bussiness – Politics,
Gambling, Betting, Speculation etc.*

1 Subsidies, Free power etc. encourage this
sin.

- India is the only country among BRICS
with 80% of Water used for irrigation.

2

Punjab drug menace, 2008 economic
crisis are results of wealth without work.

- Should make UBI (universal basic
income) conditional on population
control, sending children to school,
devoting for social work etc.

Seven Deadly Sins Wealth without work
Pleasure without conscience Science
without humanity Knowledge without
character Politics without principle
Commerce without morality Worship
without sacrifice.

— Mahatma Gandhi —

AZ QUOTES

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIAiv GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE

3. KNOWLEDGE WITHOUT CHARACTER

- 1 Knowledge without values is dangerous whereas values without knowledge is useless.
- 2 We are living in knowledge based societies where money and power are decided by Knowledge. Eg: Civil Service.
- 3 One use their knowledge to deceive, exploit others.

4 Knowledge without values makes human beings intelligent devils. They use their positions to benefit themselves. Eg: 2G Scam – A.Raja has the Knowledge of Law.

5 Intellectual dishonesty is dangerous than financial corruption.

6 Politicians use knowledge to divide society – create social unrest.

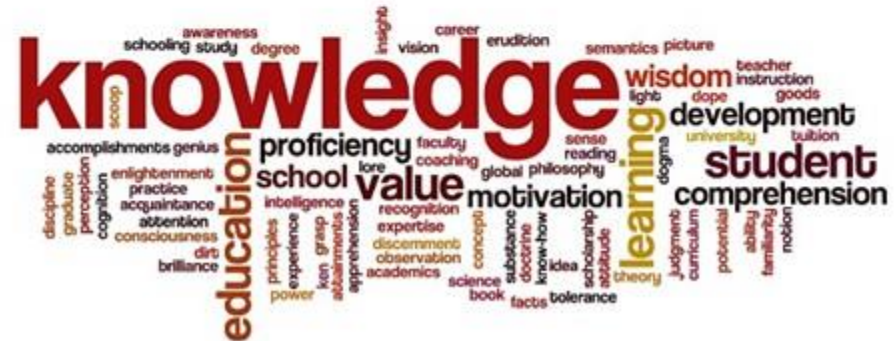

iv

3. KNOWLEDGE WITHOUT CHARACTER

7

- Values benefit society only if we have knowledge.
- After Industrial Revolution – **Materialist societies – Knowledge based societies.**
- Success is based on knowledge but not on values.

- Eg: Data privacy – Knowledge of data with whom there are no values – Dangerous.
 - ✓ Influence of law is limited.
 - ✓ Implementation of law is difficult.
- America – pressure groups (Economy based) dominate public policy making.
- Corporate ethics are discussed only during crisis.

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIA

iv

GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE

4. COMMERCE WITHOUT MORALITY

Objective – *profit*

1 Adopt any kind of unethical means – Capitalism justify these means in name of profit maximization.

2 “Earth has enough resources to satisfy needs of people but not their greed”. Capitalism functions based on greed, but not need.

3 Because there is no saturation point for profit of capitalists, no saturation point for money.

Creative capitalism takes this interest in the fortunes of others and ties it to our interest in our own fortunes in ways that help advance both. This hybrid engine of self-interest and concern for others can serve a much wider circle of people than can be reached by self-interest or caring alone.

— Bill Gates —

AZ QUOTES

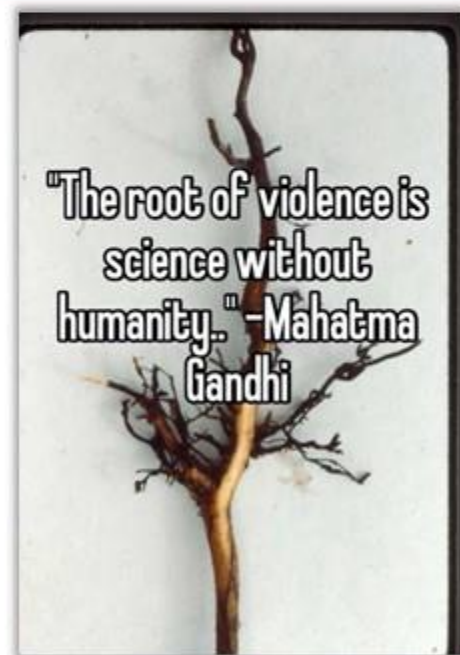

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIAiv GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE

