POVERTY & FOOD SECURITY

MODULE - 3

WHAT IS MEANT BY FOOD SECURITY?

AVAILABILITY OF FOOD

Food must be available through production, food imports, the previous years stock stored in government granaries

ACCESSIBILITY

It means the food must be within the reach of every person

AFFORDABILITY

It implies that an individual has got enough money to buy sufficient safe and nutritious food to meet one's dietary needs

WHAT IS MEANT BY FOOD SECURITY?

Hence, food security implies

- Enough food is available for all the persons
- All the persons have the capacity to buy food with acceptable quality
- There is no barrier on access to food

PROMINENT EVENTS OF 20th CENTURY

- Devastating famine occurred in Bengal Province of British India in 1943
- This famine killed 30 lakhs of people in the Province of Bengal

The shortages in food grain production in 1950's and early 60's prompted the Government to go for green revolution.

WHAT DO YOU UNDERSTAND BY GREEN REVOLUTION?

Green revolution is

- Development of High Yielding Varieties
- Improving irrigation facilities
- More use of fertilisers
- More use of pesticides

FOOD SECURITY IN INDIA

BUFFER STOCK

- Buffer stock is the stock of food grains such as wheat and rice procured by the Government through FCI

PUBLIC DISTRIBUTION SYSTEM

- The food procured by FCI is distributed through Government regulated ration shops among the poorer sections of society
- There are about 4.6 lakh ration shops all over the country. These are also known as fair price shops

FAIR PRICE SHOP

WHEAT

RICE

SUGAR

KEROSENE

POVERTY

DIMENSIONS OF POVERTY

- 1 Poverty means hunger and lack of shelter
- 2 It is the situation, parents are not able to send their children to school
- 3 It is the situation, where the sick people can not afford medical treatments
- 4 It is also the situation, which exists due to lack of clean water and sanitation facilities

It is one of the biggest challenges of independent India and at present 20% of people are below poverty line.

INTERNATIONAL
DAY **for the**
ERADICATION
of POVERTY
17 OCTOBER

POVERTY AND OTHER INDICES

POVERTY AND OTHER SOCIAL INDICATORS

- Lower literacy level
- Landlessness
- Bigger size of families
- Lack of resistance due to malnutrition
- Lack of access to health care
- Lack of job opportunities
- Lack of access to safe drinking water and sanitation

POVERTY

SOCIAL EXCLUSION AND VULNERABILITY

SOCIAL EXCLUSION

- This is vicious cycle, where poor having to live only in a poor surrounding with other poor people.
- They are excluded from enjoying social equality of better off people who live in better surroundings

Eg. Scheduled Castes

VULNERABILITY

- Certain communities are vulnerable as well as certain groups of people like widows, physically challenged etc., and they are also not able to come out of poverty trap

HOW TO DETERMINE POVERTY LINE IN INDIA?

MINIMUM REQUIREMENTS

- Minimum level to have access to clothing, fuel and light
- Minimum educational requirements to be met
- Minimum medical requirements to be met
- A minimum level of food requirement is a must. The calorie needs are also specified as
 - 2,400 calories per person per day in rural areas
 - 2,100 calories per person per day in urban areas

HOW TO CALCULATE?

- The total amount, which is required so as to maintain the above basic requirements is calculated
- If the person income falls below this, they are counted as Below Poverty Line (BPL)

Poverty is still prevalent in among substantial population in states like Odisha, Bihar, Jharkhand, Uttar Pradesh etc.

POVERTY TRAP