5. SCIENCE WITHOUT HUMANITY

- 1 Science and Technology is **always value neutral**. (Nuclear technology is used for Hiroshima and Nagasaki).
- 2 We can use S&T to **optimum and constructive** only with **necessary human values**.
- 3 Eg: **E-Governance** can result in bad governance, if **administrators** do not possess right values.

- 4 Nuclear energy can be used for both constructive and destructive purposes.

- Experiment on Humans
- Cyber tech, Bio-tech etc.

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIA

iv

GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE

6. PLEASURE WITHOUT CONSCIENCE

1 Consumerist societies fulfilling desires and needs without looking at moral and ethical aspects of it.

2 Examples:

- Sexual violence against women – Women as object of pleasure.
- Drug menace in Punjab, drinking and other bad habits.
- Animalistic sports like Boxing, Jallikattu.

Pleasure without Conscience

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIA

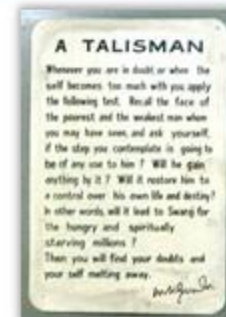

iv

GANDHIAN PHILOSOPHY OF
GOOD GOVERNANCE7. WORSHIP WITHOUT SACRIFICE
(GOD MEANS SACRIFICE)

- 1 Most important religion in this world is "Humanity".
- 2 Real worship lies in sacrifice – Service others – Being selfless.
- 3 Examples:
 - Women being not allowed to temples,
 - Blind worship of charismatic people.

GANDHI (TALISMAN)

- 1 When we are in doubt or ethical dilemma – Remember face of poorest person you encountered and see whether your actions help him/her.
- 2 Civil Servants advise political executive in policy formulation. They can follow these criteria.
- 3 Eg: Subsidies – But not long term.

CONTRIBUTIONS OF MORAL THINKERS AND
PHILOSOPHERS FROM INDIAOTHER ASPECTS OF GANDHIAN
PHILOSOPHY

- 1 Gandhi believed in decentralization of power. “Real freedom is not about freedom from British people, Real freedom is possible only when we can transform our villages into self-sufficient and independent republics”.
- 2 He believed in sustainable life-style, against consumerist culture, against capitalism and big industries.
- 3 He was against strong, powerful and centralized state.

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

OTHER ASPECTS OF GANDHIAN PHILOSOPHY

4 He believed in trusteeship of government - Government can't be the owner of assets of people, it should only be a trustee of the assets of the people.

5 As a trustee, it can only use the resources but it can't sell or buy or transfer the resources.

6 He believed in capabilities of common man (to be given equal opportunity), citizen centric development, protecting ecological systems.

7 He is against exploiting natural resources to satisfy the greed of people.

- Government becomes owner of resources – High corruption.

"One who overcomes his desire will overcome his enemies also".

- Greed Example: Coke and Pepsi in 1990s, Reliance Jio etc.
- Now world is looking at Gandhian Philosophy which was once ridiculed.

"Have the courage to say no. Have the courage to face the truth. Do the right thing because it is right. These are the magic keys to living your life with integrity."

CONTRIBUTIONS OF MORAL THINKERS AND PHILOSOPHERS FROM INDIA

V**VIVEKANANDA**

"I prefer a person with a kind heart than an intelligent mind".

1 Civil servants must treat all other humans as final ends.

2 Example: Collector – Implement scheme for women, rural people.

- Can't do if there is no respect for them.

4 Replace colonial attitudes with democratic values.

5 Intellectual arrogance – Stops development of individuals.

6

More you grow in life – more humble you should be.

I don't want any god who needs any protection. Upanishads call for questioning and verifying before following
